March, 1967 - News-Bulletin

KNOW the TRUTH and the TRUTH shall make you FREE.

The most important thing for all of us to always remember is that the salvation of our Country depends upon getting the TRUTH of the GREAT CONSPIRACY to all of the American people. When — and if — that will be accomplished our nation will again be FREE — and SAFE. Our Press won't do it — you know why — so it is up to YOU and me to do it.

“Freedom of speech is a principal pillar of a free government; when this support is taken away, the constitution of a free society is dissolved, and tyranny is erected on its ruins.”

— Benjamin Franklin.

Of course, when Franklin made that statement — and, to all intents and purposes, *that dire prophecy* — he spoke only of the Press. He did not foresee the Radio and Television and the Motion Picture Screen and all the other “*freedoms of speech*” Mass Communications Media — he could not have foreseen, even though he warned against it, how the combined “*freedom of speech*” Media would finally be used to accomplish the very dire results which he virtually predicted.

WE ARE FAILING OUR FOUNDING FATHERS

In 1775 our Founding Fathers fought to give us the “*Freedom of Speech*” and all our other Freedoms which have made us the greatest nation within the known history of the world. But, now, at the very peak of our greatness, we are failing our Founding Fathers — we have been, *and still are*, permitting the transformation of those very Freedoms into weapons for our destruction. To give point to that observation, I will quote an ILLUMINATI “*directive*” on page 6 of our “*News-Bulletin*” No. 122, entitled: “UN IS SPAWN OF THE ILLUMINATI,” to wit:

“The ILLUMINATI (CFR in our day) were to obtain control of the Press and all the other Media which distribute “information” to the public. News and all other “infomation” was to be slanted so that the masses would come to believe that a One-World Government is the only SOLUTION to our many and varied problems”

I hardly need to emphasize how well — *and disastrously for the American people* — they carried out that directive. In various of my books and “*News-Bulletins*,” ever since 1947, I spelled out in

minute details how the Masterminds of the Great Conspiracy achieved full control of our Press, of Radio, of TV, of Hollywood, our main Mass Communications Media. I named names and described the methods they employed to achieve those controls. Thus, we *know* the Enemy . . . we *see* him transforming our Freedoms . . . we know what that Enemy is planning, yet, like a too-full-fed pigeon, we sit still and browsily blink as he steals closer and closer—to knock us off with that “*stick*” that he has fashioned out of *our* Freedoms. And thus, much as I dislike to say it, we, the American people, have no one but ourselves to blame if we finally lose our Freedoms.

ARE ALL MEN EQUAL?

The above question is motivated by the following statement by Thomas Jefferson in a letter he wrote to John Adams on October 28, 1813 “*There is a natural aristocracy among men. The grounds for this are virtue and talents*”

No one can understand American democracy and the American way of life until he can understand how those (*Jefferson's*) words could have been written by a man who held it a self-evident truth ‘*that all men are created equal.*’ The explanation is that Jefferson *knew* that virtue and talents are *acquired* characteristics. All men are indeed *created* equal, but the acquirement of virtue and talents renders some superior to the rest, and it is to those superior men that the administration of education, justice, and public affairs should be entrusted.

The man who believes that he was *born* superior to others is an anti-democratic fool; but he who does not believe that diligence, intelligence and *integrity* can make him superior to some others is even a *greater* fool. As an American, he is also anti-democratic, for America's representative democracy is based on the ability and the will of the people to choose “*natural aristocrats*” for their leaders.

Sometimes they (*the people*) have failed — sometimes they chose pseudo-aristocrats, virtuous men without talent, or talented men without virtue; and every such failure cost the people dearly. But they have picked the combination, virtue-plus-talent, often enough to keep our Constitution working properly for more than a century and a half. This is conclusive proof that most of that time they possessed that “*vision*” without which various civilizations have perished.

Now you might well ask what do I mean by "*vision*." Well, vision, in this particular case, is nothing more nor less than public opinion. It is public opinion that decides who is to be the President of our Country, or a Governor, or a Senator . . . it is *public opinion* that endorses or rejects *all* those who seek public office. Public opinion is the yardstick by which ALL of us are measured . . . it is public opinion that gives us the "*vision*" to appraise the merits and demerits of those who seek to be our leaders.

And that fully explains why that ILLUMINATI "*directive*" is the most vital of all the plans of the Masterminds of the Great Conspiracy — why it (Public Opinion) is their most powerful weapon for the destruction of our Liberties and Freedom — *why they simply had to get complete control of our Mass Communications Media!* Because public opinion is (*created*) formulated and moulded for us by our various public communications systems, principally the Press, Radio, Television and the Motion Picture Industry. That is why "*Freedom of the Press*" (Freedom of speech) has been the most cherished of all our Freedoms. It has been the *watchdog* of all our Freedoms. It gives us the "*vision*" to choose the "*natural aristocrat*" and to reject the "*pseudo-aristocrat*" — *or, rather, it did, as long as those mediums were faithful to their calling.* It was the foundation on which we built our great Land of Liberty. A people can be free only as its Press (*and other Communications Media*) is free. Our Founding Fathers knew that and surrounded our Press, the only Mass Communications Media of their day, with every possible safeguard against government control or interference. They made it so FREE that today *it is even free to commit treason!*

There are various forms of treason. Hiss committed treason. Franklin Roosevelt, who betrayed us at Pearl Harbor and at Yalta, committed treason . . . all who helped, and are helping, to infiltrate Reds into our government Agencies committed, *and are committing*, treason . . . all the "*Liberal*" One-Worlders who are seeking to transform the UN into a One-World Government are committing treason.

By that token, our Press, Radio, TV and Hollywood have been, *and still are*, committing treason. They have been committing treason ever since Col. House, on orders from Jacob H. Schiff and all the other Masterminds of the Great Conspiracy, *with the acquiescence of Woodrow Wilson*, created "*The Council on Foreign Relations*." During the period of time since then, they, the Mass Communications Media, have been creating the kind of "*public opinion*" that has been blurring our VISION into rejecting our "*natural aristocrats*" and into accepting the "*pseudo-aristocrats*" —

the Roosevelts, the Trumans, the Eisenhowers, the Kennedys and the Johnsons, to name just a few of the outstanding ones. They revile and vilify the patriot and glorify the traitor . . . Joe McCarthy was the villain — Eisenhower, Roosevelt, the George Catlett Marshalls were the heroes. They have transformed our precious "*Freedom of the Press*" into a weapon that is blinding us into our self-destruction. By that token, their degree of treason is greater, *far greater*, than that of a Hiss or a Harry Dexter White (Weiss).

