SEPTEMBER-OCTOBER 1969 - NEWS BULLETIN

KNOW the TRUTH and the TRUTH shall make you FREE

The most important thing for all of us to always remember is that the salvation of our Country depends upon getting the TRUTH of the GREAT CONSPIRACY to all of the American people. When—and if—that will be accomplished our Nation will again be FREE and SAFE. The Masterminds of the GREAT CONSPIRACY (the CFR) have complete and absolute control of ALL our MASS COMMUNICATIONS, so we know that the PRESS, TV and RADIO won't tell the TRUTH to the people, thus it is up to YOU and me to do it . . . USE OUR "ILLUMINATI-CFR CONSPIRACY" RECORDINGS and "RED STARS OVER HOLLYWOOD, TV and RADIO" RECORDINGS and the "CHILD SEDUCERS" Record to alert all of the American people.

WHERE ARE WE?

Throughout the past decades, ever since Woodrow Wilson stepped into the White House, we have been beset by problems and troubles which never would have come into existence had we rigidly observed the behests of the wonderful CONSTITUTION we inherited from our Founding Fathers—and if we had obeyed the advice of George Washington to never become involved with the affairs of other nations. Instead, beginning with the unconscionable Wilson, we have time after time elected to the Presidency men who faithfully promised to solve all our problems and troubles, but who, instead, increased those troubles and problems.

There is no need for me to go into the details of those men who deliberately betrayed their oaths and broke their promises—promises glowingly pledged during their campaigns. We know that Wilson, at the behest of Jacob Schiff, an alien tool of the Rothschilds, delivered our entire Money system to the “*Robber Barons*,” whom we call International Bankers. We know how, at the behest of that same Jacob Schiff, Wilson hurled us into World War One, our first departure from Washington’s urgent advice to stay aloof from the affairs of other nations, he (Wilson) used the flimsy and false excuse of the sinking of the *Lusitania* as his reason for dragging us into that War, in which many hundreds of thousands of our young sons were murdered and maimed. . . .we know how Franklin Roosevelt, the most vicious, craftiest, and most licentious of all our men in the White House, did throughout all his years in that office betray us and betray us and betray us; we know how, without even submitting the matter to our Congress, he granted “*Recognition*” to Communist Russia, and thus created the most powerful and vicious enemy for our nation throughout our history—we know how he deliberately handed over to Russia all the secrets of our A Bomb, and thus created a Menace under which we have been living for the past three decades—we know how he planned the Pearl Harbor attack which dragged us into World War Two, in order to save Russia from Germany, a war which murdered and maimed more than a million of our young sons—we know how he planned and created the “*United Nations*” in order to destroy the sovereignty of our nation—we know all about his secret meetings at Yalta when he betrayed all of Eastern Europe into the enslavement of Russia. . . .we know how his successors in the White House, at the behest of the “*Council on Foreign Relations*,” dragged us into the Korean War and the no-win War in Viet Nam. And we know how Earl Warren and the other men in the Supreme Court deliberately flouted our Constitution by issuing “*DECISIONS*” “*based on the principles of the UN Charter.*”

We have been constantly told that we are the richest nation the World has ever known, yet our National Debt is greater than the combined Debts of all the Nations on Earth. We have been told that we are the most powerful nation the world has ever known, yet a little rag-tag so-called Nation, North Korea, has seized the "Pueblo," and our Washington BIG BRAINS didn't dare to take the action necessary to prove our strength—*instead turning it over to the "United Nations."* In short, we have surrendered our riches and our strength to those (the CFR) who now truly govern our nation and our people. So I ask: "WHERE ARE WE" today?

There is one other question to "WHERE ARE WE" today: Throughout our history we have depended upon our Congress to hold in check all betrayals by our Executive and Judicial Departments, but since the days of Franklin Roosevelt our Congress has surrendered all its powers to the men placed in the White House, who, in turn, have been carrying out the orders of our greatest Enemy, the CFR. And our people, brain washed by the CFR's controlled Mass Communications Media, have stood by and permitted all those betrayals that are intended to transform our once great United States into a unit of the GREAT CONSPIRACY's One-world Government.

All of the foregoing is the answer to that "WHERE ARE WE" desperate question. We know that the destiny (?) of our nation is in the hands of the most untrustworthy men in the history of our Country. Yet, there is a way that we, the people, can change all that with one sure-fire process. I've explained all that in our "News Bulletin" No. 138, in which I stressed how 27 loyal Military men, led by Congressman John R. Rarick, have organized themselves into a Committee that has submitted to Congress a "PETITION FOR REDRESS OF GRIEVANCES," which would take all powers to continue treason out of the hands of the men we have elected to safeguard our nation and who have proven false to their oaths. That one step can save our Country-but those 27 men need, **MUST HAVE**, the full support of all of the American people. **ARE YOU** willing to give them that support by telling your representatives in Congress, *in no uncertain language*, that they **MUST** enact that PETITION into a LAW? *That is our only hope for the future of our children and for the salvation of our Nation. . . .* Please, PLEASE read "News Bulletin" No. 138 again *and again* and join those 27 heroic men in the greatest effort to save YOUR Country for you and for your children. . . . *carry out ALL the Directives in that "News-Bulletin" if you love God, your Country and your children! ! !*

