French news outlet Les Echos deleted their article shortly after it started to go viral, but has not responded to questions regarding why they removed it within an hour of publication, and if they were pressured to do so.

Explaining that he was 11 the first time he saw human leather, Culkin said he was *"filming Home Alone 2 in New York,"* when he was *"ushered into a back room on the set. There was a guy in there, a powerful executive suit type, you know what I mean?"*

"He tried to make me relax by giving me a can of Coke.

"Started telling me about the nature of the industry.

"Basically, he wanted me to cut my parents out.

"He wanted to be my guardian.

"He said he would make me into the biggest teen star in history.

"He said I had it all but that I had to get rid of my parents.

"I was like 'Dude, I'm 11!' and he said 'You're a man now.'"

Culkin, who has been living in Paris, France since 2003, then explained that the man *“began to make his intentions clear.”*

“He started breathing real shallow.

“My experience with perverts kicked in.

“I could tell he was interested in me.

“He licked his lips and told me I was very handsome.

*“I think I managed to say ‘thank you’ and started thinking about how I could get the f*ck out of there.”*

“Dude, I’m 11”

“Then he reached into his case and took out a crack pipe.

“He put it in his lap, took out this huge lighter, and continued to gaze at me with this overpowering sexual desire.”

“I was just staring at him. I think I said something like ‘Dude, I’m 11’ again.

“I remember he said to me, ‘It’s a celebration, little man. To celebrate your upcoming success. Your many successes. Come. Sit back down.’

“He was tapping the pipe on his crotch, smiling this total creepazoid smile.

“I ran out of the room, but I ran straight into this other guy who was outside the room and he grabbed me by the arm and threw me back inside.

“He lit the pipe and blew the smoke in my face.

“He told me to look at his shoes.

“He said they were made from the skin of children he and his friends had murdered.

“He said leather made from human skin is the finest leather known to man.”

Macaulay Culkin said the Hollywood executive then dropped a heavy hint about the provenance of the skin used to make his shoes.

"Yeah, I remembered her."

"I grew up watching Poltergeist."

"I remembered her in Happy Days. She was so cute."

"Then it dawned on me what he was getting at and I vomited all over his shoes."