Here, however, in all fairness, I must emphasize that not all the men and women in our Press are *deliberate* traitors. I will even say that the majority of them helplessly acquiesce (*by their silence*) to the treason being committed through fear of economic disaster. In short, our Press is a *captive* of the Enemy and our "*Freedom of the Press*" the chains of our growing enslavement.

In an early book I wrote ("RED TREASON ON BROADWAY") I revealed with full details this evil Conspiracy that has enslaved our Press and made a mockery of our "*Freedom of Speech*." I named names — I named those Newspapers, such as the New York Times, and national Magazines that are *deliberately* "*playing the game*" of the Enemy, and the names of some that would like to be loyal. I exposed the various forms of threats, coercion and blackmail that forces the would-be-loyal newspaper publishers and Editors to slant the news and conform their editorial policies to the requirements of the Enemy. The method was always the same — "*obey, or we will pull out all your advertisers!*" I cited specific cases. And I NAMED the "ANTI-DEFAMATION LEAGUE" (ADL) as the specific instrument of the Masterminds of the Great Conspiracy (CFR) that has the power to thus ruin any newspaper publisher who might dare to refuse to obey its dictates.

HOW THEY ACCOMPLISHED IT.

In our "*News-Bulletin*" No. 122 (UN IS SPAWN OF THE ILLUMINATI) I stressed that Adam Weishaupt and his co-conspirators (*the Rothschilds*) knew that to accomplish their objective they would have to achieve control of the minds of the people through a controlled Press. I reprinted that "*directive*" earlier in this issue. Somehow or other, that "*directive*" was overlooked by Jacob Schiff and his co-conspirators in this country. They realized their "*mistake*" right after World War One, when a *still loyal Press* supported

Senator Henry Cabot Lodge (*not the phony of today*) in his opposition to Wilson's attempts to drag the United States into "*The League of Nations*." Right then, they (*the Conspirators*) organized the CFR, and their first "*job*" was to get control of the Press and of Hollywood — *that was before Radio and TV came into the picture*. In an earlier "*News-Bulletin*," I pinpointed their various steps to achieve control of the Press. Actually, it required only four major steps to accomplish it: 1) Outright purchase of influential newspapers and magazines in various parts of the country by "*Syndicates*" financed by such Internationalist Bankers as Kuhn-Loeb, the Lehman Brothers, the Warburgs, Goldman-Sachs, etc., and organized into "*chains*" whose "*Editorials*" and "*News*" would be controlled by the Masterminds of the Great Conspiracy — the CFR; 2) Financing individual publishers who were willing to repay with Editorial treason; 3) To get control of the "*working*" press, such as the reporters, critics, sub-editors, columnists, etc., they created the "*American Newspaper Guild*." That "*Guild*" is more than a mere Union for "*collective bargaining*" purposes — it serves as a SANCTUARY for the Reds and "*Liberals*" in journalism — no publisher can fire even the known Reds without the consent of that "*Union*" unless he is willing to face a complete shutdown. That "*Union*" is also the spawning ground for brilliant writers without scruple who can be "*groomed*" for high places in the profession — such columnists as Walter Lippman, the Alsop boys, Drew Pearson, etc., etc., all crafty word carpenters who can idealize Marxism, who can create mental pictures of horns and forked tails for a Joe McCarthy, a Martin Dies, a Jim Utt — and a halo for a Franklin Roosevelt, an Eisenhower, a Kennedy, a Johnson, for all other traitors — writers who can make TREASON spell HUMANITARIANISM.

Even so, just those three steps could never have spelled CONTROL, because there were thousands of publishers in Metropolitan areas, as well as small towns, who could not be reached through any of those ploys. It was their fourth step that did the trick with those publishers who, by innate and natural instincts, wanted to be loyal to their profession and to their Country. That fourth step was the control of advertising budgets by the ADL, as I have previously described in my book "*RED TREASON ON BROADWAY*."

Under the guise of decency and "*humanitarianism*," the ADL, created in 1913, bent all efforts from its very inception to gaining control of the advertising budgets of Department Stores and all types of Advertisers and Advertising Agencies — *and, with the help of the CFR, they succeeded!* They did it so quietly and smoothly that nobody, *at least very few*, so much as sensed their objective. They did not accomplish it overnight, but, by 1930, they had acquired a truly frightening power. By 1940 hardly a newspaper or magazine publisher dared to oppose their wishes. Governors, Senators, Congressmen, Mayors, Judges, all jump at their command. Throughout their formative years their entire camouflage was that their only objective was to prevent the spreading of anti-semitism — *and who would dare to quarrel with that?* But as they grew in power they became bolder and bolder — they began to scorn explanations and qualifications for their acts — their slogan became: "*obey or be destroyed!*"

An analysis of their technique showed that by utilizing a small but *organized* group of obedient ADVERTISERS they could use the newspapers, magazines and TV and Radio Stations to create the *psychological conditions*" that would intimidate the MAJORITY of the nation's Advertisers into supporting the "*Liberal*" — Left Media and avoiding the Conservation, Pro-American Media. As a result, the nation's large Business Firms have THROUGH THEIR ADVERTISING, been paying for their own destruction !!!

But now I will reveal what *seems* to have been a well kept secret: the entire power of the ADL lies in the "*fear*" they have generated. Put to the test, the threat with which they have enslaved the Press is as empty as a kid's toy pistol. Any publisher can call their bluff *and make them run for cover*, as I proved with the following citation in "RED TREASON ON BROADWAY:"

●

"ANY NEWSPAPER CAN LICK ADL.

●

"As a matter of PROVEN fact, any one newspaper with good old-fashioned American backbone can successfully defy the ADL and make them CRAWL. It has been done — by the publisher of the most important newspaper in Tulsa, Oklahoma. His paper had never directly tangled with the ADL, but early in the 1950s, he opposed certain national legislation backed by them (the ADL). One fine day, an ADL Committee called on this publisher. They placed a list of the city's largest advertisers on his desk and told

him that if he did not agree by noon of the next day to change his paper's editorial policy all the merchants on that list would withdraw their advertising at the end of the week. The publisher looked over the list — locked it in his desk drawer — and told the Committee they didn't have to wait until the next day for his decision — he'd give it to them right then and there: the decision was NO! 'And,' the publisher quietly added, 'the first advertiser who will withdraw his advertisement will, on the following day, find his regular space devoted to an explanation to the public why the ad was withdrawn — and that will continue every day with every ad withdrawn.' The dismayed ADLers looked at each other; then, with sickly smirks, they asked the publisher to 'forget all about it.' "

