## THE MONDAY MORNING QUARTERBACKS

---

Well, it's all over — *but the shouting goes on!* A Presidential election that drags on for weeks and months is hard enough to endure, but the worst thing connected with it is the Monday quarterbacking that one has to listen to after it is all over.

Even before the complete (*election*) returns were in, all the self-styled "*Liberal*" columnists of the Walter Lippman—Alsop—Drew Pearson ilk broke out with a rash of gloating "*I told you so*"s — ditto all the TV and Radio "*Assassins*" of the Huntley-Brinkley, Howard K. Smith, Cronkite—Severeid ilk. Ever since the morning of November 4 they have constantly been "*reminding*" us of their "*predictions*" that the American people would, *by their votes*, repudiate the "*dangerous*" (*Extremist*) policies proclaimed by Goldwater. It is hardly necessary to recite their pre-election smears, vilifications and *outright falsehoods*. (See our "*ASSASSINS IN RADIO-TV*" Tract) Nor is it necessary to point to the fact that the "*Council on Foreign Relations*" (CFR) was the source (*and command*) of their "*predictions*" — "*predictions*" intended to *brainwash the naive and the unwary*.

Those of us who are fully aware of the CFR's complete control of our Mass Communications Media can readily see the propaganda — *and further "brainwash"* — in all their current "*I told you so*"s. It is all so obvious! They would have us believe that the Johnson landslide is a vindication of their pre-election smears and "*predictions*" — that all of the American people have, *by their votes*, confirmed their "*Liberal*" views. Actually, even though at first glance it may seem paradoxical, the Republican Party went down to GLORIOUS defeat on November 3. Glorious, in that it clearly established that 27 million American voters, *and not just Republicans*, are now fully alerted and awake — because, as I have previously pointed out, not all of those 27 million were just blindly supporting the Party label. Many of them were disillusioned Democrats and Independent voters who voted for the salvation of their country — just as did the Republicans who voted for Goldwater. Moreover, there is absolutely no doubt that the CFR and all their stooges in the Press, TV and Radio are fully aware of that fact — their shrill "*I told you so*"s are nothing more nor less than desperate efforts to deepen the slumberings of the millions who still don't know the score.

Now let's turn to the Benedict Arnold-type members of the "*Liberal*" wing of the Republican Party. Beginning on November

4, and no doubt on orders from the CFR, all of those so-called Republican "Liberal" Leaders have been devoting themselves to what they call "diagnosis." Immediately after the full returns were in, they began anew to deplore the nomination of Barry Goldwater. They continue to talk of "what might have been," what the vote status would have been had a Scranton, or a Romney, or a Rockefeller or some other "Liberal" been the Presidential nominee . . . They are blaming the defeat on Goldwater and his Conservative followers, saying out loud, or by innuendo, that Goldwater KILLED the Party. What they call a "diagnosis" actually is a phony autopsy.

But it is a far more realistic presumption that had any one of the above mentioned "Liberals" been the GOP nominee the Party would have suffered a far more disastrous defeat. As I've stated, the vast bulk of the 27 million votes for Goldwater came from Conservatives—Republican, Democrat and Independent Conservatives. Most of those Conservatives would have shunned a Scranton, a Romney or a Rockefeller, just as bluntly as they shunned Lyndon Johnson. Chances are that if the Republicans had nominated one of those mentioned above, Alabama's Governor Wallace would have run on a third Party ticket and split the vote to such an extent that the Republicans would not have carried a single state—and quite possibly have thrown the choice for the Presidency into a Congressional decision . . . and that might well have been all to the good!

---

### THE "PLANNERS" ARE AT IT AGAIN

---

Plans for "rebuilding" the Republican Party are already in high gear. Do I have to name and identify the "planners?" That phony "Military Genius," Eisenhower, again is projecting the "Father Image"—if, judging by his most recent appearances on TV, the rapidly-going senile Ike can portray a "Father Image." CFR's Nixon, too, is handing out "fatherly advice." Ditto Rockefeller. Romney, having won re-election in Michigan, is now cracking himself up to be the Party's only choice for the Presidency in 1968. And let me repeat here and now, if Romney or any of the other "Liberals" is the GOP nominee in 1968, the Party is doomed for even a worse defeat than it received last November. The millions of Conservatives, core of the 1964 voting strength, will never support a Romney—and that goes for any other politician of the Rockefeller—Javits—Keating—Kuchel political philosophy.

My most earnest advice to the true Republican leaders, the men with whom Country comes FIRST, is to launch a massive house-

cleaning of the Party. The Romneys, Rockefeller, Javitses, Keatings, Kuchels, Eisenhowers and all synthetic "Republicans" should be driven out of the Party—they belong in the Democrat-Socialist Party!