YOUR CHILD IS THEIR TARGET

Having said all of the above about the methods employed by the Masterminds of the GREAT CONSPIRACY to use our elected officials to destroy our Nation, I will devote the rest of this document to show you how they are using YOUR children to so demoralize our nation as to make it an easy victim for their (ONE-WORLD) objective: In order to leave no doubt that there is a fully organized conspiracy to demoralize our YOUTH, I will remind you that shortly after Lenin and his co-conspirators destroyed the Czarist Regime and replaced it with their Communist Dictatorship, Lenin, issued the following statement: **"Let me get control of the Youth of just one generation and I will control the world."** He directed that statement directly at the YOUTH of America, as only America stood in the way of the ONE-WORLD Conspiracy.

It must always be borne in mind that Lenin himself was not the supreme Dictator that he pretended to be. His "*Revolution*" in Russia was planned for him and financed by the International Bankers in New York, London, and even in Germany. The Jacob Schiffs, the Warburgs, and the Rothschilds were his mentors and financiers. As I have previously related, Lenin had called his "*Revolution*" a revolt by the Bolsheviki, but on orders from Jacob Schiff, delivered by his emissary, Col. Edward M. House, he changed it to "*Communist*". This was done in 1918 and was duly documented in Webster's Dictionary.

Anyway, those Masterminds of the Great Conspiracy launched their project to capture the minds of our Youth as far back as that. But it was not an easy job. During the early years of that particular Conspiracy, our Press was still free to tell all the truths to our people—the parents of those years were still the masters of their households—the PTA's were still loyal to their peoples—the Teachers, likewise, were loyal to their charges (*the children*), and our Youth continued to live a regular, orderly, and properly disciplined childhood. True, there always were pranksters among our kids, but in the main the pranks were in the name of "*fun*," and did not interfere with the general orderliness of the great mass of our children. The change began to come in immediately after World War Two, when the "*United Nations*" created "UNESCO". For years we were led to believe that "UNESCO" was created to help needy children throughout the world. They even took over Halloween and conditioned all our youngsters to consider that "*Trick-or-Treat*" (*game*) as a collection agency for their (UNESCO's) "charitable" objectives. Only in recent years have some of us come to realize that UNES-

CO's real objective was to achieve, *with the help of the CFR*, absolute control of the NEA, our "*National Educational Association*"—we didn't know that they were infiltrating fiendishly trained stooges into PTAs in all parts of our Country—the same PTAs (*once*) composed of parents to guard our schools—we didn't know that many of our once trusted and dependable teachers had been forced to join in the plot to demoralize our youth. . . . In the following I will reprint revelations from a document titled "PAVLOV'S CHILDREN," of how our once innocent young children have been transformed into a mass of evil-minded, sadistic, self-controlled young sex deviates.

Today the average age for assault and rape is 15. The crime rate in the United States has risen 99 percent in the past year and over 90 percent of the teenagers arrested for sexual assault are found to be in possession of every type of pornography. It is a time of flagrant immorality, a time when the old standards have crumbled as if hit by history's greatest tidal wave of filth and perversion and sex promiscuity undreamed of even five years ago. Today America's theatre marquees scream every kind of degeneracy known to man, from witchcraft and occultism to devil worship and necrophilia. "ROSEMARY'S BABY," spawn of Satan and a teenage girl, is seen by millions of gaping young people, while the biggest picture of 1968 concerns the sexual relations of a young man with his girl friend's mother

The bookstalls flaunt every kind of obscenity, from the pernicious and unspeakable ANKH magazine to the flaming pornography of the nudity cults. Raw sex is peddled in every drug store while the nation's mailmen stagger under a burden of filth that pours off the press and into America's homes. Nothing is sacred and the profane is sold in the open market places of our cities, while God is mocked and the churches themselves stage dances for sex perverts, and nude statues are substituted for the stations of the Cross in at least one Oklahoma City Catholic church. Men and women dance naked before the high alters of some of our once great churches, while the sacred hymns of Christendom are replaced by the staccato beat of the Jungle rhythms and the occult incantations of the "jelly head" generation. Ministers, Priests and Educators trample all over one another to welcome the bizarre, the strange and the occult into their houses of worship and their so-called schools of learning. . . . Television Stations are bombarded by filth from the Studios of Hollywood. It brought this response from one decent-minded local Station owner: "*If you dirty little boys want to write nasty words on restroom walls, that may be fine for you, but don't try to get me to show it over my Station.*" That's how TV Stations, beamed to millions, vulgarize the Sex act, and make the relationship between men and women sordid and vicious and depraved. The Smothers Brothers

skirt the thin line between pornography and good taste, while bordering constantly on the purely subversive. (*So foul was their "Act" that finally their channel had to adopt cancellation measures with them!*). . . . "LAUGH-IN," to which millions of Americans, Adults and Youth, tune in every Monday night, lauds the latest vulgarities of the far-out cults, those whose deeds only a few years ago were too depraved and too demented for exposure to the light. . . . Venereal disease is a raging torrent across the Land, with teenagers by the millions infected and spreading it to one another faster than the shots of penecilin can stop it. LSD is running its mad and insane course, with babies now being born *hideously deformed* from women whose chromosones are permanently damaged by this vile drug, which was (*supposedly*) invented originally by the chemical warfare branch of the U.S. Army as a weapon to be used against an enemy. . . . Marijuana is as common as cigarettes, and any child can get this noxious weed within a block of his home for less than the price of a hamburger. . . . Child molestations increase, with the Supreme Court always finding ways to release vicious and depraved sex offenders, while the children in some cities are now guarded by special block parents who display a white flag outside their houses so the child will know where to run for help when accosted by a deviate.