THEY (ADL) ALWAYS CRAWL

The Tulsa case is not the only one that proves my contention. In New York, there was another newspaper publisher who refused to swoon at the mere mention of the ADL. He, too, maintained an Editorial policy that aroused the ire of the self-imposed Censors of the Press. They sent a Committee to inform him of their displeasure and the dire consequences via "*no advertisers.*" As in Tulsa, the New York publisher dared them to go through with their threat — he "*promised*" the same treatment for the withdrawn advertisers — *and, as in Tulsa, the Committee meekly tucked its collective tail between its collective hind legs and humbly asked the publisher to "forget it."*

Unfortunately, newspaper publishers like those two are almost an extinct breed, but there are a few left, perhaps the most notable one being Mr. Loeb, publisher of the Manchester (N.H.) Union-Leader and a small string of small-town newspapers — and whenever the ADL bumps into one such publisher they hurriedly slink away, with a plea to "*forget it.*" And make no mistake about it, it *is* a plea — because they know that if the publisher were to *front-page* the story, *and name the merchants*, it would spell ruin for those merchants, and thus transform their one and only weapon into a boomerang for their own destruction. *Believe me, that is not a GUESS!*

The above-mentioned two incidents prove beyond a doubt that a courageous AMERICAN Press can quickly restore the "*Freedom of the Press,*" cure our Country of the ADL cancer, of the Reds and of ALL the ENEMY within, by simply turning a full spotlight on

their activities — *and thus ALERT all of the American people to the entire Conspiracy!* The important thing is that it must be done NOW — *before it is too late!* The intimidated, but otherwise loyal, journalist must be given a shot of courage in his backbone — *the disloyal ones must be driven out!* There is one *sure* way to accomplish both of those “*musts*” — and in the concluding pages of this “*Bulletin*” I will outline the kind of an operation that positively can do it — *an operation in which every American can — and I feel sure will — participate.*

In your consideration of the “*operation,*” when you will come to it, bear one thing in mind: The strength of a newspaper lies in its readers, not in its advertising columns. A newspaper’s crusades against crooked politicians, racketeering, gangsterism, and all other evils in the community, are always based upon its power to arouse the anger of *the people.* That same “*anger*” of the people can just as easily make or break a newspaper publisher — *remember that when you read the concluding pages of this “Bulletin.”*

SAME “CURE” FOR TV, RADIO AND HOLLYWOOD

Having established the tragic case of the treason of our Press, I must stress that our other Mass Communications Media, especially TV, Radio and Hollywood, do an even more horrifying job of brainwashing the American people — and there is *only one way* to destroy their evil power: *the “operation”* I will submit in the concluding pages of this “*Bulletin*” will be just as effective on TV and Radio as on the Press.

OUR GREATEST PROBLEM: THE PEOPLE “FORGET”

Before going any further, however, I wish to stress *and stress* and STRESS that we, the American people, have one great failing which serves perfectly the psychology of the Masterminds of the Great Conspiracy; that “*failing*” is our proneness to “*forget.*” We are a people who have the courage and the “*muscle*” to fight like tigers any menace that rears its ugly head — *as soon as we “see”*

that menace. And we always win that fight — *or have in the past.* But, unfortunately, and *tragically*, as soon as we have smashed, or seemingly smashed, that menace, we assume we have completed the job and we put it behind us — in other words “*forget*” all about it. That has happened time and time and time again. The ENEMY (*CFR, ADL, and all their subsidiaries*) are fully aware of that failing and when they are “*licked*,” when their treasonous objective is unmasked and smashed, they simply retreat — *and wait until the people forget* — and then they initiate the same plot under a new name.

To prove my point, I will cite several instances of how the people “*forget*.” in 1947, the Masterminds of the Great Conspiracy created a group which operated under the name of “*The United World Federalists*” (UWF). Their objective was to bribe and seduce 32 of the then 48 state Legislatures to approve and pass a “*Resolution*” memorializing Congress to transform the United States into an enslaved unit of a “*Federated UN One-World Government.*” Had they succeeded, Congress would have been forced to accede to their demands — and that would have been the end of a free and sovereign United States. However, in July of 1949, we (CEG) were alerted to the plot by the then State Senator, Jack B. Tenney. Promptly, we (CEG) launched a campaign to alert the people of California to what was happening — how the men they had elected to represent them in Sacramento had betrayed them — and how the Legislatures of at least 25 other states were betraying *their* constituents. That was when we (*for the first time*) launched the “*RECALL*” movement against all the California Legislatures who had been the Leaders in the plot . . . And the American Legion joined whole-heartedly in that fight — and that assured our victory !!!

Now, bear in mind that not one Newspaper, not one Radio commentator so much as mentioned one word about the plot — although they knew all about it!

Nevertheless, we (CEG) were determined to smash that plot by FORCING the Legislature to haul out that UWF Resolution for a review *open-to-the-public!* We published all the details of the plot in a “*Special News-Bulletin*” — simultaneously we issued a condensed version in a six-page “*Tract.*” In short, we fully alerted the people of California. I won’t go into the details of how we did it, inasmuch as I have repeated that story many times. But never in my entire life have I seen a people so aroused, so angry, so outraged, as the people of California, *especially the women.* They, truly, fought like so many enraged tigers.

And, instead of helping us in that fight, the Press and Radio vilified us and branded us as a "lunatic fringe!"

But we won — and that shows the real power of the people. In March 1950, the Legislature of California surrendered — the UWF Resolution was *publicly* reviewed, denounced as TREASON — and *rescinded!* And many of the traitorous Legislators who had aided and abetted that treason were hurled out of their political offices.

Furthermore, what happened in California so startled and frightened the Legislators in the other 25 states that the UWF had seduced into passing similar "Resolutions" that they did not wait for "RECALL" movements by *their* constituents — *they promptly rescinded the "RESOLUTIONS" they had passed . . .* and that was the end of the UWF treason plot . . . Which emphasises my point about what a finally alerted people, *even though previously brainwashed*, can do.