Apropos of that advice, I wish to stress the greatest danger that all such men spell for the Republican Party, and I include those who claim they voted for Goldwater, but who voiced their disapproval of his "dangerous conservatism." All of them are busily slapping the faces of the 27 million Goldwater voters by telling them they are *misguided* conservatives and hence were to blame for the defeat suffered when the other Party got 43 million votes. To express it mildly, that isn't tactful or wise politics. It is far more pertinent for the 27 million to ask in this case why the winning Party was provided with such a substantial number (8 million) of votes by citizens who voted Republican in 1960. Unquestionably, most of those 8 million were pied-pipered into the Johnson landslide by the very so-called Republican Governors and the other Party leaders who call themselves "moderates" or "Liberals," and who now are loudly contending that the Conservatives must be repudiated and that control of the Republican Party must be turned over, not to the 27 million who supported the Party ticket, but to the 8 million who DESERTED it.

There is another vital feature that is being overlooked in the general analysis of the November 3 debacle—*deliberately* overlooked by those who are yammering for control of the Republican Party: Whenever a landslide occurs, such as the Johnson landslide, you can rest assured that intensity and depth of feeling on the part of those in the majority (*brainwashed or otherwise*) caused them to ignore also the candidates of their Party for Congress and State Legislatures. Straight-ticket voting is customary when there is a strong reason to support the top of the ticket and make sure he is elected. Throughout the last campaign the Romneys, Rockefeller, Keatings, Kuchels, et al, loudly voiced their disapproval of Goldwater—even Percy of Illinois, young Taft and California's Murphy, while voting for Goldwater (*so they said*), found fault with the Goldwater policies, and thus poisoned the minds of the naive and the unwary. *They are the men who loaded our Congress and State Legislatures with Democrat-Socialists and "Liberals."*

Let me say here and now, if the recriminations and bitterness we hear today will continue, a considerable number of the 27 million who voted for Goldwater will line up in 1968 in opposition to *any* Republican candidate chosen by the 8 million who deserted the Party's candidate in 1964 . . . all this could even result in creating next time a third Party, exactly as happened in 1912, when, as a

result of Teddy Roosevelt's stupid mistake, Woodrow Wilson slithered into the White House.

*Let that be a warning to the true American leaders in the Republican Party!*

---

Having said that, I now wish to voice a far more pertinent warning to the same leaders—a warning with regard to our Congress. Today the “Moderate-Liberal” Republican Leaders are yammering about “rebuilding” the Party for 1968. It is far, FAR more important that we rebuild for the 1966 Congressional elections. It is to Congress that we must look to offset the treasonous probabilities of the Johnson Administration. The desertion of the 8 million Republican voters of 1960 swept many of our most loyal Representatives and Senators out of office. We MUST get them, *plus many other loyal ones*, back into Congress in 1966. If we succeed with that job—and we MUST succeed!—1968 will take care of itself.

---

### EXACTLY WHAT ARE THE “PLANNERS” UP TO?

---

That is the great question. What are they trying to do to the Republican Party—and why?

The answer is simple: Many years ago, even before the turn of this century, a Cabal of evil men, now official known as “*The Council on Foreign Relations*” (CFR), began to plot how to acquire control of both of our National Political Parties—and thereby achieve complete control of our Federal Government. Here I might add that for simpler identification I have frequently referred to the traitors and renegades who compose this Cabal as the “*Masterminds*” (*Hierarchy*) of the Internationalist-Communist Conspiracy to transform the United States into an enslaved unit of a (UN) One World Government . . . the “*United World Federalists*” is one of their Fronts.

Their first objective was the Democratic Party. Due to a stupid mistake by Theodore Roosevelt, they achieved that objective in 1912—I say “*stupid mistake*,” because, regardless of his personal opportunism, Teddy Roosevelt was a loyal American. Anyway, when, as a result of that mistake, Woodrow Wilson slithered into the White House, the “*Masterminds*” came into complete control of the Democratic Party and of our Federal Government—that phase of our political history is too well known to require repetition here.

Of course, the "Masterminds" were simultaneously scheming and working to get similar control of the Republican Party, but the Republican Party of those years was composed of a different stripe of men—men far more dedicated to Americanism—and the "Masterminds" were unable to make speedy progress. In 1920 the Republicans surged back into power—and the "Masterminds" had their "job" to do all over again. So, in 1929 they rigged the Stock Market crash, and the by-then CFR controlled Mass Communications Media brainwashed the people into blaming the Hoover Administration for the Great Depression that followed. Thus, in 1932, their controlled Democratic Party again came into power—with the unconscionable Franklin Roosevelt, *of accursed memory*, serving as their stooge in the White House.