If you want further proof of the depths to which those who would demoralize our youth descend, the leading play on Broadway concerns the Sex relations of the hero with a hog, while the rankest obscenity is performed freely and openly under the guise of music. . . . One of the teenagers' idols, John Lennon, appears on the cover of his latest Album, with his pregnant girl friend, stark naked. Across the Land lewd and lascivious publications cater to a reading audience of scores of millions—the papers carry advertisements from every conceivable kind of degenerate peddling his wares for a price—and *some times free!* "Free Love" is an outmoded and old fashioned sounding term today when trial marriages and permanent shack-ups have become the rule among America's college students. Homo-sexuality increases on every hand, while teenage pregnancies now exceed pregnancies to married women in many cities. . . . Parents are ridiculed by teacher, clergymen and other so-called professionals. The children are encouraged on evry hand by the Mass Media and by Educators to consider their parents as hopelessly outdated and "*stupid old fogeys*"—you've heard the expression: "*don't trust anyone over thirty,*" while the Child Seducers go about the Land seducing the young into paths of moral and *spiritual destruction.*

That was what Lenin meant when he said: "Give me the Youth of one

generation and I will control the world"—that's the way the "ONE-WORLD" conspirators plan to enslave the Youth of today and the world of tomorrow.

WILL WE LET THAT COME TRUE?

Today our nation has the highest taxes and the lowest prestige; the highest crime and the lowest morality; the highest national debt and the lowest value of the dollar in our history. We have more restrictive laws and less personal freedom. We have more riots with less protection—and, *since the UN came into being*, we have all war with no Peace. We have more dissension and less national pride . . . and the price we have paid—and *are paying*—has been our Liberty, our Honor, our Freedom, and more than 250,000 American boys slaughtered and maimed in a deliberately purposely "no-win" war in Vietnam, without hope, without promise, without intent of victory.

This is the state of our nation today. Where do we go from here? Is Lenin's "prediction" about our Youth to come true? Is the average age for rape victims going down to the eight year olds? Will all our High Schools soon have "Sex Rooms," as was suggested by a California teacher? What next? Rome, Babylon, Sodom and Gemorrah?

The unspeakable sexual atrocities committed in Roman Coliseums were not unlike the sadism and perversion flaunted before America's millions on TV. Have we become a 20th Century Rome when America's leaders dine and wine at sumptuous parties while their cities burn? Is this Rome, when Government and State Department leaders vie for the favors of the homosexuals? Is this Rome, when the left hand man to a President of the United States is exposed as a sexual degenerate who haunts the toilets of a Washington YMCA? Is this Rome, when our leaders lift their wine glasses in toasts to the leaders of the very enemy our boys are supposed to be fighting in Vietnam? *How much longer will the mothers of the boys who are dying in Vietnam remain silent?* How much longer before the final collapse of the American Republic?

(NOTE:—Many of the pages that will follow will not be pleasant reading—especially for the fathers and mothers who are puzzled and bewildered by the strange behavior of their children . . . some of it will be horrifying reading that will seem utterly unbelievable. But I earnestly urge that you overcome your distaste and read every word that follows, because all American fathers and mothers need, terribly need, this "education" if they hope to

save their children and our Country! . . . To prove the absolute truth of what you will read I will cite three documented authorities who confirm every word that you will read—authorities who are beyond doubt or question.

LIFE MAGAZINE CONFIRMS

If anybody who has read in the foregoing of the perversion of Sex in our Theatre, in TV, in Radio, has even a remote doubt about those revelations, I suggest you get a copy of "LIFE", issued on April 4, 1969; *the Cover Page* of that issue proclaims the following: "SEX IN THE LIVELY ARTS . . . HOW FAR IS FAR ENOUGH?" And in the body of the magazine they devote many pages to describe all the lewdness and sex-filth now rampant in our Stage Plays, in Films and in TV. If you want still further proof from a very reliable source, write to Congressman James B. Utt for a copy of his "letter" released on March 26, 1969, in which he describes the activities of "SIECUS," the organization that is the prime instrument to spread the "SEX" disease into all the schools in our Land from the Kindergartens to our College Campuses . . . Also write to Congressman John R. Rarick for a copy of the Congressional Record which published *his* denunciation of SIECUS on February 7, 1969. . . . Please, PLEASE be sure to get copies of the Utt "letter" and the Rarick speech from these unimpeachable sources—they confirm the revelations in this "News-Bulletin" in no uncertain language.