But now I will stress my point about the "*forgetfulness*" of the people, to wit: The chief conspirator and architect of the UWF plot in California was a man named Alan Cranston. Even before the Legislature was FORCED to rescind that "*Resolution*" it was known to *everybody* that Cranston had throughout been the mastermind of the entire plot — so much so, that, to all intents and purposes, for the following two or three years he disappeared from public view — spurned even by his former associates — he had become a by-word in California tantamount to a Benedict Arnold. But after two or three years, all the people who had fought so hard to smash that UWF plot *forgot* all about it — they'd won a great victory, and, as far as they were concerned, that was the end of it. They "*forgot*" all about it to such an amazing degree that not long after that they elected Alan Cranston (*the Benedict Arnold in 1949-50*) to the high office of Comptroller of California — *and re-elected him! . . . and not one newspaper, not one Radio or TV commentator, so much as mentioned his treason of 1949 — instead, they all eulogized him!*

THE ABOVE IS ONLY ONE SUCH CASE

I can cite a number of similar cases when our suddenly alerted people prevented a betrayal — then "*forgot*," and permitted the ENEMY to achieve their objectives. One such case was UNESCO, which I covered in our preceding "*News-Bulletin*." From the very

inception of the UN, the Conspirators tried to seduce Congress into granting "*Treaty Status*" for UNESCO, but our suddenly awakened and aroused people, *again greatly aided by the American Legion*, prevented it. So what happened? Our State Department snatched our victory away from us by granting UNESCO an "*official*" status fully the equal of a Treaty status. For years the UN and the CFR tried to get a "*Treaty Status*" for "GENOCIDE" but we, (CEG) and other patriotic groups prevented it. So what happened? On November 20, 1963, the General Assembly of the UN issued "THE DECLARATION ON THE ELIMINATION OF ALL FORMS OF RACIAL DISCRIMINATION." Our Federal Government and, *to its shame*, our Congress accepted it, and, to all intents and purposes, GENOCIDE now has "*Treaty Status.*" Another case was the attempted repeal of the "*Connally Amendment*" by Eisenhower in his last year in the White House. That was defeated by an aroused (by CEG) American people — but they have "*forgotten*" it by now, *and at this very time there is a plot in action to place the United States under "World Court" control!*

Our limited space won't permit us to go into all those cases, because I want to include in this issue a sure "*cure*" for the treason being committed by our Mass Communications Media, so I will go into the "*case*" of the treason being committed by our Press, by TV and by Hollywood.

THE HOLLYWOOD REDS

Late in 1945, at the request of the late Senator Vandenberg and other disillusioned once-supporters of Franklin Roosevelt, I wrote a play "RED RAINBOW," in which I revealed the shockingly treasonous betrayals at the secret meetings in Yalta. I based it on DOCUMENTED material provided by Vandenberg and other high "*Intelligence*" officials. But when I tried to produce it on Broadway (*New York*) I found all doors closed to me. This despite the scores of Broadway Hits I had written, directed, and produced — and despite my close and friendly relationship with Lee Shubert, who owned and operated most of the theatres on Broadway. The reason? The story told in "RED RAINBOW" had been "*leaked,*" and all the Reds on Broadway — *and in Washington* — had intimidated all theatre owners into denying me the use of their houses — Actors Equity Association, clearly dominated by Reds, also added opposition. The same thing happened in Hollywood, when I tried to pro-

duce it in Los Angeles — every Red in the Cinema world, aided by the Press, made it impossible for me to get a theatre, or actors, for the play.

Thereupon, I took a page out of the Reds' book of strategy. I wrote a new play, in which I thoroughly unmasked the "UNITED NATIONS," but to kill off all "*suspicious*" I gave it an innocuous title, "THIEVES' PARADISE" — which made it sound like one of my other Comedies of earlier years. For this play I succeeded in *renting* a theatre — and I had no difficulty in choosing a cast of actors.

But after I started rehearsals — *and it became apparent that it was a powerful expose of Communism* — the entire Motion Picture industry, and even the Press, went into hysteria. Both the play and I were denounced as "*Red Baiters*," and even guilty of "*anti-semitism*" — although how that "*anti-semitism*" came into the picture was never explained, because never was the word Jew found in the play.

Anyway, the very protests of the Reds became their undoing. It attracted the attention of various heads of Women's Clubs in Hollywood — and even of "*The American Legion*" and the "*Veterans of Foreign Wars*." All of them suddenly became aware that many of their Hollywood Idols were Reds — that the Heads of all the Hollywood Lots (*except Walt Disney*) were aiding and abetting the Red Conspiracy with Films such as "*Mission To Moscow*," "*Song of Russia*," "*North Star*," etc., etc. As a result, the Women's Clubs, the VFW, the American Legion, and individual loyal Americans flocked to my support — and that heightened the frenzy of the Reds in Hollywood — and that frenzy resulted in headline stories in Chicago, New York, all over the country . . . *none to my credit, I can assure you!*

However, all that awakened people all over the Country. A cry went up for Congressional investigation of this glamorous Industry that was deliberately brainwashing and deluding not only the American people but the peoples of the whole world that America is BAD and Moscow and Communism are GOOD And Congress finally had to obey the mandate of the people — and in 1947 the "*House Committee on Un-American Activities*" held its sensational Hearings of "*The Reds in Hollywood*."

I hardly need describe those "*Hearings*" — I have done so many times in my books and "*News-Bulletins*." However, there are a few points worthy of repeating: First of all, for once, all of the American people were alerted to the Red Conspiracy in Hollywood.

The outstanding event of that 1947 Congressional Hearing was the unmasking of the infamous "*Hollywood Ten*" — seven writers, two Producers and a Director, with combined salaries well over \$600,000 a year. They were Dalton Trumbo, John Howard Lawson, Adrian Scott, Herbert Biberman, Lester Cole, Edward Dmytryk, Ring W. Lardner, Jr., Albert Maltz, Samuel Ornitz and Alvah Bessie. Those "*Ten*" had been promised "*protection*" by the Hollywood Moguls, but when they refused to answer "*Yes*" or "*No*" to the question: "*Are you now, or have you ever been a member of the Communist Party?*," a District of Columbia Grand Jury indicted them on a charge of contempt of Congress and all ten were sent to prison. That, for once, terrified the previously defiant Hollywood Moguls—and they completely surrendered. Harry Warner, Louis B. Mayer, Harry Cohn and Eric Johnston, then President of the Motion Pictures Producers Ass'n., in turn, voluntarily, and hurriedly, appeared before the Committee and "*faithfully*" promised that . . . "*We will not re-employ any of the Ten until such time as he is acquitted or has purged himself of contempt and declares under oath that he is not a Communist . . . also we will not knowingly employ a Communist or a member of any party or group (Red Fronts) which advocates the overthrow of the government by force or by any illegal or unconstitutional methods.*"

And that was the end of the "*investigation.*" It satisfied the people who considered it a great victory — and they promptly proceeded to "*forget*" all about it.

But it was not a true victory for the people. Actually, it was a victory for the Red Conspirators in Hollywood. The original intent of Congressman Parnell Thomas, Chairman of the Congressional Committee, had been to haul in between 200 and 300 of Hollywood's Red Celebrities, but the *false* promises of the above mentioned Moguls prevailed upon the Committee to bring the investigation to a conclusion. And all the notorious Red Stars continued to "*carry on,*" completely undisturbed by the Moguls, by Congress and by the people — in short, the people simply "*forgot*" all about it.

