Book I Letter No. 3

June, 1979

Demand that your State Legislators DO NOT attend The Regional Government, National Conference of State Legislators on July 23 to 27 in San Francisco, California.

This Conference is a Regional Government THINK TANK. It is funded in part by Regional Government Agencies including the Regional Agency LEAA (Law Enforcement Assistance Administration). The Agency that calls for:

GUN CONFISCATION

The intentions of a Foundation that is funding this Conference should certainly serve as a Red Flag. Note Below:

This National Conference of State Legislatures, Education Project, is funded by a Grant from the Ford Foundation.

Congressional Records show:

Mr. Norman Dodd was Director of Research during the House Committee Investigation of Tax Exempt Foundations (including the Ford Foundation).

During the Investigation, Mr. Gaither, President of the Ford Foundation, stated to Mr. Dodd in effect:

"We (The Ford Foundation) operate and control our Grant Making Policies, to alter life in The United States, so that it can comfortably, be merged with the Soviet Union."

These Ford Foundation Policies are frightening. Should this Foundation be funding the State Legislatures Conference?

Chapter 36 of this Kennedy Bill, No. 1437, has lock up provisions that would allow for any person to be locked up for life without a trial.

Even though the person is totally innocent of any charge, they could force him to receive shock treatments and deadly psychiatric drugs.

We are following two such cases at this time.

The Federal Regional Agency L.E.E.A. (Law Enforcement Assistance Administration) along with HEW and it's INstitute of Mental Health have been proven to have been involved in such atrocious acts.

This Bill No. 1437 was written as a John Mitchell Bill and is even now being pushed by the Justice Department, of which LEAA is a Powerful Arm.

Don't think for one moment that this can't happen!

We are already well on our way.

Our Indiana State Legislature passed a Bill allowing for the tampering with the brain even before this confined person is proven guilty of any offense.

Freedom, will soon be only a memory in the United States. How could this happen, in this great Land?

After the two horrible World Wars, another 95,000 more men died for their country, and many, many thousands were wounded. What a tragedy, that after this great loss of lives, and after all the suffering of these men and their families, that the citizens of this Nation, are allowing their country to be taken over from within.

Our country is bankrupt, our Freedom is nearly gone, and we have but ourselves to blame. Although time is short, there is a way to regain the freedom that we have lost. There is a way, if the people of this Nation care enough to act.

Our United States Congress, must take back the power that they have relinquished. Remember, that was our power, because Congress is lawfully our servant. They must then abide by the Constitution. For the Constitution is the Law. We can and must, regain the sovereignty of every single State.

This can be done by having Bills passed in every State Legislature to outlaw Regional Government. It can be done. Nearly twenty States are in the process of proving it.

We must not fail our children, we must not fail our country. and we must not fail those who gave so much for our Freedom.

Community Correction Centers

Dangerous laws pertaining to Community Correction Centers have been passed by the Indiana State Legislature. These laws allow for the detention, treatment, diagnosis and rehabilitation of offenders; Before or after conviction. These acts could be highly detrimental. Who decides the treatment? Then imagine if the person is innocent. Treatment could be a disaster.

Check and see if these same laws have been passed in your state without your knowledge. Hard to believe, but many Indiana Legislators did not even know they passed a Bill with these frightening aspects.

Below find small part of such Indiana Law.

Chapter 5. Community Correctional Centers

11-1-5-1 Establishment

11-1-5-2 Purpose of centers

11-1-5-3 Treatment of offenders

11-1-5-4 Superintendent; appointment

11-1-5-2 Purpose of centers

Sec. 2. Community correctional centers may be used for detention, treatment, diagnosis and rehabilitation of adult and juvenile offenders either before or after conviction and adjudication of any offense.

T. David Horton - Legal Counsel for the National Committee To Restore The Constitution, called attention to the fact that as long as we retain our own County Jails and County Sheriffs, we are far more secure. Federally Funded and Controlled Correction Centers could become a nightmare and we know our rights could easily be ignored.

Senator Kennedy's Senate Bill No. 1437 certainly proves that T. David Horton was correct. This Bill, although it has not yet passed the House, has passed our United States Senate by a wide margin of 75 to 14.

Following are parts of this nightmare bill.