And now I will provide a third positive documentary of that Lenin "prediction" that they, the ONE-WORLDEERS, would gain possession of the whole world by destroying the morale of just one generation of our Youth. This documentary came from General William Dean, one of our Korean War heroes: As he was being released from a North Korean prison camp, General Dean was told by one of his tormentors that "*they*" would soon see him in the United States. Dean, completely puzzled, asked him what he meant. "*We will destroy the moral character of just one generation of your Youth,*" responded the North Korean, "*and when we will accomplish that, you will have nothing left with which to defend yourselves.*" . . . The North Korean who made that statement was a chief Aide of Moscow's General Vasiliev, who at that time was on a "*leave of absence*" from his post as head of the UN Military Secretariat and serving as the Chief of the Red Chinese and North Korean armies. Thus, that statement came right from the horse's mouth.

Thus our problem is in the schools and the churches and the homes of America—but primarily it is in the schools.

Years ago a Russian scientist named Pavlov experimented with dogs in his laboratory in Moscow. From his experiences with animals and human guinea pigs came certain basic tenets that have come to be known in our time as the "*behavioral sciences*." In the book "*Brainwashing*," the Communist set forth the premise that America can only be brought to its knees through the instrumentality of what they chose to call the "*Change Agents*." Thousands of these agents, they said, would be sent throughout the land, and they would be placed in positions where they could work as agents to change our society into the slave state envisioned by Karl Marx and those who financed his diabolical Satanic plan for the world.

The "*change agents*" are with us, in positions of power, and especially in positions within the public schools of America—in the *elementary schools*, in the high schools and in the colleges. They are seducing the young of America, changing their moral standards, causing them to revert to a primitive, atavistic standard of pleasure for pleasure's sake, with no discipline and no morality and none of the character molding precepts that made this country the greatest power in all the world.

Such a "*change agent*" was John Dewey, who infected the entire blood stream of our educational system with his vicious philosophy of permissiveness. Such a "*change agent*" is Dr. Benjamin Spock, whose changed young minds are now following him down the path of hatred of country, of love for America's enemies, of assaulting all the institutions of our society . . . The "*change agents*" can be seen in the colleges, leading their blind young charges on to violence and destruction, perverting and twisting them, until they become caricatures of human beings, without mind or soul or spirit, walking dead without hope or love or joy . . . These "*change agents*" have now come to the fore, brazen in their calculated efforts to subvert the moral will of America's young. The name of their diabolical game is "*sex education*," an innocuous sounding name that contains within it the germinal seeds designed for America's final downfall.

In Anaheim, California, 13 year old children sit around on the floor in a classroom and talk freely about homosexuality, bestiality and trial marriages. They freely bandy about every known word for sexual relationships, leaving out none of the common four letter varieties. and all under the benign *and acquiescing* eye of their teacher . . . Teenagers put on skits in class that include such themes as a girl telling her parents that she is pregnant . . . An English teacher tells her 7th grade students that her favorite play is one in which most of the cast cavorts around the stage naked . . . An Ana-

heim high school displays on the wall of a class room a large poster showing three girls chorusing in unison, "*Damn you Charlie Brown*" . . . Kindergarten children across the country are given a colored book and shown film slides depicting dogs and chickens and people in the act of sexual intercourse . . . Children in many schools see a film showing the alleged seven places on a woman's body where she can be sexually stimulated. *These children are in the fourth grade.* A teacher of sex education in Flint, Michigan, takes off all her clothes before the CHILDREN in her class to demonstrate that they should not be embarrassed about being seen naked in front of one another.

Teachers are enrolled at New York University in the first master's degree course in sex education. The major emphasis of the course is "*sensitivity*" training, which the teachers are persuaded to use in their elementary school class rooms . . . "*Sensitivity*" training is simply Pavlovian brainwashing techniques refined by American subversives to take away individual reliance and make the person reliant upon the groups for all his moral decisions.

Students in 50 percent of the classrooms in America now study elaborate courses in which they learn all about sodomy, incest, necrophilia, homosexuality, pre-marital intercourse and the techniques of physical lovemaking by the time they are ten years old.

Explicit and graphic descriptions of the sex act are given to children in the third grade in scores of schools, while in many schools children in the fourth grade model male and female sex organs out of clay . . . In countless schools across the land mere infants are taught all about contraceptive techniques and are provided with plastic phallus in the classroom upon which they are trained to fit a rubber contraceptive . . . In short, the schools of America are sex saturated, with the girls and boys being taught all the clinical aspects of genital sex at an age when most present day adults were still playing with dolls and toy soldiers.

In the city of Anaheim, the place where Disneyland is a symbol to the world of youthful innocence, all the children from the 7th through the 12th grades learn to use the four letter word for sexual intercourse in the classroom, as freely as yesterday's children asked for a glass of water. The four letter words for various sex acts are written on the blackboards and are expounded on endlessly by the teachers, while hours of time are devoted to a clinical dissection of every perversion and degeneracy known to man . . . In the words of a Los Angeles physician, Dr. Melvin Anchell, the teachers are *seducing your children* and causing psycho-sexual trauma that will produce an entire generation of perverts and degenerates.