But the Hollywood Moguls and their co-conspirators became a bit too brazen, to wit: immediately after the "*Hollywood Ten*" were released from prison, they were restored to their original jobs on their original Lots — *at double their original salaries* — *only they had to work under fictitious names* — but their films were just as deeply Red-tinged and Un-American as ever, if not more so.

I, personally, brought that amazing situation to the attention of the FBI, but they did not believe me: "*how,*" said the FBI officials, "*could the Moguls account for huge salaries paid out to those men*

without revealing their real identities?" Later, one of the FBI's top agents in Hollywood admitted to me that he had personally "checked" the information I had given him and admitted that my entire report of that incident was found to be correct . . . But nothing was done about it — *on orders from Washington*. And the people had meanwhile gone back into slumberland — *and not one newspaper, not one Radio commentator mentioned one word about it!*

And that was when a group of Women's Clubs in California, various American Legion Post Commanders and individual patriots joined me in setting up the "Cinema Educational Guild" for the express purpose of driving the Reds out of Hollywood. I wrote my book "Red Treason in Hollywood," in which I named nearly 300 top Stars, Writers, Directors and Producers as the backbone of the "Red Conspiracy" in the Motion Picture Industry. The book was ignored by the Press book critics — and it was blacklisted by the ADL, *with orders to all book-sellers to refuse to place it on sale!*

Thereupon, we (CEG) issued our first (*Red Stars*) "Tract," in order to re-awaken the people. Women's Clubs all over the country jumped into the fight — *millions* of that "Tract" were quickly circulated throughout the nation. As a result, groups of Legionnaires and members of Women's Clubs began to picket the theatres showing the Reds we named in the "Tract" — most notably the Charlie Chaplin Films and "Moulin Rouge," which starred, among other Reds, Orson Welles, directed by John Huston, another notorious Red.

Naturally, the Motion Picture Industry — *and the Reds* — frenziedly fought our efforts, but that only created more publicity for our "Tract" and for the "picketings." And, once again, it brought about a complete awakening of the people. Once again they demanded a Congressional investigation — and, once again, Congress was *forced* to accede to that nation-wide demand. Only this time they hauled in all the Reds I cited in the book and in the Tract — *almost 300 Stars, Writers, Directors and Producers* — and every one of them, by their own admissions, became officially documented as pro-Communists. Whether they were officially members of the Communist Party, or officials and Directors of "Red Front" organizations, did not matter — *they were proven pro-Communists!*

And this time the Hollywood Moguls could find no way out. Promises, excuses, denials were rejected by the enraged theatre-goers. All of the unmasked Reds became poison at the Box-Office. Theatres all over the country showing films with Red Stars played to empty houses. There was only one thing for Hollywood to do: get rid of the poison-at-the-Box-Office Stars, writers and Directors.

At long last we had found the method to smash the Red Conspiracy in Hollywood!

But did we really destroy that Conspiracy? We did *not* — because the Enemy merely shifted its strategy. The Red Stars who were driven off the theatre screens promptly moved to Broadway into the Legitimate (*Stage*) Theatre — and, what was even more devastating, they moved into the Television field, which, as we know, is owned and controlled by Internationalist Banking Houses (CFR), and thus, *barred from the theatre screen, they came right back into the homes of all of the American people via the TV set!* Within a year or two, the same Red Stars of the Hollywood Lots became the TV Stars and were brainwashing the people all over again. The Red writers, whether under their own names, or various aliases, became the TV writers — and thus TV became the transmission belt for the same kind of Anti-American shows — the same kind of Anti-American propaganda brainwashing.

Thus, we had the job to do all over again — but the people once again “*forgot*” and began to accept TV with all of its propaganda. And this time it was a more difficult job, because now those Red Stars did not have to depend upon the box-office receipts of the theatres — they were *subsidized* by the “Sponsors” of the TV shows, who used them to promote the sales of their products. I described all that in one of our “*News-Bulletins*,” No. 55, entitled: “*How TV is Brainwashing the American People.*” I also described it in a new book I wrote, entitled “*The Reds and Fellow Travellers in Hollywood and TV.*” In both of those volumes I revealed how the TV Sponsors rejected the *documented* charges against the Reds they starred in their shows — I pinpointed their alibis and their excuses, and I presented the method to be employed against such Sponsors. We met with some success — but we also ran into obstacles we couldn’t overcome.

(Note:—*In my final summation I will cite two or three of the successful cases. MCF*)

HOW TO DESTROY THAT EVIL POWER

For many years — at least thirty — all Conservatives who “*knew the score*,” kept crying out that we must “*educate*” the masses

to understand our great problem. I must confess that I was one such Conservative — and devoted much time and effort to do such “education.” But the truly great question is: “*how can it be done?*” To accomplish it we must concentrate on the people who are still bewildered and bemused — *and they are in the vast majority*. And to “educate” all of them is a waste of time when time is the one thing we lack. Additionally, you cannot educate a pupil (*speaking collectively*) who does not have the “*need to know how*.” In short, we have been throwing away weeks, months, years in attempting to salvage the brainwashed, whose ‘minds cannot respond except by long and patient “*therapy*” — and this we can no longer afford to do.

How, then, is the job to be done? How shall we recruit an army (*the masses*) large enough to be effective against the Enemy in power? Our only possible program is a *crash* program. *And it must be the right program, that will work the first time!* There is no time for more !!!

Our most serious handicap is that the amorphous mass of people who simply do not understand us (*the Conservative and loyal Americans*) and will not listen, are already the apt pupils (*dupes*) in another school, already listening and “*learning*” from the Enemy. And they are doing this through the most innocent means available today: the printed word, the programs on the air, the emotional harangue. The wily Enemy has seen to this by capturing long ago the authority and the output of all our Mass Communications Media.

“*All I know is what I read in the papers,*” is a phrase we used to use with a wry innocence and a smug conformity. And that is still true today, as far as the masses go. The infallibility of our “*free press*” is still defended by most of its victims. Whatever is read in print or viewed in the personality and authority of the TV and Radio commentator is almost universally believed, honored and obeyed. But without most of us (*the masses*) knowing it, the “*freedom*” of the Press (*and kindred Media*) has shifted to LICENSE — its objective is no longer to inform but to proselytize and brainwash. That this should be so is not only the shame of the Press, TV and Radio, but the red badge of success of the Enemy. How he has accomplished so dangerous a surgical operation with (*apparently*) the full consent of the patient (*the masses*) is a conundrum — but it has happened — *and it has been proved!* And until we find a way to discredit and knock out the advance army of the liars and propagandists in the Mass Communications Media, we cannot *successfully* confront the Enemy, or be forewarned of his attack.

