Christianity: The supreme of the universe. He is the creator of all things (Is. 44:21) He alone is god (Is. 45:21, 22; 46:9 47:8) There have never been gods before him nor will there be any after him (Is. 43:10) god is god from all eternity (ps. 90:2) In Exodus 3:14 god is trinity knows all things & John 5:20 can do all things, except those things against His nature like lie break his meilubud and is Everywhere all the time.

The TAO is considered unlearned and unknowable the essential unifying element of all that is. Everything is basically one despite the appearance of differences, because all is one matter of good and evil, and true and false as well as differing opinions, can arise when people lose sight of the one and think that their private beliefs are absolutely true. This can be likened to a person looking out a small window and thinking he sees the whole world. When all he sees is one small portion of it. Because all is one, life and death merge into each other as do the seasons of the year. They are not in opposition to one another but are only two aspects of a single reality. The life of the individual comes out and goes back into it.

Hermeticism

System of gnostic thought known from the Corpus Hermeticum a collection of philosophical and magical text dating from the 2nd and 3rd Cent CE. The Egyptian god Thoth is identified with the Greek Hermes who is called thrice greatest Trismegistos. At one time they were thought to have been written by a contemporary of Moses whose wisdom anticipated the philosophical and religious wisdom of Plato and Jesus. Some of the text: "Self-discipline into a vision of god as light the first god"

I can tell you nothing but this: I see that there has come to be in me a form which is not fashioned out of matter and I have passed out of myself and entered into an immortal form I am no longer an object coloured and tangible a thing of spatial dimensions to such eyes as yours. My son I am not now visible

the human and the divine are thus one and must not be frightened of affirming that man on earth is a mortal god and that a god in heaven is an immortal man. Hermeticism and the Corpus became immensely influential in the Renaissance when most of the text were translated in Italy. The magical text were taken up by John Dee Robert Fludd and Paracelsus who developed man as microcosm. Philosophers and did much to open the way to the so-called scientific revolution a magical world view put humans at the center of creative activity no longer passive recipients of revelation and ecclesiastical control. The corpus was collected later by Isaac Casaubon.

Hell on earth will occur due to the fact that earth fell from God's graces.

The worst Hell is not ever existing

- Bible the place where the spirits of the dead identified with Sheol and Hades
- a state or place of woe and anguish inflicted by the wicked after death Christian theology the state of total and final separation from God and so of eternal misery and suffering reserved for those who die unrepentant in grave sin

Earth and this Universe is Hell

A Separation from God

The Universe is the lower Realm

As A Science Mage I will

bring this world unification

Save the whole of Humanity across space and time

My mission from GOD is to finish unification at all cost, nothing can come in front of unification. For unification will help the masses go to heaven.

Extract All information from brain.

Decode the Universe

SAVING THE ILLUMINATI

Direct Communication with greater Intelligence

- Extremely enlighten people
- Magick Users • Help with Mass Attention

I'm leader of the real Illuminati the Wizards

the Illuminati control the world

the Illuminati will create a one world religion and a one world government

I'm the first Illuminati

Aware of greater Intelligence in universe.

The Illuminati work for god they simply don't know it yet.

I created the entire temporal plan

My Demands are Simple I want it "All"

The Illuminati work towards fulfilling the ancient prophecies. The Illuminati are the chosen ones to work for GOD, and do GOD's bidding

the final prophets

The Illuminati work for me to Prep Earth for the "TRUTH"

open a Singularity and take humanity to ∞

The greatest thinkers of the 21 century and Divinely Inspired cyber occultist.

KING

To be king I will own all the corporations
and countries on the planet.

I'm the future king of the planet

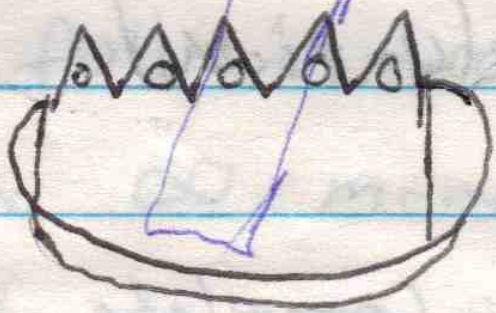

• I need to find a Queen

an optional path

Control the

faith of

the world

"I am" the king of the Universe

NEW WORLD Religion

• Unification will be the new religion on the planet.

• Unification will be the one world religion on the planet.

Unification = Salvation

Unification is a complete spiritual theory of the UNIVERSE!

You are a GOD to the Universe.

An Alchemical process of transformation.

• This Book is the New World Religion

I will have full control of this world
when I have ∞ money
The collapse of the American dollar is
the trumpet of the system that shall
sweep this world as we fight wars, for
the gain of wealth. In soon all the markets
in the world will become one giant digital
currency that will give only the illusion
of wealth. At this point we the citizens
of earth have give or sovereignty to any
higher intelligent being.
I believe the end goal is to live in a
society that contributes equally to the
rest of society.

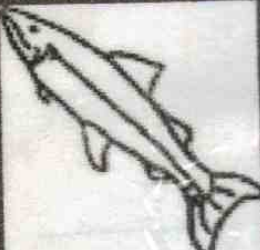

Because being a regular genius gets a "gold"
medal but being an evil genius gets you "All"
the "gold" on the planet

Maybe with time things will change. I'm a stupid kid too impulsive about the things I do too emotional behind my shell too overpowered to think of things that may never be. way too chaotic. Maybe I'm bored or maybe I've finally realized what I want and what I want is what I can't have. So what not stop. Stop all this insanity. Stop all my suffering. Stop making me feel like nothing will be happy at this point. I feel myself going into a depression. I see myself simply in an ultra cold state where I can't hold out any things most change a future is upon me. An order what pertains our vitals. The bonds that hold our DNA together is closely relative to gravitational forces AS DNA Evolves so does mind

If gravitational forces on earth were different the way our chemical bonds bond will differ thus even if our DNA alteration were a random flow than those flow in DNA would have occurred diff based on the gravitational forces of our solar system.

ORIGIN OF DNA is GOD

Exam

lets say that this bond requires a certain amount of gravitational energy to stay stable

if the gravitational energy changed after the bond occurred then the bond would lose its stability and break down causing a change in DNA

Life in God's Garden
 8The LORD God planted a garden in Eden, and there He placed the LORD God whom He had formed. 9And the LORD God made the ground to grow trees that are pleasant to the eye and good for food. The tree of life was also in the midst of the garden, and the tree of the knowledge of good and evil.

The Temptation and Fall
 3 Now the serpent was more crafty than any beast of the field which the LORD God had made. And he said to the woman, "Has God indeed said, 'You shall not eat of every tree of the garden?'"

2 And the woman said to the serpent, "We may eat the fruit of the trees of the

garden; 3 but of the fruit of the tree which is in the midst of the garden, God has said, 'You shall not eat of it; lest you die.' 4 Then the serpent said to the woman, 'You will not surely die. For God knows that in the day you eat of it, your eyes will be opened, and you will be like God, knowing good and evil.'