The long popular educational expression 'Learning Readiness' is tossed out the window by the pied pipers of the New Sex Immorality. Now, in sex classes, all five year olds are considered to be old enough to learn clinical aspects of sex even if they can't read. All seventh grade youngsters are bombarded with the same lascivious and deliberately inflaming sexual knowledge, whether they are psychologically ready for it or not . . . Nothing matters to the sexologists who lust after your children. They couch their words in clinical language when talking to the parents, but when talking to the children the mask is slipped aside and all the dark, hitherto unspeakable monstrosities are paraded before the young in a veritable smorgasbord of sex. The children are invited to choose for themselves which of the preferred sex expressions they want. All are equal in the minds of the sexologists—sodomy, masturbation, homosexuality, bisexuality, bestiality, heterosexuality. No values and no moral precepts are presented, for the sexologists believe that the young should never be given any guidelines. They should only be given every standard of moral behavior and invited to choose their own.

Lest you think that is an exaggeration, let the words of Anaheim High School superintendent Paul Cook speak for themselves: "*We give the kids the whole picture—we lay all the facts out on the table for them and we tell them they are going to hear different ideas and attitudes than in their churches. We tell them that, after all, they do have to make up their own minds, and they're the only ones who can choose their own level of morality.*"

Children in America's schools see a film that tells them that man is created in the image of man. This should come as no surprise, for the sex cultists are worshippers not of God but of the prince (SATAN) of this world: they are humanists who commit the greatest sin of all—they aspire to become gods, just as did the ancient Greeks and Romans before their final collapse into degeneracy and death and decay.

Those who push sex in the schools picture all resistance as coming from those with sexual hangups, from those who feel sex threatened and from those who have sex problems of their own. In Kenneth Barnes book "*He and She*," used in grade schools across America, we read: "*A boy ought to be able to see a girl naked and enjoy her nakedness without any sense of guilt.*" . . . Religion, Barnes tells the students of Anaheim and other cities, must have man as its center, for nothing else will do.

The sex cultists who are pushing a heavily financed program for the total sex education of all of America's children, owe their allegiance not to American ideals and ethics, but to the Marxist dogma

that is the mainspring of all their formulations. One film shown throughout the country shows dogs copulating and then a picture of a man on top of a woman under a sheet. The narrator says: "*Mommy and Daddy are doing the same thing the dogs do.*"

But nothing happens in a vacuum and the sex explosion on America's campuses would not be taking place if there was not a great deal of money and influence behind it. An organization that has heavily financed sex education throughout America is the E. C. Brown Trust Foundation of Portland, Oregon. The administrator of that fund is Arthur Flemming, formerly the head of the National Council of Churches and the former head of Health, Education, and Welfare Department of the United States government . . . Flemming recently told the students at Mac Allester College that the campuses' revolutionaries were not violent enough to suit him. The Brown Trust furnishes money for books and film strips on sex to be used in elementary and high schools.

In 1948 a meeting was held in Czechoslovakia. Attending were such left leaning educators as Francis Ilg. From that meeting, sponsored by the "*United Nations*" and paid for in part by the United States State Department, came what is known as the "*Children's Charter*". That "*charter*" set forth the premise that all children in the world should be educated exactly alike under one International plan to be *one-world* adherents. In 1962 a great many of those concepts contained in the Communist Children's Charter were written into a new federal law known as Title I. Through this law the various schools can secure sex educational materials from manufacturers without having to spend any of their own money. They need only apply for the funds under the guise that the books are to be used for counselling. So, through the Office of Education, the money pours forth in a steady stream to school districts to be used for setting up sensitivity training and sex education courses.

So it is that the sex education program now being offered in nearly half the schools in America was brought about through the "*Children's Charter*" first set forth in Communist Czechoslovakia under the auspices of UNESCO of the "*United Nations*!" But it was still in the germinal stage, still waiting in the shadows for the right vehicle through which the diabolical subversion could be carried out. That opportunity came in 1964 when an assorted gang of professional sexologists met in New York City to form an organization known as the "*Sex Information and Educational Council of the United States*." It is better known today as S.I.E.C.U.S.

Billed as a non-profit health organization, the goal has been made clear. SIECUS was to be the vehicle in which sensitivity training and sordid sex education would find their rightful place in the subversive halls of learning . . . *And so it was done!*

Who were these people who crawled up out of the shadows to finally infect the bloodstream of America's education? Dr. Isadore Rubin was one. He was also a member of the Communist party, identified as such before a committee of Congress by Mildred Blauvelt, a New York City policewoman and undercover agent. He was fired from the New York City school in 1951 and took the fifth amendment when questioned about his affiliations. Rubin was a high official in the New York Teachers Union which was expelled from the AFL for being communist controlled. He is also the editor and publisher of a filthy pornographic magazine called "*Sexology*," which carries such titles as "*Men who Hunt Down Queers*," "*My Wife Knows I'm a Homosexual*", etc., etc. Rubin was elected to the position of treasurer of SIECUS, a job he held until 1969 when public exposure forced the SIECUS group to drop him for the time being.

David Mace was another SIECUS board member and its first President. He keynoted the SIECUS philosophy when he wrote, "*Correct sex standards must be replaced because they are based on premises that are totally insupportable—on the folklore of the ancient Hebrews and on the musings of Medieval monks, concepts that are simply obsolete.*" . . . Mace is a frequent contributor to "*Sexology*" magazine, and of SIECUS articles.