However, there is one way, perhaps the only way, that we can destroy that evil power!

It will require great diligence, courage, wisdom and endless labor to pry the rotted hulk that was once a glorious "*Fourth Estate*" (and I include TV and Radio) off the shoals of deceit and treachery and SUNK, and a new and seaworthy vessel built and put on the high seas of Communications. And we must not be deterred (go "soft") by the cries of those who will say "*I didn't know,*" or "*I was forced into it*" while those (*the unaware American people*) who cling to the wreck are being fed only poison. When a person (*and in this case I mean all of the American people*) has drunk poison you do not attempt to relieve his retching and convulsions with "*education.*" Somehow you must get the poison out of him in time or you lose (*our nation*) him. It is just that serious! Our Mass Communications Media feeds us poisoned candy. *It must be stopped!* To date, no one has been able to tell us how this *seemingly impossible "cure"* can be effected by ordinary men and women who have wisdom but no power, while a clique of powerful Conspirators runs our ship toward the rocks. But I am convinced that it can be done, if and when we ourselves understand and act upon the real problem of madness that faces us. The problem is vast, overwhelming, but not impossible of solution — if we all band together and face it — countless patriots throughout history have faced as fantastic odds and have won. But all of them first had to come to grips with the true nature of the Enemy — and evolved the way to destroy him. *That is what we loyal Americans — call us Conservatives, if you will — must do now — and do it fast!*

And this IS one sure way to do it: Organize a nation-wide movement to boycott the products of the Businessmen who Sponsor and thus support the National TV and Radio Channels and local Stations that employ Reds and Leftists in their Shows.

This is an opportunity for individual Americans, *especially the women*, to participate in a concerted program that will enable them to voice their opposition to that section of the Mass Communications Media (*TV and Radio and its Sponsors*) that distorts, slants and omits from the news in such a manner that discredits patriotic individuals and groups and gives aid and comfort to elements that tend to undermine and/or destroy the principles, institutions and freedoms upon which our Country was built. Such a program also gives individual Americans an opportunity to ex-

press their opposition to that "Liberal" section of the Mediums (including newspapers and magazines) that features Communists, Socialists, Radicals and extreme Leftists as loyal, patriotic and respectable citizens.

Such a Citizen-organized boycotts against the Liberal-Left and/or controlled Media and against the business firms that support such Media is no different than . . . 1) Labor unions that boycott (via pickets) business firms that do not bow to their edicts . . . 2) Civil Rights Groups that organize boycotts against business, white merchants — such as the case of Martin Lucifer King's threat of boycotting the entire state of Alabama . . . 3) The UN's (and the U.S.) threat and "Resolution" to boycott South Africa and Rhodesia !!! . . . 4) The boycotting activities of the "Anti-Defamation League."

This organized movement should analyze and monitor ALL Media that utilizes advertising, such as: Newspapers, Magazines, TV and Radio.

(Note:—Such a campaign CAN be successful—it HAS been successful, and I will later cite the successful-cases. MCF.)

A monthly or bi-monthly report (publication) with nation-wide circulation should be set up (similar to "Variety," the Show Business publication) to review or analyze the various Media and reveal all Left-Wing slanting and bias. Newspaper editorial policies, Editorial writers, Columnists and Radio and TV programs and personalities would be discussed and sufficient documentation would have to be provided to give proper authenticity.

And bear this in mind: the power of a newspaper (or magazine) does not lie in its advertising columns — it lies in its subscribers — its readers; take the subscribers away from a newspaper and that newspaper is dead! MCF.

In addition, the "Report" I mentioned above, should regularly analyze those ADVERTISING AGENCIES that consistently direct their clients to the Liberal-Left Media. A thorough exposure in this

area will encourage "*responsible*" businesses to avoid such Agencies — it will also tend to reorient many Agencies more and more to a pro-American viewpoint, and this will place a greater demand on all Media for more responsible presentations.

But, inasmuch as we will thus be demanding RESPONSIBILITY, we, ourselves, must also be responsible; therefore, no business firms should be boycotted until they have first been contacted. At least two or three attempts should be made to enlighten them. Only *after* conscientious efforts have proven unsuccessful should the firm be placed on the boycott list.

Unquestionably, we must expect that every effort will be made to discredit and even destroy such a new organization (*that I propose*). All Liberal-Left factions, exerting vast pressures, will be brought to bear. It therefore will be necessary to do everything possible *in advance* to plan intelligently, so that the movement will be endowed and protected with responsible and ethical standards. Policy procedures, rules, proclamations, instructions and correspondence should be couched in language and terms that will command the respect and allegiance of all responsible patriotic groups and individuals. Business firms must thus be made to realize that they are facing the organized resistance of America's finest and most respected citizens!

When a decision is finally reached to boycott a firm, because (*for instance*) of certain extreme Leftists who consistently appear in its TV or Radio program, or Show, a legal-type summarization should be submitted which should include: . . . 1) the person's background, philosophy, affiliations, etc., . . . 2) the TV's program's consistency (*pattern*) in presenting these types of people (*provide examples of pro-Communism, Leftism, etc.*) . . . 3) The Station's or Network's orientation — for instance ownership of Station by a pro-Communist or so-called Liberal . . . 4) Efforts that were made to enlighten or communicate with the Sponsor and/or Station . . . 5) Give final conclusions and recommendations on how the boycott should be carried out — and alternate "*products*" recommended — *especially if the recommended products were using pro-American Media!*

In short, members of the organization, when and if it comes into being, *and for the salvation of our country it MUST come into being*, should be required and encouraged to at all times conduct themselves in a "*responsible*" manner that will contribute to public approval, understanding and support. A set of "*rules*" might eventually be established that would provide "*guide lines*" through which negotiations and various types of action can be taken.

Then, as the program develops, it may be feasible to set a goal through the initiating of a "Petition" that will aim for "Ten Million Americans" who will support this "boycott" project in all its phases. "Supporting" such a program would not only mean participating through purchases and Boycotts, but it would also mean passing the word on to others and encouraging your friends and neighbors, club members, fellow students, Union and Church members, etc., etc., to do the same thing. The Media owners, *even those who* advocate a collectivist-Socialist system and Advertisers will eventually come to the frightening realization that ten million (or even five million or one million) pro-American activists could spread out to many times that number and, under certain conditions, catch on in such a manner that much of the nation's population would be drawn into the spirit of the participation — *a patriotic spirit that could produce a psychological tidal-wave of "select buying" that might well jeopardize the economic security of much of today's Liberal-Left Media and also many of the nation's large business firms!*

The selection of a name for this organization is highly important. The use of the words "patriotism" or "Americanism" would encourage the misguided "Liberals" to "label" it as a "lunatic fringe" right wing organization and its effectiveness would, therefore, be greatly limited. A somewhat innocuous name that will permit a large portion of the public to participate without fear of "Labels" should be carefully considered. Here are a few suggestions — and they probably can be improved upon . . . 1) "Consumers Organization (or Club) To Support Responsible Advertisers" . . . 2) "Dollars For The Aid of Responsible Advertisers" . . . 3) "A Consumers' Plan For Responsible Advertisers" . . . 4) "P. P. — PURCHASING POWER."