§ " 574. Federal Institutions in a State Without an Appropriate Facility"

"If there is not a valid contract with a state or locality for the official detention of a federal offender, and if there is no suitable and sufficient facility available at reasonable cost, the Director of the Bureau of Prisons may select a site within or convenient to such state or locality and erect a penal or correctional facility. Such facility may be used for the official detention of persons held under the authority of title 18 or of any other Act of Congress and of any other person who in the opinion of the Director, is a proper subject for official detention in such facility.

This last sentence spells the end of your Freedom. It would give the Director total power over your life. He would have the power of the KGB or the Gestapo. No day of your life could ever really be free again. Remember: This bill has passed our United States Senate by a wide margin.

Note: The Director would have unlimited power in this Correction Center, and the Correction facility will also be under the supervision of an Advisory Board, which includes The Administrator of LEAA-Law Enforcement Assistance Administration and HEW with its subagency, The National Institute of Mental Health.

§ " 576. National Institute of Corrections

"(a) There is hereby established within the Bureau of Prisons a National Institute of Corrections.

"(b) The overall policy and operations of the National Institute of Corrections shall consist of seventeen members. The following seven individuals shall serve as members of the Institute ex officio: the Chairman of the United States Sentencing Commission or his designee, the Director of the Bureau of Prisons or his designee,, the Director of the Federal Judicial Center of his designee, the Chairman of the United States Parole Commission or his designee, the Administrator of the Law Enforcement Assistance Administration for the National Institute for Juvenile Justice and Delinquency Prevention or his designee, and the Assistant Secretary for Human Development of the Department of Health, Education, and Welfare or his designee.

This meeting was sponsored by the Indiana Lawyers Commission, The Criminal Justice Section of the American Bar Association and the Criminal Justice Program of the Aspen Institute of Humanistic Studies.

The Philosophy of the Aspen Institute is: Forget the United States as a Nation that is sovereign. They also encourage youth to work toward World Government. They promote the Humanistic teachings that state: THERE IS NO GOD.

Robert O. Anderson is Chairman of the Aspen Institute of Humanistic Studies.

Aspen Institute's own Criminal Justice Papers discuss: Application of Justice in an INTERdependent National and World Order.

LEAA—Law Enforcement Assistance Administration was highly involved in this meeting.

The dangers of Aspen Institute's INTERdependence is shown on page 8.

The entire copy of the Declaration of INTERdependence, and an entire copy of The CONSTITUTION FOR THE NEW STATES OF AMERICA, will be in Volume II.

What is Governor Bowen, the Indiana Lawyers Commission and other Law Affiliated Officials doing in this program? A Program which is sponsored in part by an Anti-God, Anti-American and Anti-Family Organization?

Volume II will give Names and Details. The names and details will perhaps surprise you, but at least, you may then better understand why our Criminal Justice System today, is not only a failure, "It is a total disaster."

You may well believe that this type meeting has been held in every State.

200 Expected At Meeting To Explore Crime Causes

Nearly 200 persons are expected to attend a four-day meeting, beginning Wednesday in the Indianapolis Hilton, to study crime links with unemployment, brain dysfunctions, prison terms, diversion from prison, probation and parole.

Forty experts in criminal research attending the National Criminality Colloquium will use statistical information from Indiana to analyze the entire criminal-justice system to determine whether there is any organized way to attack crime.

Gov. Otis R. Bowen will address the meeting at noon Wednesday.

Sponsors of the meeting are the Criminal Justice Program of the Aspen Institute for Humanistic Studies, the Criminal Justice Section of the American Bar Association and the Indiana Lawyers Commission.

Police chiefs kick out Murphy

Former New York City Police Chief Patrick V. Murphy, who earned a nationwide reputation for his anti-gun feelings, was drummed out of the New York State Association of Police in August for "demonstrating disrespect for the police profession." Delegates to the annual Conference of Chiefs in Syracuse voted to remove Murphy's name from the membership rolls.

Lake Success, N.Y., Police Chief Walter F. Ruckgaber, who introduced the resolution to remove Murphy's name, attributed the following remarks to Murphy: "Police who work their way up through the ranks generally don't make good chiefs. . . . Small town chiefs are weak-kneed, ineffectual and unintelligent. . . . Generally, small departments are policed by a farcical collection of untrained individuals who are little more than security guards."