Dr. Lester Kirkendall is another SIECUS official, he is a traveling salesman for sex education and for SIECUS. Currently he is employed by the IBM corporation as some kind of sex expert and is conducting IBM sponsored sex seminars around the country at which he primarily propagandizes for sex education and attacks his detractors. He (Kirkendall) says that any absolute moral standard is unthinkable. Patriotism and love of country he says, are immoral. Since he is a past president of the "*American Humanist Association*," Kirkendall flies into a rage when anyone mentions the Ten Commandments in his presence. Genuine religion, he says, does not lie in belief in the supernatural, but rather in a belief in people. This same Kirkendall is an editor of "*Sexology*" magazine, and recently told a gathering of sexologists at Anaheim's Charter House Hotel that plans were afoot to place "*Sexology*" magazine into schools all over the country with plain covers and titles changed. Kirkendall couches his lascivious sexual hangups in the fancy words of the professional socialologist. Free love, he says, is nothing more than friendly interpersonal relationships. Kirkendall, who has written eight books and 200 articles, lectures incessantly all over the country. He recently appeared in Canada, as well, selling his brand of degeneracy. Human sexuality, he says, involves all of life, every single part of man, and so man, according to Kirkendall, must constantly be caught up in a whirl of sexual activity in order to be

happy . . . He reclassifies "forbidden fruits" of the past into juicy plums for today. He approves with exuberance such sexual expressions as youthful erotic play, masturbation, homosexuality, and every other kind of aberation . . . Kirkendall jubilantly exclaims that there is now real freedom sexually for adolescent couples.

An even more reprobate character, if that is possible, is to be found in the person of William Masters, SIECUS board member and co-author of a book called "*Human Sexual Response*." This book relates colorfully the feelings, pulse rates, physical conditions and general all around behavior of 382 females and 312 males that he and his female co-author observed having sexual intercourse at one of America's universities. Not only did Masters and his strange companion attach electrodes to the bodies of the copulating married and unmarried couples, but he also provided the women with a plastic phallus which recorded vaginal responses . . . Masters had no qualms about using unmarried people to perform intercourse before his motion picture cameras. That carried out Masters' premise that the woman who serves three different men and enjoys all of them is more honest than the faithful wife who serves one man and thinks of another.

Master's work was luridly described in a recent issue of Playboy magazine, and many SIECUS board members wrote letters to the editors of "PLAYBOY," complimenting them on the fine article.

Albert Ellis is not a SIECUS board member, but he is one of their status symbols. Ellis is twice divorced and peddles his Freudian analysis at \$25 per hour. His favorite adjective is the four letter word for human excretion, which he cites incessantly in tones of contempt. He objects violently to all sexual taboos, and said that if he were on a desert island with his sister he would copulate with her. Ellis translated "*Das Kapital*" into English and put out a hate pamphlet called "*The Case Against Religion*." Ellis believes that men who are hetero-sexual are fetishistically attached to that form of sex expression. He recommends they have psychotherapy, so they will get over the idea. The filth that Ellis peddles adds immeasurably to the stench emanating from the SIECUS sexpot. Ellis and SIECUS defend sexual depravity as newly discovered sexuality.

Another board member of SIECUS is the Rev. William Genne. A high official in the National Council of Churches, he was formerly chaplain at Pacific University. While at that college he co-sponsored the appearance of Muriel Lester on the campus. She is the head of the Marxist oriented One-World outfit called the "*Fellowship of Reconciliation*." Bayard Rustin, the leader of the notorious march on Washington, was arrested in Pasadena, California, on a sex perversion charge shortly after speaking at a meeting in Muriel

Lester's honor. Genne also invited an English clergyman to the Pacific University campus whose entire talk was devoted to an advocacy of trial marriages. He is all in favor of pre-marital sex, and says "Wherever healing takes place—there Christ is present—no matter what the church says about fornication." , , , Genne has been a member of at least three identified communist fronts.

Another supporter of the SIECUS program is Dr. Joseph Fletcher, the author of "Situation Ethics." He defines the Ten Commandments as Thou shalt not covet, *ordinarily*; thou shalt not kill, *ordinarily*; and thou shalt not commit adultery, *ordinarily*. He further says that there should be no rules at all. Anything and everything is all right or wrong according to the situation. Fletcher has been a member of 13 communist front groups.

THE HIGH PRIESTESS OF "SEX CULTISTS."

Before going on with the story of this "high priestess," whose name is Mary Calderone, I once again urge you to get a copy of the letter issued by Congressman James B. Utt—his word etching of this woman is so accurately revealing and so horrifying that you will have no doubts about what I will tell you about her. This high priestess of the sex cultists, Dr. Mary Calderone, is the daughter of photographer Edward Steichen. Steichen was a One-World advocate whose most memorable work was a nation-wide tour of his photographs that extolled the virtues of One-World government.