Subtitles and Slogans could emphasize: "Let's make PURCHASING POWER a devastating weapon in today's ideological conflict (or Cold War)."

Three of the above suggestions mention "Responsibility" — and who can argue against RESPONSIBILITY? The entire program could and should be built around RESPONSIBILITY — the Advertiser's RESPONSIBILITY and the Media's RESPONSIBILITY to this nation. Aid and comfort to an Enemy is most certainly NOT a responsible act. If a TV Station consistently gives favorable treatment to known Communists, Socialists, or to extreme Radicals, or if it features programs, Panels or Commentators that are favorable to these subjects and personalities, *even if camouflaged*, a respectable American Business Firm does not have to, and most certainly *should not*, support it. In fact, to do so would also be giving

aid and comfort to the forces that are dedicated to the destruction of this nation, and such "aid" would be definitely considered "*ir-responsible*" — and under such circumstances it would be the MORAL duty of good Americans to oppose, *in every available legal way*, that program, that TV Station and that ADVERTISER!!!

And let me emphasize again: it might be well to run a parallel program (*in this nationwide organization*) that will recommend those competing "*products*" that have been, and are, placing their advertising in good responsible pro-American Media. This would be a POSITIVE action and it would provide encouragement to the RESPONSIBLE Media and to the RESPONSIBLE Advertisers — it would (we hope) *refrom* those who "*unknowingly*" (?) have been giving aid and comfort to the Enemy.

Now I will STRESS one more vital point: this new movement must be initiated in such a manner that it will not be "*tied*" to any specific group or faction that is even remotely "*labeled*" or "*dis-credited*" — thus it will be able to have a much broader following. Here is what I mean: there are a number of truly Patriotic Organizations that could legitimately launch this movement, but most have been, in most cases, wrongfully "*labeled.*" For one example, let's take the "*John Birch Society:*" logically, the "*John Birch Society*" could launch such a movement — they have a large nation-wide membership that would provide a great foundation for it. To my distinct knowledge the "*John Birch Society*" contains in its membership some of the finest American patriots in the Land, but, unfortunately, some of the statements issued by some of its Leadership has given the "*Enemy*" great opportunities to "*label*" the Society and thus made it too controversial for many an average person. In other words, I personally, ascribe no fault to the "*Society,*" but its auspices for such a movement might be too great a handicap. The Leadership of this new movement must be beyond criticism. Under such a condition, other conservative Groups and Media would assist by helping to publicize it. Editorials, Feature Stories and some TV and Radio programs might well be encouraged to support it. In short, the "*organization's*" stationery and literature should indicate an "*independence*" that would make it difficult for the "*Liberal-Left*" to LABEL and SMEAR.

The large Firms that advertise will be more impressed and will respond more readily and more favorably if they feel that it is not a *so-called Rightwing Extremist* program, but a RESPONSIBLE effort by loyal American citizens who are at last fed up and are responding in the manner they can be most effective — *through the POCKETBOOK!*

What business man wants to buck the determined efforts of

millions of "responsible" citizens who make up the PURCHASING POWER of this nation? . . . Not "White Power" . . . Not "Black Power" — but PURCHASING POWER! !

(Note:—In the above I stated that sponsorship of such a movement (organization) by any Patriotic Organization would open it up to "Labeling" and "Smearing." But there is one Patriotic Organization that no one could "Label" or "Smear," because it is so distinctly American that it is immune to attack by the "Enemy." The organization I refer to is The American Legion — they could, if they would, make such a "movement" absolutely attack-proof and invincibly successful. Please, please, get this "News-Bulletin" to the attention of all Legion Post Commanders, State Commanders and the National Commander. This, to use a slang phrase, is "right up their alley.")

PROOF OF ITS POWER

Earlier I stated that I would provide documentary proof that such a "movement" could be — *as it has been* — effective against all TV and Radio Sponsors, big or small, in America. Well, here is the proof:

In 1949 when we (CEG) launched the fight to force the California Legislature to review (*open-to-the-public*) the "United World Federalists" (UWF) Resolution which they had *secretly* passed, Chet Huntley was the publicity director for the UWF. He also had a Radio-TV program in Los Angeles similar to the one he now has on a nation-wide Channel. As soon as we launched our campaign against the UWF "Resolution," Huntley launched a vicious Radio-TV attack on CEG and all of the "lunatic-fringe" (*his expression*) Californians who supported our efforts. And he, and his Station, refused to grant us equal time to voice our views. Immediately all of the Club women in the State, the American Legion, VFW and individual patriots deluged the station — *and the Sponsors* — with "promises" to boycott the products of Huntley's Sponsors, *and, for good measure, all the other Sponsors who patronized that Station.* Without going into the details, that campaign to drive Huntley off the air was highly successful. Neither the Station nor the Sponsors dared to defy the threatened "boycott" . . . Huntley was "fired" by the Station.

However, the ADL, who also supported the UWF treasonous "Resolution," couldn't "desert" their stooge (*Huntley*). They arranged to get him a much bigger job (*nation wide*) with the "National Broadcasting Company," which, as we know, is absolutely controlled by the Internationalist Bankers and CFR. And they induced, or ordered, "Texaco" to become the Sponsor for the Huntley-Brinkley Newscast.

We (CEG) promptly contacted "Texaco" and told them the whole story about Huntley. "Texaco" ignored us. We contacted them again and again. And again and again, they ignored us. All of our members and other interested patriots deluged "Texaco" with letters, threatening to discontinue their patronage of all "Texaco" stations. Officials of "Texaco" responded to some of the letters from prominent Trucking Companies, in which they "labeled" CEG and Myron C. Fagan as *rabid* and *Radical* Rightists.

Then something happened: the people in one large Louisiana city organized to take *action* — they "boycotted" EVERY "Texaco" station in the city. The people in a large Massachusetts city followed that example — and there was evidence that similar action was being planned in other cities. The President of Texaco promptly — *and hurriedly* — wrote a very apologetic letter to me — and informed me that "Texaco," despite all pressures from NBC, had cancelled their Sponsorship of the Huntley-Brinkley Newscast.