SEPT. 20-23 'COLLOQUIUM' - WEDNESDAY, SEPTEMBER 6, 1978

Experts To Gather Here, Discuss Crime

Some of the nation's top criminal-justice professionals will be in Indianapolis Sept. 20-23 to discuss better ways to attack crime.

The national "Criminality Colloquium" will meet at the Hilton Hotel and include judges, criminologists, prosecutors, law professors, psychologists and correction commissioners.

The summit meeting is sponsored by the Indiana Lawyers Commission, the Criminal Justice Section of the American Bar Association and the Criminal Justice Program of the Aspen Institute for Humanistic Studies.

Patrick V. Murphy of Washington, director of the Police Foundation, and Frank J. Remington, University of Wisconsin Law School professor, will discuss the role of police in the criminal-justice system.

Using a "living stage" approach, the colloquium also will have a six-member cast act out three violent crimes, with the authorities discussing the causes and

what society's response should be. The discussions will cover the social and economic factors leading to crime; deterrence and prevention, trial procedures and the functions of punishment, rehabilitation and community-based corrections.

Judge David L. Bazelon of the U.S. Court of Appeals for the District of Columbia will address the authorities during a dinner meeting Sept. 21 on "What Should be Criminal?"

INDIANA LEGISLATORS PASS MENTAL HEALTH PROGRAMS PROMOTED AND DIRECTED BY FEDERAL GOVERNMENT

One of the largest supporters of "behavior research" was the Department of Health, Education and Welfare, and its subagency the National Institute of Mental Health. The subcommittee said that HEW had participated in a "very large number of projects dealing with the control and alteration of human behavior." Largest of all the supporters of behavior modification was the Law Enforcement Assistance Administration (LEAA) which, under the Department of Justice, funded hundreds of behavior modification experiments. All the above agencies were named in secret CIA documents. - Facts taken from reference book: "Mind Control".

Indiana fell into the trap of cooperating with these sinister agencies: The LEAA and HEW's sub agency National Institute of Mental Health.

1 9 7 5

With the blessing of the Indiana Legislature, appropriations for mental health clinics were approved to meet Federal guidelines on Mental Health.

The plans for 32 Regional Mental Health Clinics in Indiana were pushed ahead by Mr. Percy Knauth, National Chairman of the Mental Health Association. Mr. Knauth, himself, was diagnosed as a manic-depressive in 1971. Every Legislator in Indiana received a copy of the "Little Report", titled, (Will Indiana choose New Directions in Mental Health?) The plan outlined in the "Little Report" was to have schools near the Mental Health Clinics. Children are to be trained in giant pilot school projects. (Designed not by educators but by "Behavior Scientists" - (Change Agents.)

The Hawaii Master Plan for Education (the Master Plan actually for the whole nation) states: Schools of the future will become Mental Health Clinics. Teachers will be clinicians or facilitators and the children will be looked upon as Patients.

In 1956 THE ALASKA MENTAL HEALTH ACT known as H.R. 6376 was passed and is law.

The mental health bills passed in our Indiana General Assembly violate the basic tenets set forth in the Constitution.

The "Brooklyn Tablet" for March 31, 1956, states in part: "The bill passed by the States' Legislatures, like H. R. 6376, makes it possible for the Administration in power to have a political nuisance transported to the 1,000,000 acre, ALASKA MENTAL INSANE ASYLUM."

The World Federation for Mental Health reveals in its literature what the aims and objectives are.

"in the event non-conformists should refuse to become part of the 'STABLE AND CONTENTED' society and become a 'NUISANCE TO THE COMMUNITY' and the powers that be, it will be simple legally, to REMOVE THEM FROM CIRCULATION."

Senate Bill 1437 with its parts on Correction Facilities would certainly fit perfectly with these objectives. Parts of this bill's nightmare plans are on page 12 and 13 of this pamphlet.

THIS INDICATES THAT THE MAIN INTEREST IS NOT IN CARING FOR OUR MENTALLY ILL. BUT INSTEAD IT IS A MEANS OF SILENCING THOSE WHO WOULD INSIST ON DEFENDING OUR CONSTITUTIONAL GOVERNMENT.

INFILTRATION

Watch For It in Your Organization

Robert O. Anderson was a member of the (CED) Committee on Economic Development. This committee laid plans for Regional Government. The Regional Government Agencies, LEAA and HEW are asking for Gun Confiscation. The other Regional Government Agencies are indirectly asking for the same.