Dr. Mary Calderone, who looks like Whistler's Mother, and talks like a Boston stevedore, is married to a man who was the assistant to Brock Chisholm, the first head of the UN's World Health organization. "The way to human understanding," said Chisholm in 1945, "is through world government. The old ways must be put aside, violently, if necessary." Chisholm also believed in and advocated psychiatric treatment for anyone who did not agree with him.

A goal of the World Health Organizations was to separate all children from their mothers at whatever time they, (the One-Worlders,) decide!

This Mary (Dr.) Calderone addresses vast audiences of educators from coast to coast, at which time she uses the common names for sex organs and the sex acts as easily as most people say hello.

What is sex for? She told 320 young boys at Blair Academy, "It is for fun, for wonderful sensation. Sex is not something you turn off like a faucet. If you do, it is unhealthy."

This is, of course, not only bad morality but bad medicine as

well, for through sublimation the young can achieve mightily in such fields as sports and music and art and education.

Mary Calderone believes that all young people have the right to enjoy pre-marital intercourse, anytime and anywhere. When a Blair youngster asked her what her idea of pre-marital sex was, she snapped back, "*What's yours? Nobody from up on high tells you this. YOU determine it. I don't believe that the old 'thou shalt nots' apply anymore.*"

Dr. Calderone is the spokesman for SIECUS and is warmly welcomed by teachers, administrators and school board members wherever she goes. She doesn't believe, however, that venereal disease education plays any part in sex education. Teachers of sex education, she says, need no special training because any teacher can teach a course on human sexual behavior.

Dr. Calderone says that parents are no judge of whether or not sex education is good, even many doctors are not qualified to teach the course, she says. However, she does not say how it is that *their* chosen teachers are so magically gifted.

This Mary Calderone formerly served as the head of the "*Planned Parenthood Association*", which was given one and a half million dollars by the son of GM's Stewart Mott.

Before leaving the Mary Calderone subject, I will reveal one more vicious item of her background; to wit: one Dr. Frank Calderone is Mary Calderone's husband. He owns the Mineola Theatre in Nassau, Long Island, and the Calderone Theatre in Hempstead. In 1967 he imported the stage show, Minky's Burlesque Follies, to his Mineola Theatre from Las Vegas. This topless girlie show was so lewd and pornographic that Nassau County District Attorney William Cahn made him change several acts before the show could go on. One of the acts involved a dance between a red-head and a male dummy in which the girl's gyrations were described by the District Attorney as just like having sexual intercourse on stage. The District Attorney demanded to see a preview performance after receiving numerous complaints from people from outside the state about how lascivious the show was.

In 1968 the Minsky Burlesque show was again brought to Calderone's Mineola theatre where it played for several weeks to capacity crowds. The District Attorney states that it was the topless girlie shows that keep the theatre financially in the black. Meanwhile, the Calderone theatre in Hempstead plays every movie made in Hollywood.

In other words, dear reader, Mary Calderone, who deplores the "*sex-saturated entertainment media*," is married to a man who produces pornographic sex shows.

Mary Calderone, who wants all the children of America to learn all about sex in order to protect them from the pornographers, is married to a man who stages lewd live shows with sexy lascivious themes in a theatre owned jointly by the two of them. . . . *Such hypocrisy staggers the imagination!*

Sex education in America's schools is largely guided by the hand of SIECUS. Though the organization does not publish much of its own material, its ideas appear in the publications of such outfits as "Harcourt, Brace and World" and the "3M Company."

In Anaheim, the program was planned and the curriculum largely written by Dr. Esther Schults and Sally Williams. Both of them are SIECUS board members and Sally Williams is the coordinator of the Anaheim program today. Yet, the board members in the Anaheim schools claim that SIECUS plays no part in their program.

Dozens of textbooks used in Anaheim bear the SIECUS imprint, and most of the films used in the district were prepared under SIECUS auspices. The SIECUS board members, Kirkendall, Calderone, Schultz and Williams, have played a hand in Anaheim's program, and yet they brazenly declare there is no SIECUS influence in the sex classes. Meanwhile, the city of Anaheim is a battleground today, with parents battling the schools and the children battling their parents. The children are egged on by their teachers, told that their parents are old fashioned and know nothing about the true nature of the courses. The youngsters are warned never to talk to their parents about the program on the ground that their parent's won't understand.

Across the land school boards are besieged by angry and fearful parents, suddenly awakened to what is happening to their children!

A high school teacher in Van Nuys, California, asked his 15 year old students what they thought about kissing, masturbation, light petting, fondling breasts or genitals, sexual intercourse, sexual activities to near intercourse, and sex acts with animals.

Kindergarteners in Palo Alto bathe each other, while in Anaheim, California, the children are given written tests that pry into the most intimate aspects of their home life, including the sex lives of their parents.

"Sensitivity" Training is surreptitiously slipped into the "sex education" classes, and many of the techniques perfected at Esalen, in California, are put into practice in conjunction with the courses. 2000 teachers met in Garden Grove, California, on February 26, 1969 to hear two psychologists tell them that they should attend sensitivity training sessions so they can use it in the classroom. The euphemism of Student-Teacher Dialogue is used to cover up the sensitivity training being carried out in many of the classes.