However, during the next twenty years many loyal Americans in the Republican Party, notably Robert Taft and William Jenner, kept fighting to restore that Party to power. And they were so successful that the "Masterminds" were once again in panic. And then, in 1952, they put over a truly Machiavellian trick on the American people, to wit:

During the late 1940s Robert Taft had achieved great stature in the Republican Party and with the American people. He looked like a sure-fire bet for the Presidency, because by 1952 the people had had a bellyful of Democrats in the White House. But with the connivance of such pseudo-Republicans as Tom Dewey, Henry Cabot Lodge, Rockefeller, Earl Warren, et al, *all CFR stooges*, the "Masterminds" foisted the synthetically-popular Eisenhower upon the Republican Party. *And that was the greatest betrayal in our entire political history* (until then)—Eisenhower was no more a Republican than Norman Thomas. In his eight years in the White House that phony "Military Genius" really wrecked the Republican Party—and *delivered it to the CFR!* Had Taft been nominated he surely would have been elected. And that might well have led to the salvation of our country—because Taft was fully aware of the "Great Conspiracy"—he was fully aware that the UN was a CFR trap and the intended housing for their One-World Government—and he had pledged himself to launch a thorough investigation of that CFR Trojan Horse . . . *which would have unmasked the entire Conspiracy and smashed it!*

Now I have frequently stressed the various features of the Great Conspiracy, but for the benefit of late-comers to our publications, I will now show just exactly what CFR control of both of our Parties would mean—and why they are so desperately seeking ways and means to isolate and immobilize the Conservative (*and fully alerted*) elements in the Republican Party and hand control of it (*the Party*)

over to the self-styled "Moderates" and "Liberals." If they succeed, here is what will follow: Regardless who will win, Democrat or Republican, the REAL government will be the men who will be APPOINTED by the President to all the top offices, and confirmed by the Senate after each inauguration—those are the men who will automatically move into control positions—and all of them will be CFR stooges. That was the case when Eisenhower was elected—that was the case when Kennedy was elected (*and would have been if Nixon had won*)—that is now the case with Johnson (*but would NOT have been if Goldwater had won*)!

For the next four years the REAL government of the United States will NOT be President Johnson, but the men he will appoint—*on orders from the CFR!* They will make all policies. We will be told, *as we always have been told*, that all final Decisions will be made by the President. But our entire history clearly tells us that the President always adopts the recommendations of the *Appointed Policy makers—just as Johnson will adopt the ORDERS of his CFR appointees!* If a change from this established procedure is desirable—and it most surely is—only the demand of a fully informed people will bring it about. And there is only one way to bring it about—Congress will have to do it—and WE, the people can FORCE Congress to do it! There is no doubt that we are on the eve of a Great Awakening. 27 million Americans have become aware and alerted—they have come out of their "*brainwashings*." The important job ahead of us is to unbrainwash ALL loyal Americans—and for all of us to let our Representatives and Senators know, *in no uncertain language*, that they MUST henceforth, *beginning right now*, be true to their oaths and to loyalty to country and to the people who have placed them in their high offices—OR ELSE!!!

Perhaps this is repetitious, but I must stress again and again that the vital thing for all Americans to know is that our Federal Government is neither Democrat nor Republican—NOR AMERICAN! It is composed of a CFR appointed elite which has taken over the government of the American people to serve as a distinct feature in their One-World Conspiracy. We have MANY signs of it before us. For one example, we find that in the "Democratic" Kennedy-Johnson Cabinet the three top posts have been and still are occupied by "Republicans" who make all the MAJOR POLICIES for the Administration, to wit: Dean Rusk, of "*Institute of Pacific Relations*" infamy (*the outfit that delivered China to Communism*), is the Secretary of State; Douglas Dillon (*of Polish-Jewish parentage*), who was a top functionary in the "Republican" Administration of Eisenhower, is now the Kennedy-Johnson Secretary of the Treasury; Robert Strange (*and strange he is indeed*), McNamara, the Ford-Sidney Weinberg protege, *the man who is brazenly unilaterally dis-*

arming our nation, and who poses as a "Republican," is Secretary of Defense. All of these men are top functionaries of the CFR, the American Division of the International-Communist Conspiracy, commonly known as "The Establishment."

---

**NOTE:—**Apropos of the CFR plottings to control both of our National Political Parties, we now are facing a new and VERY SIGNIFICANT shift in that plot, to wit: From reliable sources in Washington we have word that Johnson (naturally, with CFR blessing) is energetically scheming to transform our Country into a One-Party nation and to undercut opposition by appointing self-styled "Conservative" Republicans to his Administration. One such "Republican" he plans to enlist is Ike's "little brother Miltie"—Miltie Eisenhower a "Conservative" Republican! . . . Can you hear my raucous laughter? MCF.)

---

And let there be no delusion about it, the "International Establishment" is a frightening reality. It has its counterparts throughout the world. The British "Establishment," known as the "Royal Institute of International Affairs," operates on the exact same principles as our CFR—their (*secret*) Annual Reports reveal that fact. The "Royal Institute" also controls both Parties in Britain—and all the top dogs in the British Government are members—exactly as all the top dogs in our Government are members (*and/or stooges*) in CFR!

The "Royal Institute" Reports carry data on the American counterpart (CFR)—as though reporting on a branch organization. They also used to report on the "Institute of Pacific Relations" as a branch organization, until it (*the IPR*) was unmasked and folded up. There is absolutely no doubt that the three outfits, British, American and the "Institute of Pacific Relations," which served as the Russian "Establishment," are all part of the Internationalist-Communist Conspiracy, all three using "Communism" as a front for the entire operation. Nowthen, if the "Institute of Pacific Relations," which unquestionably forced "Communism" on China, was a subversive organization, *as declared by our Congress and the FBI*, then equally so is the CFR. They were—and are—both partners in the same unholy Internationalist-Communist Conspiracy.