Now, of course, the Huntley-Brinkley Newscast is still on the air — NBC "found" new Sponsors for them — but the important point is that the very kind of "boycott" we propose in this News-Bulletin was terrifically effective against one of the biggest TV Sponsors in the country — the Texaco — Huntley case alone is all we need to prove that a nation-wide movement such as I've described in this News-Bulletin can *surely* be the solution to the treason being committed by TV and all the other Mass Communications Media.

I'd like to hear from everybody who reads this News-Bulletin — and then I will further outline how to create and put into operation the entire movement . . . it could mean the "education" the brain-washed American people need — *it could mean the salvation of our nation!!!*

I would like to have opinions and suggestions from those of you who read this News-Bulletin. Discuss this idea with members of the American Legion, the VFW and other Americanism groups.

The American Legion and VFW have a combined total of five million members, and if the last election was any indication there are at least 50,000,000 voters who are dissatisfied (*sick to the teeth*) of the lies and deceit that are being dealt them by the mass media of communications. These millions of Conservative Republicans and Democrats, with their tremendous influence in the local communities, could create the pressure (*through legal, Constitutional methods*) that could drive the Pinks, Punks and Pacifists from the airwaves; and, in so doing, would restore honesty, integrity and a clear understanding of the sinister forces that threaten this Republic.

If the response I receive from you indicates a willingness to cooperate, I will then outline how to put into operation such a movement. But let me emphasize: a project of this magnitude could not be successfully initiated without the assistance of dedicated Americans in all parts of the country.

I wish to make clear that I have no desire to harm the media of communications and I most certainly do not wish to harm the large Corporations of this nation, but we must face the fact that for thirty years many of these (*business-before-country*) free enterprise business establishments have, through their ADVERTISING, been supporting an army of traitors who have entrenched themselves in the most important segments of our Communications.

The *business-as-usual* business tycoons and the "to hell with the country" Advertising Agencies have actually been psychologically conditioned to believe that it is more prudent, more business-like and more SAFE to sponsor radical Leftists who would destroy the very free enterprise system that has contributed to our security and high standard of living than it is to sponsor patriotic Americans who devote their talents and energies to DEFEND THAT SYSTEM.

But the safe security that the ADVERTISERS have enjoyed in the past is now *at an end!* Attempts have been made to appeal directly to the Media, but it is so heavily influenced, intimidated and infiltrated by the Leftwingers, all efforts have failed. The business executives seem to feel that they have no obligation to the people and the nation and they refuse to rectify a situation that continues to erode the moral and spiritual foundation upon which this nation was built. These *business-before-country* Executives have actually been providing the funds and paying the bills that keep the anti-American programs, commentators, reporters and STATIONS on the air!

And who has supported, paid the bills, and made possible the

Executive POSITIONS and the success of the giant corporations AND their vast ADVERTISING BUDGETS? The STOCKHOLDERS! Millions of fine, patriotic STOCKHOLDERS! And it has also been made possible by the millions of patriotic CONSUMERS *who buy the companys' products ! ! !*

The time has come TO ACT. The time has come for millions of infuriated STOCKHOLDERS and CONSUMERS to organize themselves into a gigantic force that will impel the Left-oriented Media to change its course *or* be driven out of business. And if some of the "*business-first*" corporations wish to go down in the process, it is with our sincere regrets, but that is a part of the bitter fruits of WAR!

AID AND COMFORT TO THE ENEMY *must stop!* And it can be stopped by the type of nation-wide movement that I have suggested.

Your cooperation will be needed. You, your friends and the thousands of civic, fraternal and patriotic clubs that now exist will be asked to play a decisive role in ridding our Mass Communications Media of the Leftists and pseudo-Liberals who have been systematically contibuting to the destruction of the free world.

Please let me hear from you at once. Our COORDINATED effort could mean the "*reeducation*" that the American people so desperately need. It could mean the SALVATION OF OUR NATION!

AN EXPERT OPINION

To emphasize all of the foregoing, the imperative need of rooting all the Reds out of all of our Mass Communications Media, I will now repeat a statement issued by Senator Karl Mundt in September 1963, and which he has since reiterated; in which he urged a new investigation of Communist infiltration of the Film Industry. Mundt was a member of the House Committee in 1947 which held the spectacular "*Hollywood Ten*" Hearings, and in a letter to Senator Eastland, Chairman of the Senate Internal Security Committee,, he charged that many of those identified as Communists at that time have been re-hired by the Hollywood Film Producers. In his letter Mundt recommended, *and urged*, a new probe of the Reds

in the entire Entertainment field, including TV and Radio. With his letter he enclosed a "Resolution" passed by the American Legion at the 1963 convention demanding an investigation of the "re-capture" of the film media by agents of the Red Conspiracy. The "Resolution" stated that the American people must *again* be made aware "of the exploitation of Motion Pictures (and TV) for Communist propaganda and indoctrination."

Senator Mundt asserted in his letter to Sen. Eastland that the Congressional hearings of 1947 resulted in Hollywood studios severing connections with known Communists for some years. However, he added, many of those identified as Communists at those Hearings have been again put on the payrolls of Film studios. "They are again in a position," Mudnt stated, "to pervert the morals, to prejudice the thinking and to weaken the patriotic motivations of young Americans as well as adult citizens who see motion pictures and TV."

Mundt expressed confidence that fresh Congressional Hearings would not only re-identify Communists who have returned "to the scene of their crimes against Constitutional Freedom," but disclose others whose connections with the Communist movement have been concealed. From such an investigation, Mundt pointed out, a "clean-up" campaign against Communist puppets in the Film Industry could be expected.

"Especially in this day and age," Mundt stressed, "when so many of our American motion pictures are being exported abroad, it is imperative that none of them in any way be utilized by traitorous Communists in our midst to downgrade America or to betray our Constitutional concepts of freedom and justice."

Note:—That statement by Sen. Mundt, who certainly "knows the score," should silence all those who "question" the authenticity of our "RED STARS TRACT," in which we name between 200 and 300 Hollywood and TV celebrities as the most notorious Reds in the Industry. MCF.

Of course, that other media, the Press, including Magazines, require an equally rigid "clean-up," but the Sponsors (*Advertisers*) could easily do that job — once they realize that the buying public,

especially the housewives, will boycott their products that are advertised in "*Liberal*," or Red-leaning, publications.

P.S. The CEG "Cells" suggested in our February 1967 "*Special Bulletin*" can go very far to solve our "*Mass Communications Media*" problem and outrage — it can save our Country. Please do everything you can to enlist all your neighbors and friends into such "Cells" — and also draw in every Study Group and Patriotic organization into this fight to cleanse our Mass Communications Media of all Reds and CFR controls . . . *it is a fight for your children!* MCF.