And through it all there is the constant attempt on the part of the sex teachers to separate the children from their parents, to create the so-called generation gap, to make the children suspicious of their parents' motives, to teach the children to look upon their parents as archaic and ridiculous relics of the past. . . . The child is led by the school into a situational interpretation of every act. The children are made to be aware of their sexuality in everything they do.

SIECUS, fountainhead of perverted sex, has captured the school-rooms of America. They have only to consolidate their position, and a whole generation of young will be lost to the behavioral scientists whose goal is to dehumanize them and capture their minds for their own subversive purposes.

SIECUS members have even advanced beyond the disastrous sex program practiced in Sweden for the past fifteen years, which has left a trail of venereal disease, suicide and illegitimacy unparalleled in all western civilization. (*See Congressman Utt's LETTER*). . .

The Swedish sexologists echo the SIECUS board members when they say, with tongue in cheek, "*All sex activity must take place with a feeling of responsibility.*" What teenager ever felt responsible in the back seat of a car?

Most high school Swedes now accept pre-martial sex as normal and natural and the thing to do. Most engagements in Sweden automatically include bed privileges. Contraceptives can be purchased by anyone from automats along public sidewalks. . . . A 23 year old college student recently won a twenty-five cent lottery that gave him bed privileges for one week with a blond. Unmarried mothers are so common that they are now officially called Mrs. Venereal disease rates are now catastrophic in Sweden. Half of the teen age boys who had venereal disease admitted to sex relations with over 40 girls, and 10 percent reported relations with over 200. Reported rapes have climbed 55 percent in a two year period. Sweden today is a country filled with sexual hysteria, according to 140 of the most prominent doctors who have become alarmed over the fact that the entire country is a brothel. The advanced pedagogues who now rule Swedish education, they said, have bombarded school children with sex instruction for which their immaturity ill befits them—and the result has been an unnatural oversensualization of the rising generation—the young have taken the instruction and are practicing it—and it has produced an obsession even among the adolescents.

That, parents, is what the schools of America are now teaching your children. Take note—we are well along the Swedish road!

SIECUS is affiliated with some of the most degenerate social groups in the United States, and their name appears in some of the rawest pornographic ever sold on any newstands in America. Their

name appears in "Ankh" magazine, a fetishistically inclined sex cult magazine of the most lascivious content. The entire magazine is devoted to pornographs of sex organs.

The SIECUS name appears in "Nude Living" magazine, which is published by the Elysium Institute in Los Angeles, an organization devoted to the promotion of nudity. . . . SIECUS is also related to "Esalen Institute" at Big Sur, California, where Sensitivity Training has been promoted and refined for the past four years. The manager of "Esalen" is Michael Murphy, the brother of Dennis Murphy who wrote the book "The Sargeant" *That book is now a motion picture about a homosexual in the army!*

Other groups associated with SIECUS through affiliations of individuals are Aureon of New York; the Center for the Study of Democratic Institutions in Santa Barbara; the Ford Foundation; the Western Behavioral Institute; the Explorations Institute; the Hippie subculture; the Glide Memorial Methodist Church Foundation; New Sphere; The California Teachers Association, *and the National Education Association!* Other groups that cooperate with SIECUS are the American Humanist Association; the Unitarian Church; the Gestalt Therapy Institute; the Institute for Multiple Psychotherapy; the Bay Area Interfaith Council; the Students International Meditation Society; the Temple of Understanding; the Berkeley Center for Human Interaction; and the Commonwealth Fund.

The dark creatures from a world of barbarism and savagery have been unleashed in the once peaceful classrooms of America. Disguised as sex education, the primordial forces of man's strongest force are being unleashed to be used against intended victims, *your children!*

The past president of SIECUS is Lester Donniger. He sponsored a series of seminars in Great Neck, New York, that included the Communist Pete Seeger, and John Abt, the attorney whom Lee Harvey Oswald first requested upon his arrest.

Dr. Lester Kirkendall exults: "*The public schools will now be able to tear down the outmoded ideas of moral behavior through SIECUS and similar programs.*"

In Pershing Junior High School the teacher informs her fourteen year old girls: "*You will now see a film that will show how a boy feels after he has had intercourse with a virgin.*"

In another Anaheim school the teacher asks a seventh grade group of girls: "*What would your father say if I had intercourse with you?*"

The triumph of this program will mean the end of this civilization. When a nation loses its morals, that nation will vanish from the face of the earth.

What can *you* do, to save your children—and our nation?

First: Be sure to get a copy of the Congressman James B. Utt "Letter" previously mentioned—that will remove all your doubts about what you have read in this "News-Bulletin."

Next: You can organize in your town or city. You can find out if there is a sex education program in your school and then find out what kind of a program it is. Do not take the word of the administrators, for they are all too often captives of the same subversives who have brought this terror into your classrooms. Write to your congressmen and demand that they investigate SIECUS and the whole sex education drive in this country. Demand that your minister stand up and be counted on the side of decency and modesty. Write to the Anaheim Bulletin, Anaheim, California, for information on committees in your area who are involved in the struggle.

And last, the words of our Lord come readily to mind: "*Whosoever would harm one of these, my little ones, it were better for him that a millstone be hanged around his neck and that he be dropped into the depths of the sea.*"