What most people, especially the unalerted ones, find so hard to understand is the association of the richest men in the world with "Communism," which we have been led to believe is the most deadly enemy of Capitalism . . . *the answer is that the GENERAL HEADQUARTERS of the entire Conspiracy is the House of Rothschild in London!*

And that is the *story* we must get to ALL of the American people. On November 3 approximately 27 million men and women served notice (*by voting for Goldwater*) that they know at least part of the story—now our most important job is to get it to the 43 million who obviously *don't* know the story—otherwise they would not have voted into office two of the slimiest characters in the political history of our nation. Getting the FULL story to them, *and to ALL of the American people*, is the only means for the salvation of our beloved Country. *Unless we accomplish that our nation is doomed—exactly as the Grecian civilization was doomed—exactly as the Roman civilization was doomed—exactly as all past civilizations were doomed . . . by the apathy of their peoples! ! !*

---

(Note:—In our "News-Bulletins" Nos. 87 and 88, entitled "OUR INVISIBLE GOVERNMENT MADE VISIBLE," we provided that complete story. Both of those "News-Bulletins" are now out of print, but, for the benefit of those who never read these "News-Bulletins," and for others who have forgotten about them, we will reprint both under one cover—to serve as our February issue. It is VITAL that we get copies of it into the hands of EVERY American who wants to save our country as a heritage for our children. Additional copies for our members will be 50 cents per copy—\$1.00 per copy for non-members. MCF)

---

Earlier I stated that the various branches of the Internationalist Conspiracy use "Communism" as their great "Front." The most important thing that all of us should know is what "Communism" really is. It is an "instrument" created by the "Masterminds" of the Conspiracy to serve as their chief weapon to terrorize all of us to surrender into the enslavement of their "One-World Government." They would have us believe that it is an ideology or a philosophy freely chosen by the Russian people, by the Chinese and all the other peoples of the Communist controlled countries. That is a monstrous lie! It was not "freely chosen" and it is neither an ideology in the true sense of that word, nor a philosophy. It is the ancient Feudal system, the social organization of medieval Europe in which there were a few Lords and the masses were their serfs (*slaves*) all dressed up as a new "ideology" under a new name: COMMUNISM. The manner in which it was created, as described in the previous "News-Bulletins," and further emphasized in "News-Bulletin" No. 108, proves it beyond the shadow of a doubt.

Only when and if all of the people are made aware of what "Communism" really is—and why it was created, will we be able to destroy that menace. And the only sure way to destroy it is for enough of the American

peoplo to combine in a nation-wide DEMAND that Congress haul in the UN for a thorough open-to-the-public review of the "Charter" and all their activities—exactly as we (CEG) forced the California Legislature to review and rescind the UWF "RESOLUTION." Such a review will instantaneously unmask the CFR and all of its "Fronts," such as the ADA, the ADL, the B'nai B'rith, the NAACP, et al.

## THE JOHNSON ADMINISTRATION - GOD HELP US !!!

---

Today we have Lyndon Johnson in the White House. I have frequently stated that this man is without honor, without decency, without morals and without scruples. The fact that his closest associates throughout his career have been such as Bobby Baker, Billie Sol Estes, Walter Jenkins and lesser known crooks and sexual perverts, should sufficiently confirm my charges, but J. Evetts Haley's book, "A TEXAN LOOKS AT LYNDON," goes FAR beyond anything I ever said to establish that Johnson exceeds even an Al Capone in every possible kind of crookedness and corruption. Moreover, there are a number of other publications that equally reveal the evil of the man. And lest anybody harbors any doubts about the truth in all those publications, let me stress that if there was even one remote falsity in the Haley book Johnson would have had him in court—and in a penitentiary. Why hasn't Johnson denied those charges? Or, at the very least, why hasn't he demanded a retraction? Answer: because a libel suit would not only confirm all those charges, but probably reveal many more heinous criminal acts.

In view of the above, there is no need to further delve into Johnson's background—but I will add that many elected (*and appointed*) officials, Congressmen, Judges, Mayors and Governors with far lesser records of crookedness and illegalities have been recalled, or hurled out of office—and some served time in penitentiaries!

