Al Qaeda is not and never has been a "terrorist organization."

"Al-Qaida,(sic) literally 'the database,' was originally the computer file of the thousands of mujahideen who were recruited and trained with help from the CIA to defeat the Russians," admits former British Foreign Secretary Robin Cook, whose Foreign Office portfolio included control of British Intelligence Agency MI-6 and the Government Communications Headquarters (GCHQ), in a column published by the UK Guardian newspaper.
(<http://www.guardian.co.uk/terrorism/story/0,12780,1523838,00.html>)

In other words, the so-called **Al Qaeda**, which has been promoted by the Media Cartel as the cause of all bombings and terrorism since the destruction of the World Trade Center in New York on September 11, 2001, **is simply a database of CIA trained "terrorists"** (or "freedom fighters," depending on your perspective) which has become a convenient Global Boogeyman for the 21st Century.

What does this mean? The entire planet has been fooled into believing that an Islamic "organization" exists to promote the destruction of Western society, when in fact this "organization" is just a list of Pentagon/ CIA trained assassins, who can be used and discarded as needed.

"It is noteworthy that Cook made his revelation about the 'Al Qaeda' computer file of mujaheddin volunteers one day before the Abu Hafs Al Masri Brigades became the second terrorist group to claim responsibility for the London blasts," writes Washington-based writer Wayne Madsen. (<http://www.waynemadsenreport.com/>)

"Abu Hafs, an Egyptian citizen whose name appeared in the database and whose nom de guerre was al-Masri ('The Egyptian'), was an aide to Osama Bin Laden and helped to populate the database with mujaheddin volunteer fighters," Madsen continues. "Al-Masri was part of the group of Egyptian Jihadists that assassinated President Anwar Sadat in 1981."

Madsen also notes the fact that it is well-known that US funding for the Afghan mujaheddin, who were fighting the Soviet invasion of Afghanistan, spawned both Al Qaeda and the Taliban, as reported by BBC Teheran correspondent Frances Harrison.

The London Bombing of 7/7/05 is evidently a set-up to implicate Iran as the patsy in order for the Neo-Cons to make the case for a new war on Iran.

Madsen reports that "if it is discovered that RDX/C4 was used in the bombing, the Neo Cons will point to allegations that Iran possesses a disproportionate amount of RDX/C4. The Neo Con spin machine will then rapidly switch from Al Qaeda to Iran" in order to drum up public support for a War on Iran.

The Pentagon/ CIA/ MI6/ Mossad **PsyOps** (Psychological Operations) against the inhabitants of Planet Earth continues.

If the Pentagon/ CIA database called "Al-Qaida, literally 'the database,' was originally the computer file of thousands of mujahideen who were recruited and trained with help from the CIA to defeat the Russians," the Global Boogeyman of the 21st Century is a complete fiction.

And the Mega-Corporate Media Cartel Propaganda which promotes this fiction is discredited once again.

Repeat after me -- *There is NO al Qaeda. There is NO Al Qaeda. There is NO Al Qaeda.*

The scam is over. Pass it on...
