

Tony's links to malignant webzones

Awake oh reader! Ghastly things are happening. No, the world is not remotely 'okay'. Grit your teeth and prepare to discover how deeply unsatisfactory it really is.

Many of the links on this web-page are out-of-date. You can often find the new page simply by searching for the page description with a search engine ([not Google](#)). If that fails try the wayback machine at www.archive.org You might just get lucky, but the Google cache is 'mysteriously' blank or half-blank whenever the truth has been taken out.

Links to the nightmare, dressed up to look all slick and sophisticated. Links through to criticism of these misguided souls.

The Power Élite on the world wide web

Funding Terrorism: [The Carlyle Group](#)

Followed by:

[Military liason groups](#)

[Other Elite groups](#)

These are the most powerful and secretive groups whose existence is reasonably easy to prove. The inner circles are kept 'in the know' by shadowy intelligence gathering agencies [like the NSA](#). Their aim seems to be to homogenize the entire world under a market ideology and bring all natural wealth into their private ownership. See also the [Dangerous Liasons report](#) on this site

The Big Four most interesting are Bilderberg, Trilateral Commission, Council on Foreign Relations and The World Economic Forum (or Davos Group)

The Bilderberg Group

Doesn't seem to be an official homepage

Taking its membership from Europe and North America this group was set up in 1954 by his 'grey eminence' Joseph Retinger and ex-SS officer Prince Bernhard of the Netherlands. I have been collating information on and researching the 'Bilderbergers'. See [the Bilderberg page](#) for some criticism and many Bilderberg links.

The Trilateral Commission

"The Trilateral Commission is international... [It]... is intended to be the vehicle for multinational consolidation of the commercial and banking interests by siezing control of the political government of the United States"

WITH NO APOLOGIES, Senator Barry Goldwater

[Official homepage](http://www.trilateral.org/) <http://www.trilateral.org/>

With members from Europe, North America and Japan this group was set up by David Rockefeller to include Japanese banks and business. See my [Trilateral Commission page](#) for more info.

[CFR And Trilateral Commission Members](http://www.hevanet.com/nitehawk/nwo3.html) <http://www.hevanet.com/nitehawk/nwo3.html>

U.K. and U.S. military / foreign policy clubs

Made up of all the above including military personnel. You may see and hear the members of these groups on radio and TV as so-called 'experts.' Generally advocating whatever policy is flavour of the month with the elite. Eg. as a radio reporter in London I was regularly asked by my editors to get interviewees from Chatham House.

U.S.A.: Council on Foreign Relations

"The Council on Foreign Relations is the American Branch of a society which originated in England ... (and) ... believes national boundaries should be obliterated and one-world rule established"

In no particular order other than WEF at the top. Some of the groups I have almost no info. at all on but leave some references here for fellow researchers. Some are not so covert as Bilderberg and the Trilateral Commission and so in some ways not so interesting.

Chemical Companies

In the 1930's and into World War II Nazi chemical company 'IG-Farben' produced 'weapons of mass destruction' including the Xyclon B gas used to murder concentration camp internees. Officially IG-Farben was broken up at the end of the war, unofficially the assets of the company were transformed into the following well-known modern businesses.

The BSE cover-up - organophosphates caused it

ICI (icy eye) systemic pesticide 'Phosmet' caused BSE - The Ministry of Agriculture forced farmers to apply this specific organophosphate treatment to their cattle at twice ICI's maximum recommended dose. No wonder they're in denial - with pressure from ICI they have been poisoning us for profit. The French and Germans are TOTALLY RIGHT to ban British Beef. See Chemical companies (above)

Nerve Gas and Organophosphates - spot the difference

Sarin and its companion nerve gases (Tabun and Soman) were discovered in the late 1930s by Gerhard Schrader at I.G.Farben during research into pesticides.

Finally... Never be under any illusions about the meaning of 'government'

Pierre Proudhon says....

To be GOVERNED is to be watched, inspected, spied upon, directed, law-driven, numbered, regulated, enrolled, indoctrinated, preached at, controlled, checked, estimated, valued, censured, commanded, by creatures who have neither the right nor the wisdom nor the virtue to do so.

To be GOVERNED is to be at every operation, at every transaction noted, registered, counted, taxed, stamped, measured, numbered, assessed, licensed, authorized, admonished, prevented, forbidden, reformed, corrected, punished. It is, under pretext of public utility, and in the name of the general interest, to be placed under contribution, drilled, fleeced, exploited, monopolized, extorted from, squeezed, hoaxed, robbed then, at the slightest resistance, the first word of complaint, to be repressed, fined, vilified, harassed, hunted down, abused, clubbed, disarmed, bound, choked, imprisoned, judged, condemned, shot, deported, sacrificed, sold, betrayed; and to crown all, mocked, ridiculed, derided, outraged, dishonored.

That is government; that is its justice, that is its morality. --Pierre J. Proudhon, General Idea of the Revolution in the 19th Century