Now, in our previous "News-Bulletin" (No. 108) I predicted what the Johnson Administration will do to our country—if we will permit him to do it—and if we do we will have nobody but ourselves (*and our Congress*) to blame, so I won't repeat it here. But, for a very vital reason, I will repeat one of my warnings: I stated that shortly after the Rochester Negro riots, in fear of the growing backlash by the White people, Johnson had hurriedly and SECRETLY summoned Martin LUCIFER King, Roy Wilkins and the other Racial "Leaders" and ordered them to cease all riotings—until after the election! And they obeyed! But they left his presence with the implied promise that they could go all-out again with their riotings AFTER the election. Well, now comes word from absolutely re-

liable sources (*who, to preserve them from vicious retaliation, cannot be named*) that the riotings, far more violent than before, are about to be resumed. The report reads as follows:

---

"A major revolutionary activity in the form of racial violence is planned for the Boston area soon. 50,000 automatic weapons have come into the area from abroad and are being (or have already been) distributed. The "Muslims" and other Negro groups are "ready to go." There is talk about paralysis of communications by destroying telephone wires which are underground—open the manholes, throw in gasoline, and follow with a lighted torch . . . Against that background, there is word from members of the national Guard in the Boston area that there are unusual activities within the guard—there's a tightening of discipline and training such as takes place before transfer to active duty. Some members believe that the Guard may be out of the country, or at least out of the area, when the rioting starts. A minor "rumble" is intended to be staged on January 8th—and the major violence is scheduled to break out approximately January 22 or 23—which is timed to happen after Johnson finally takes office. (Unless warning such as this one now circulating throughout the Land will frighten and force them to alter their plans. MCF) It is felt that this message should be conveyed to Police Chiefs and the Association of Police Chiefs.

"New England is considered to be particularly vulnerable, because no organization exists (other than the police) to give support to law and order in the event of such an operation as described above (with the National Guard away). It is known that in most states civilian organizations exist that can fill the gap to a greater or less degree . . ."

---

The above planned program is directly in line with sworn statements made by Manning Johnson, Kenneth Goff and other one-time Communist Party functionaries at Congressional Hearings—*which statements we published in "News-Bulletin" No. 108*—and it may well be an intended prelude to "Martial Law" under the UN, or a Johnson dictatorship, as described in that "News-Bulletin."

If *any* Negro riotings are launched it will be prima facie evidence of Johnson's "deal" with the "Leaders" of the Negroes—and should be an immediate signal for the House of Representatives to institute impeachment proceedings . . . and if Johnson is proven guilty, he and his collaborators should be HANGED, not merely shot, for treason far more heinous than that committed by Quisling.

---

Now let's take the case of Hubert Horatio Humphrey, the man who is only a wounded heart-beat away from the White House:

Merely to say that he is a despicable political charlatan does not begin to scratch the surface. To Hubert Horatio such words

as honor, truth, integrity, honesty, are merely shudderingly obnoxious words in the dictionary. Just as "Greasy Thumb" Jake Guzik was a perfect team mate for Al Capone, just so is Hubert a perfect team mate for Johnson—in fact, Johnson couldn't have chosen a more compatible team mate.

I could say a great deal about this man's sordid background, instead I will submit the following letter written by a man who has known him for many years—it speaks for itself. This letter was written to Humphrey and sent by registered mail, P. O. Registration 47508, and receipt of it was signed: "*Sen. Humphrey, by Vivian Ackerman, September 25, 1964.*"

"Senator Hubert Horatio Humphrey  
Senate Office Building  
Washington, D. C.

"Dear Hubert:

"It has been a long time since I first met you at Macalester College in St. Paul. Since then I have followed your career with a great deal of interest. It is amazing to see how a man can get to a position of such public prominence, while the vast majority of the public knows nothing of his past.

"In your case, people all over this country are going to be informed of your past before you have a chance to be elected to another public office. People are going to know that you were a World War II draft dodger; that you refused to register for the draft while at Macalester College when they would not give you a deferment; that you returned to your father's drug-store in South Dakota to sit out the war in spite of the fact that you were physically able to serve your country along with millions of your contemporaries. Was cowardice the reason for shirking your patriotic wartime duty?

"When World War II was almost over and you were safe from being drafted into the service, you came back to the Twin Cities to run for Mayor of Minneapolis.

"You were financed and pushed into this office by the very corrupt and communistic union headed by Mr. Hagen. While you were Mayor, Minneapolis was one of the most corrupt cities in the history of this country. It wasn't until the late 1950's, under a Republican Mayor, that "Kid Can" Blumenfeld, the long time ruler of Minneapolis, was removed from influence and sent to the penitentiary.

"In recent years, certain organizations in this country, including the Americans for Democratic Action in which you have been very active, have endeavored to make Patriotism a dirty word and to discredit those whose love of country motivated them to protect it. Perhaps you can continue to hide your unsavory past. However, I have confidence that there are enough

people whose love of this country will not allow you to hold any public office, when the truth of your past is known.

"Yours truly,

"Jim Carter"

(Note:—Documentation of the above facts are available by writing to Mr. Carter, P. O. Box 481, Sausalito, Calif. MCF)

---

As I watched Hubert Horatio on TV, when he was smearing and vilifying Goldwater and Miller and all the "Extremists," it frequently occurred to me that God would not have given him that face if He had intended him to be an honest and decent man. The same thought strikes me every time I hear Johnson droning his double-talk and false promises—and see the upper hypocrisy written all over his face. I even felt the same way about Lady Bird when I used to hear her panting "*humanitarianism*" during her politicking for her husband—this woman who wouldn't spend a dime to fix the leaking roofs of her Negro tenants and sharecroppers . . . Incidentally, this First Lady of the Land has always glowingly related that when she was born her Negro nurse exclaimed "*My, my, she looks exactly like a little Lady Bird*"—and she proudly adopted that nickname. According to Webster's dictionary, "*a Lady bird is a red and black speckled beetle*"—a grubby little bug . . . a name to be proud of, eh, what?