Robert O. Anderson is also a member of the Commission on Coping with INTERdependence. This Commission is working in cooperation with the (NEA) National Education Association which is the Teachers Union. They are working jointly on the project of Coping with INTERdependence.

LETTERS EDGED IN BLACK

To All National Rifle Association Members
To All Concerned Americans

Book 1 Letter 2

September 1976

The September issue of The American Rifleman, page 14, states a campaign will be directed to the NRA membership for the first \$1,000,000.00 for the National Outdoor Center in New Mexico.

The development campaign for the Center will be headed by:

Robert O. Anderson, Chairman of the Aspen Institute for Humanistic Studies. Robert O. Anderson is also a member of Aspen's National Commission on Coping with Interdependence which includes numerous CFR Members.

Every NRA Member, every Concerned American, and indeed every Parent who cares about their Children should send for Congressman Ashbrook's May 1976 Congressional Report.

Congressman Ashbrook states that the way for the Aspen Institute for Humanistic Studies of which Robert O. Anderson is Chairman and the World Affairs Council to impose their "New World Order" on the American people is through our system of Public and Private Education.

Aspen Institute's National Commission on Coping with Interdependence notes Federally supported programs on International Studies and Regional efforts that are underway, including the new Mid-American Center for Global Perspectives in Education in Indiana. Also the long established Center for Teaching International Relations at the University of Denver. Robert O. Anderson is also trustee of the University of Denver.

As Congressman Ashbrook's Report shows: One of the Sinister Goals of The World Affairs Council, The NEA (National Education Association) and The Aspen Institute for Humanistic Studies is to impose on us A Declaration of Interdependence which would destroy our Declaration of Independence and U. S. Constitution: Thereby abolishing our Right to Keep and Bear Arms and all other rights as well.

The NEA is a participating organization of the National Coalition To Ban Hand Guns, which has vowed to wipe out the NRA.

As previously stated Robert O. Anderson is Chairman of the Aspen Institute for Humanistic Studies.

Mrs. George W. Abrigg, Jr., Chairman of the National Committee for Positive Education, stated:

The philosophy behind Humanism is this. It is a way of life: It is an all-encompassing ideology which states:

There Is No God

The NRA Leadership has indeed acquired: Strange Bedfellows.

Mrs. Betty J. Mills

The main purpose of this project is to turn our children against our Sovereign Nation. And to induce them to work toward World Government, under which the Right to Worship God is eliminated, and all other rights as well.

The National Rifle Association has two vitally important interests.

1. The Right To Keep And Bear Arms.
2. National Defense.

Robert O. Anderson is a threat to both of these interests.

Then how did it happen, that Leadership of the NRA, had chosen Robert O. Anderson, to join in the Leadership? The answer was that the Leadership was ignorant of facts they should have known, or they were traitors to their Organization. Either one of these flaws in the Leadership, made it possible for an Anti-Gun, Anti-American, such as Robert O. Anderson, to infiltrate the National Rifle Association.

The VFW, American Legion, National Rifle Association, Farm Bureau, and many other Organizations are vitally important in this Nations Battle of retaining it's Sovereignty.

The Patriotic Leadership and Membership of these Organizations deserve better than being sold out by the few who are working toward the fall of this Great Nation.

Robert O. Anderson

In 1977, new Leadership in the NRA removed Robert O. Anderson

LEAA FUNDS COMMUNIST FRONT ORGANIZATION

The Regional Agency, LEAA (Law Enforcement Assistance Administration) was exposed before a United States Internal Security Subcommittee Hearing for the funding of a Communist Front Organization. Chicago Police Investigator Eugene Dorneker stated in his testimony that this Communist Front Organization was the so called, "Alliance To End Repression." Many of the members of this Communist Front Alliance have been identified, "individually, as Communists."