### JOHNSON AND THE "ISRAEL COHEN EXCERPT"

---

Now, the following might well be viewed as a case of further "*gilding a (Johnson) rotten lily*," but it will establish beyond even a remote doubt that Johnson is fully committed to carry out all the dictums of the CFR.

In his book, "A RACIAL PROGRAM FOR THE 20th CENTURY," written in the first decade of this century, Israel Cohen, a top Communist functionary in England in that period, provided the "*directives*" how to use the Negroes to further the Great Conspiracy in the United States. Inasmuch as we published (*verbatim*) all those "*directives*" in our "SCJ Tract No. 1," and reprinted them in following issues of our "*News-Bulletins*," there is no need for a further detailed reprint in this issue. But what I wish to stress is that an appraisal of Johnson's "*pact*" with the "*Leaders*" of NAACP, CORE and other "*Racial*" organizations clearly establishes that Johnson

is fully committed to carry out all of the "Directives" in that Cohen book. Here is the PROOF!

As I have previously noted, in order to avert the growing white "backlash" resulting from the Negro riotings during the summer months, Johnson made a "deal" with the Negroes' "Leaders"—and the threat of the "backlash" evaporated. Now, with the election settled and out of the way, Mister Johnson is wheeling out a most potent weapon against the so-called segregation—a weapon which will (is definitely intended to) immobilize all of the Southern White people—and deliver control of the South to the Blacks! That weapon is FEDERAL MONEY—billions of dollars of it. Here is the way that "weapon" is to be employed:

On December 14 (after the election, you will note), the U. S. Supreme Court upheld the constitutionality (in their opinion) of the public-accommodations section of the Civil Rights Act that was passed last summer. This provides Johnson with the power (at least for now) to enforce the Act's ban against racial discrimination in hotels, motels, theatres, restaurants, etc. Thus Johnson is now launching, quietly but firmly, a massive new drive to "encourage" integration in the South through the use of billions of dollars that flow out to the States in Federally assisted programs. Here is how that drive will be pushed: word has been passed out from Washington that those who integrate their service and/or places of business will be rewarded with continued payments of Federal money—those who refuse to integrate will find Federal contracts and grants shut off . . . Thus, MONEY is to be the real key to winning the so-called "integration" battle—and immobilization of the Southern Whites!

Now let me show you how Johnson plans to work his scheme: Under the authority of the Civil Rights Act, he can—and will, if Congress will let him—cut off all Federal Aid to all of the 11 Southern States—this includes aid for schools, highways, public-health, welfare and relief programs. No. 1) In the South last year, Federal aid exceeded 2 Billion Dollars—all that will be withheld; No. 2) On orders from Johnson, McNamara will move out or reduce all Military bases in the South—Military payrolls in the South last year exceeded 3 Billion Dollars; No. 3) Contracts with business firms will be cancelled—prime Military contracts alone in the South last year exceeded 4 Billion Dollars; No. 4) Business places and/or entire communities will be declared "off limits" to military service men—that will dry-up all businesses in those communities.

All told, Federal spending in the South last year exceeded 27 billion dollars. In that all-out Johnson drive "against racial discrimination," roughly half of this could—and will—be withdrawn. So—

*refusal to surrender to the blacks could cost the South billions of dollars a year! . . . Unless Congress will prevent it!!!*

Now, of course Johnson is going about it very cautiously—he knows that an alerted and aroused people could hurl him out of the White House via a publicly FORCED Congressional impeachment proceeding; so his spokesmen say they “*hope*” that none of these dollar weapons will have to be used—OPENLY! Instead, they—and Mister Johnson—will continually lay great emphasis on “*friendly persuasion*” and a *promise* of continued high Federal spending in Dixie IF the Southern white people will co-operate (*surrender*) on “*Civil Rights*.”

However, the threat remains—and the power to carry it out is there . . . *unless, I repeat, Congress will deprive him of that power—and it is up to us, the people, to make sure that Congress will do just that!*

The most important point of all is this: *whose money is Johnson going to use in his all-out drive to force the South to surrender?* Rest assured, not one dollar of *his* money will go into it—not a dime of Lady Bird’s money will go into it. It will be the money of the taxpayers (90 percent of them Whites) that will be used to betray us! Our Founding Fathers fought a (*Revolutionary*) War in protest of an *infinitesimal* tax—now, in each and every year, we turn over a great percentage of all our earnings *to be used against us!* At the turn of the 19th century, when we were a tiny and comparatively weak nation, we cried out: “*Millions for defense, not one cent for tribute*”—today, (*forced by our traitorous “Leaders”*) we pay out hundreds of billions for tribute and not one cent for the defense of *our (White People’s) rights!*

Now let me show you another amazing (*and brazen*) “*coincidence*” that PROVES the entire plot:

Malcolm X, the notorious black savage, has been openly urging the Negroes to launch an all-out “*Mau Mau*” insurrection in America—*unless the White people surrender!* “*Mau Mau*” is an accepted African term for indiscriminate looting, raping and murdering of all Whites. Adam Clayton Powell, a Mulatto Congressman, *and a virtual outlaw in New York*, has openly advocated similar treatment of the Whites; Martin LUCIFER King, who has been awarded a Nobel (*phooey*) Peace Prize, frequently voices the same threats; Roy Wilkins, head of the NAACP, now a Columnist, *by the grace of the despicable Los Angeles Times*, devoted one of his recent columns to clearly warn that the White People can avert such an “*insurrection*” only by unconditional surrender to the demands of the Negroes.

*Do you see how that ties right in with that Johnson all-out drive?—and with the “directives” in the Israel Cohen book?*

Now let's go a step further. The “Masterminds” of the Great Conspiracy know that they can accomplish their objective of destroying our sovereignty only by hurling our entire nation into wild disorder, anarchy and havoc. The Johnson “drive” will go all out to accomplish it in the South—*right in line with the Israel Cohen “directive” to transform the South into a “Black Republic.”* A “Mau Mau” insurrection will do the job in all other parts of the Country.

Now, to “justify” that objective in the eyes of the world, back during the World War II years, the “Masterminds” launched a campaign to depict the American people as a nation of “vicious Racists.” I hardly need remind how all of Hollywood frenziedly collaborated with that plot. Such Films as “MISSION TO MOSCOW,” “SONG OF RUSSIA,” “NORTH STAR,” etc., etc., all of which eulogized Moscow and vilified America, created that kind of a “WORLD IMAGE” for us—*particularly in Africa and Asia!* Well, directly in line with that phase of the over-all plot, the moment “Saint” Jack Kennedy entered the White House he appointed Edward R. (*the R for Red*) Murrow to head the USIA (*U. S. Information Service*), which includes the “Voice of America.” And, believe me, Mister Murrow performed “heroically”—and spent hundreds of millions (*more probably billions*) of our tax-payers dollars to accomplish that objective. But, as the old saying goes, *wait, you ain't heard nothin' yet!* About two years ago Murrow was stricken by a lung cancer—and had to retire. “Saint” Jack promptly appointed one Carl Rowan, a NEGRO, as his successor. Do you have to have a very vivid imagination to mentally visualize how this NEGRO head of our USIA has been *intensifying* our World-Image as vicious “Racists”—and, *coming from a NEGRO*, the effects of it in Africa and Asia?

But, wait, you still “ain't heard nothin' yet!” Shortly after “Saint” Jack became our President, he appointed a man by the name of Weaver, *another NEGRO*, to head our Federal Housing Aid Administration. In the months before the November election, this NEGRO came to California and brazenly WARNED all California voters that if they would not vote *against* Proposition 14, HE would cut off all Federal Housing aid for the state of California. GET THAT!!! This Negro, only two or three generations removed from African savagery and cannibalism, had the brazen effrontery to proclaim, in so many words: “*To hell with the White people, to hell with the laws, to hell with Congress, I AM THE LAW! And I will do with YOUR money what I please.*” And, instead of hurling him out of his post, Congress let him get away with his threats!!!

Hence, I repeat: it is up to us, the people, to FORCE Congress

to haul in every Quisling in Washington for a thorough investigation—*exactly as they hauled in the 300 Hollywood Reds in 1947-48*—and hurl them out of their (CFR appointed) jobs. Yes, and jail them, exactly as they jailed the infamous “Hollywood Ten.”

Before I conclude this phase of the Conspiracy, I wish to stress two more very significant features. To give point to those additional features, I will quote one of the “Israel Cohen directives:” That “directive” stated: “We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment . . . With this prestige the Negro will be able to intermarry with the Whites and begin a process which will deliver America to our Cause.”

Well, we know how successfully (*horribly*) they have achieved their objective of aiding the Negroes to “rise to prominence in every walk of life”—we see it in the “glorified” Sammy Davis, Jr., the Poitiers, the Dick Gregorays, the Baldwins—we see it in all TV shows, even in the “Commercials”—we see it in the animal—like Sonny Listons and Cassius Clays, to mention just a few in the worlds of sports and entertainment. Well, now I will show you how they are putting the second half of that “directive” into action—to transform us into a nation of Mulattoes:

Out of Shreveport, Louisiana, comes the report that the NAACP has proclaimed its next goal: *to seek Racial absorption through increased intermarriage*. Constance Baker Motley, a NAACP lawyer and spokesman, said her organization (NAACP) will now devote greater attention to intermarriage of the races. She made this horrifying disclosure last month to a gathering of Negro school teachers at the ultra-modern J. S. Clarke Elementary School in Shreveport.