A number of the members of this Communist Front Organization were put on LEAA's, Illinois Law Enforcement Commission. This LEAA Commission is the same as the LEAA, Indiana Criminal Justice Planning Agency, that is funding Counselors in our Indiana Schools as explained on page seven (7) of this booklet. Undoubtedly LEAA State Criminal Planning Agencies are funding school counselors all over the Nation. Check your schools for this possibility. Volume II will list the names of all LEAA State Criminal Planning Agencies. Since LEAA sponsored Communist Front Organizations and LEAA Counselors are in our schools, it might be well for parents to know the thinking of a Communist. A Communist leader Gus Hall stated as follows in one of his speeches:

"I dream of the hour when the last Congressman is strangled to death on the guts of the last preacher -- and since the Christians seem to love to sing about the blood, why not give them a little of it? Slit the throats of their children and drag them over the mourners' bench and the pulpit and allow them to drown in their own blood; and then see whether they enjoy singing these hymns."

The background of LEAA and it's State Criminal Justice Planning Agencies prove that they should not be in position to influence the minds of our children. Regional Government Agencies fund Revolutionaries who are bent on turning the thinking of this Nation into Anti-God, Anti-American and Anti-Family. Television and the Press also seem determined to give coverage and lend credibility to this type of Revolutionary. We witnessed an example in March of this year. Former Yippi, Jerry Rubin, was in Fort Wayne, Indiana, and received complimentary recognition. While he was here he made the statement, "If I had the '60's to do over again, I'd do it exactly the way I did it. I wouldn't change one comma."

Only two weeks before the Kent State University riots, Rubin told the students there: "The first part of the Yippi Program, you know, is KILL YOUR PARENTS. And I mean that quite seriously, because until you're prepared to KILL YOUR PARENTS, you're not really prepared to change the country, because our parents are our first oppressors."

Is this the kind of thinking we want presented to our Youth?

Teachers Promote One - World Government

By John R. Rarick, Former Congressman of Louisiana

NEA (National Education Association) is the Teacher's Union. They proposed in their Ideabook: "A Declaration of INTER-dependence: Education for a Global Community."

According to NEA, children in the coming generations must be taught to think of themselves as "Citizens of the World" - not of the United States of America.

The NEA "Ideabook" was published "through the court-

esy of the Atlantic Richfield Co."
Robert O. Anderson is Chief Executive Officer of Atlantic Richfield.

Robert O. Anderson is also Chairman of the Aspen Institute for Humanistic Studies.

NEA's "global community" theorists have endorsed a book for classrooms use called, "Learning Peace." Learning Peace" makes a strong pitch to the young people for the establishment of an "International Police Force."

"Learning Peace" was prepared in cooperation with the Institute for International Order.

Former Yippi -
Jerry Rubin

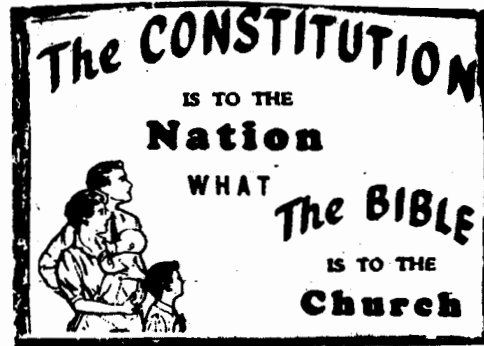

Parents, this certainly shows that the NEA is Anti-American. The NEA is also shown cooperating with Humanism, which states:
There Is No God

ROBERT O. ANDERSON

Chairman of the Board and Chief Executive Officer of Atlantic Richfield Company since 1965, Anderson was born in Chicago.

Volume II will give testimony by Mr. Norman Dodd, former Director, U.S. House Committee to Investigate Tax Exempt Foundations.

Middle Schools are the ideal place for all these Anti-God, Anti-American and Anti-Family innovative programs to flourish. Title Money is being pumped into these programs in nearly all schools and often the parents don't even know the how, when or where of the programs.

The Regional Agency LEAA (Law Enforcement Assistance Administration) has a State Planning Agency in every State, and goes by a different name in every State. These LEAA State Planning Agencies are now funding counselors in our schools. LEAA has developed computer systems beyond belief in this Nation and now they are computerizing the children's behavior and social patterns, even those of our little five year old children. They are deciding if our little children are maladjusted, (by their standards). They are developing behavior problem check lists for the purpose of deciding if the child is a pre-delinquent, again (by their standards).

Parents, you should check and see what is going on in your schools. Don't let them deny what you have read. All the material is referenced.

Are all the people working on these programs evil? Indeed not, some of the best intentioned people are working very hard on these programs. They do not realize what the ultimate plans are.

Are the programs all proving to be failures? Again, the answer is, indeed not. They must look good and successful to a point, in order for them to be able to complete the network of control that they have designed.

Revenue Sharing Money Brings Federal Control

Regional Government Republicans will even go so far as to insist that on certain projects the Federal Government will not interfere in any way, when we accept Revenue Sharing Money, Federal Grant Money and Federal Title Money.

School Officials who accepted Regional Government Agency LEAA Money have also insisted that there would be no control whatsoever and that LEAA only wanted to help fund needed counselors in the school.

The Supreme Court spelled it out very clearly as to federal money meaning Federal Control.

In the case of Wickard vs. Filburn: The Supreme Court ruled in 1942 that the Federal Government has the right to regulate that which it subsidizes.

Revenue Sharing Money is a subsidy. And it is absolute Debt Money. Revenue Sharing Money is not our share of the money we send to Washington. That money is spent before it gets there. Revenue Sharing Money finances Regional Government. Regional Government is a totally separate government made up of appointed officials. The appointed officials are now controlling our elected officials. Regional Government, through its nine Federal Regional Grant making Agencies, (see page 4) is filtering Revenue Sharing Funds, Grant Making Funds, and Title Money into every facet of our lives. And with the money comes the regulations. We the citizens of the United States are liable for all this debt money plus the interest that is mounting daily. Regional Government is working toward the elimination of the elected officials. In numerous States the offices of many elected officials have already been eliminated.

Robert Weaver, former Secretary of HUD (Housing and Urban Development) said: "Regional Government means absolute Federal Control over all property and its development regardless of location anywhere in the United States . . . It would supersede state and local laws."

Lt. Governor John Vanderhoof of Colorado, declared, and I quote: "By 1980, the individual citizen will have very little to say about the use of his own property." He further stated that County Commissioners would soon be a thing of the past.

All of this control is to aide in taking the United States into the World Government Order. Since the beginning of time, a certain group of men have desired to rule all others. In the eighteen hundreds it was well planned. Over seventy years ago the program was set in real motion by a group of men who intended to rule the whole world. The United States was to be the grand prize. Many of the men in this group were wealthy United States citizens, but their only interest in the United States was to own and control it under their World Government Plan. The group as a whole were men from various parts of the world. They were members of International Banking or International Business Conglomerates or both. They set up, Organizations, Committees, Conferences, Systems and Tax Free Foundations, which they used to further their World Government Plan. One such organizational meeting they held, was the Bilderberger Meetings. Here the top leaders met once, and at times, twice a year, since the early fifties. At these meetings they made yearly plans for furthering the World Government Scheme.

The CED, CFR, NEA and all those listed on page seven are part of the World Government Plan. Volume II will give the total World Government Network, with the United Nations being planned for the World Government Police Force.

The World Government Leaders through their organizations, have gained control of both Political Parties, Democrats and Republicans as well. They have gained control of our schools through these organizations, especially through the NEA (National Education Association). They have gained control of the Unions at the International Level. They are deceiving the local Union Officials and Union Members by encouraging them to pursue programs that fit into the World Government Plan. Most local Union Officials and members are people of good intentions and believe they are working on programs that make for a better life. The World Government Leaders are also working in dead earnest to change the Religion of the United States. As the following pages show, they are attempting to wipe out, God and Christ oriented Religions and replace them with the Religion of Humanism. Humanism is the Religion that states, "There is no God." Their plan is working. Many of our Churches are bowing to Humanism. Who could believe that some of our churches would be denying God? We had best give deep thought to a proven fact.

History has proven that when a nation turns against God, that Nation shall soon fall.

REGIONAL GOVERNMENT REPUBLICANS

Regional Government Republicans are indeed aiding World Government Leaders and Liberal Democrats in killing America. They are doing it knowingly or unknowingly. The same is true of the Democrats, but the tragic result is the same . . . "Death For America." Over a period of many years the World Government Leaders violated our Constitution repeatedly while scheming to gain control of the United States. To complete the takeover they designed a plan that would completely bankrupt the nation and then offer further debt money to hold the nation up. With the debt money would come controls to finish rendering the nation helpless. Regional Government is funded by Revenue Sharing Money, Federal Grant Money and Title Money and with it comes the controls. They needed the Republican Elected Officials and many Republican Party Members to be convinced that Revenue Sharing Money was our share of the money we send to Washington. This is of course a lie. The money we send to Washington is spent before it gets there.

The World Government Leaders were successful. Many Republicans swallowed the lie, and began begging for the Revenue Sharing Money. The Republicans had fallen into the Federal Revenue Sharing "Trap". The Republicans and Democrats were following the same philosophy. The voters no longer had a choice. The voters then lost faith and interest in politics. This gave Regional Government the chance to gain near total control. Regional Government will soon be able to complete the mission it was designed for; "To put the United States into World Government Under A United Nations Police Force.

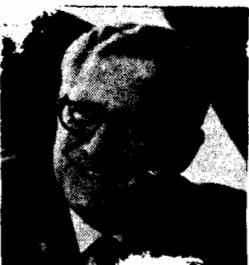

Indiana had a bill to outlaw Regional Government before the Indiana State Legislature this year. The Bill passed the Senate 32 to 14. The bill then went to the House, into a committee under the chairmanship of Representative Doris Dorbecker (R) who in turn, killed the bill. She refused to allow the Bill to come out of her committee for vote, even though surveys showed enough votes in the House to pass the Bill. Doris Dorbecker proved herself to be a Regional Government Republican. She also did a favor for many other Regional Government Republicans in the State of Indiana: Following are just a few:

Governor Otis Bowen is a Regional Government Republican. Doris Dorbecker did him a favor by keeping the Bill from reaching his desk for his signature. If he let the Bill lay and become law, or if he signed it into law, he would certainly have upset many in the Regional Government Bureaucracy of which he is a part. If he vetoed the Bill, he would have had the anger of thousands of people in the State of Indiana who wanted the Bill to be passed. Gov. Bowen is a member of the Regional Government ACIR. He was a proponent of the Regional Correction Center that is now being built in Ft. Wayne, Indiana. The Regional Correction Center was diligently opposed by many citizens and was finally considered defeated. Then, newly elected Regional Government Republican Dan Quayle, Fourth District Congressman, revived the project and now Allen County is getting the long opposed Regional Correction Center.

Mayor Robert Armstrong of Ft. Wayne, another Regional Government Republican, is very vocal about how he aided Dan Quayle in bringing the Regional Correction Center to Allen County.

Orvas Beers, Allen County Republican Party Chairman also favored the Regional Correction Center. He too, is a Regional Government Republican. Ironically, he is a graduate of Hillsdale College, which to this very day opposes Federal Funding.

The Allen County Commissioners and Allen County Council, who are mostly Republicans, proved except for one, to all be Regional Government Republicans by voting for Federal Revenue Sharing Funds for the Regional Correction Center.

INDIANA REGIONS

This is the Regional setup in Indiana. In 1968, Governor Branigan issued an executive order establishing these sub-state planning regions. He was told this was necessary for the state to participate in federal programs and receive federal "aid". The counties were told they had to join in the regions or they couldn't get the money. A regional plan commission has been appointed to direct all "planning" for your multi-county region.

Some Regions extend across the State line.
Some Counties have withdrawn.

- 1A Northwest Indiana Regional Planning Commission, 1973
- 1B Kankakee-Iroquois Regional Planning Commission, 1973
- 2 Michiana Area Council of Governments (MACOG), 1957
- 3A Region 3A Coordinating Council, 1957
- 3B Northeast Indiana Coordinating Council, 1957
- 4 Region 4 Development Commission, 1957
- 5 Ouabache Regional Development Commission, 1957
- 6 Region 6 Development Commission, 1972
- 7 West Central Economic Development District, 1971
- 8 Indiana Heartland Coordinating Commission, 1957
- 9 Region 9 Development Commission, 1972
- 10 Region 10 Planning Commission, 1972
- 11 Region 11 Development Commission, 1972
- 12 Region 12 Development Commission, 1957
- 13A Southern Indiana Development Commission, 1972
- 13B Southwestern Indiana and Kentucky Regional COG, 1957
- 14 River Hills Regional Plan Commission, 1973
- 15 Lake Patoka Regional Plan Commission, 1973

In some instances, the 15 regions have been subdivided and there are consequently 18 regional plan commissions functioning in Indiana.