It is no secret that, in accordance with the Israel Cohen “directive,” race-mixleaders want to turn America into a nation of half-breeds (*mulattoes*). That is one of the chief objectives of the “Masterminds” of the Great Conspiracy—it will be much easier to enslave mulattoes in their One-World Government. And we know, of course, that the NAACP is one of the chief instruments of the CFR. But the above was the first *public* admission that racial intermarriage is a major goal of the NAACP. TV propagandists began some years ago to plump for more intermarriage, and the tempo of such propaganda has been growingly increasing.

Strangely enough, the above NAACP’s Motley’s announcement was received by the Negro teachers with mixed emotions. Some of them hailed the announcement with great approval, but many others stated preference for Negroes to develop their own culture without greater infusion of bloodstreams.

But, as might be expected, Hollywood and the New York publish-

ing houses are already working with the TV Networks to "sell" the idea of racial intermarriage to the public which, tragically, has thus far "bought" nearly every revolutionary idea submitted by such propagandists. Bi-racial marriage is an ever-increasingly popular theme of the TV Networks. ABC (*American Broadcasting Company*) recently projected a 30-minute "documentary" entitled "*Black Marries White*"—and the other Networks plan additional shows on the same theme . . . surely you know what to do when they will bring such filth into your Living-Room via your TV set—HIT THE POCKETBOOKS OF THE SPONSORS! ! !

But even more startling is the fact that race-mix propagandists firmly entrenched in key church posts are more and more beginning to urge bi-racial co-habitation as a "*Christian experience*." Many Church leaders (*Apostates*) worked zealously with so-called Civil Rights workers who last year invaded Mississippi in a veritable orgy of bi-racial sex activity . . . scheduled for a "repeat" this year!

### BAPTIST HEADQUARTERS URGE RACE-MIXING

---

We all know that the "*National Council of Churches*" is brazenly collaborating with the "*Internationalist-Communist Conspiracy*." Also, in our preceding "*News-Bulletin*" we revealed how certain Christian Pastors (*Apostates*) in California tried to pied-piper and even bludgeon their congregations into voting *against* Proposition 14—and *for* Johnson. Well, now we have a report from Shreveport, Louisiana, revealing how the top brass of the Baptist denomination have joined in the movement to mongerlize their co-religionists. The following is a verbatim reprint of an article published by the "*Shreveport Councilor*:"

"Southern Baptists are victimized by a floodtide of race-mix pornography, 'modernism,' apostasy and pink politics flowing from Nashville . . . The average Baptist likes to think that the left-wingers and other Reds have not infiltrated his denomination from the top. But privately he will admit 'they sure got Nashville.' Typical example is the July-September Baptist Young People's Quarterly issued from headquarters in Nashville. It follows the Communist line on race-mixing, and actually recommends that boys and girls go to their Baptist Book Store to buy books by James Baldwin, a Negro pornographer. Baldwin's 'ANOTHER COUNTRY' on the reading list, is banned in many cities but it can be purchased in Baptist Book Stores. The 'COUNCILOR' obtained a copy and notes:

"1) Page 269 reflects the 'theology' of Baldwin with these words: 'What a pain in the . . . old Jesus Christ has turned out to be.' . . . 2) Page 24 and

dozens of others like it describe in glowing terms sex relations between a white girl and a negro man. It practically preaches that every white Christian girl MUST find herself a negro male . . . 3) Every filthy word from the outhouse walls of the nation decorates the other pages. Every filthy thought whispered in Babylon is given a place of honor in Baldwin's story fabric.

"How do the Leftists get so much authority in a denomination which prides itself on independence? How could a handful of them mastermind the election of an identified Communist-Fronter (Brooks Hays) to the presidency of the Southern Baptist Convention?"

"The COUNCILOR telephoned a Baptist Bookstore in Shreveport, asking if they had Baldwin's 'ANOTHER COUNTRY.' A gentle voice on the line said, 'Yes, we can get it for you' . . . 'How about a copy of Haley's 'A TEXAN LOOKS AT LYNDON?' we asked . . . 'Oh, No.' she replied. 'The Baptists have banned that book because it contains politics.'"

---

However, if you think that the Baptists are alone in their support of race-mixing, get this: Rev. Paul G. Hanson, pastor of St. John's Lutheran Church in Denver, says America's race-problems must be "bred-out" by mongrelization of all races. He commented: "*I can see no final solution to interracial problems until marriage between black and white or red and yellow is as acceptable as marriages today between blondes and brunettes or brunettes and red heads.*"

I earnestly hope and pray that all of this "Reverend's" children will provide him with many Mulatto grandchildren!

---

In view of all of the above, I have just one suggestion for all Christian Church Congregations: it is up to the people, the members of the various Congregations, to thoughtfully appraise their Pastors—and act accordingly. The members of a Congregation can fire a Pastor—they can veto membership in the "National Council of Churches"—they can accomplish that by cutting off all financial support for that Church—that's one language that even Pastors understand. *That's the only way we can save Christianity!!!*

## INCOME TAX LAW SPELLS NATIONAL BANKRUPTCY

---

In our preceding "News-Bulletin," No. 108, we warned of the vital need for repeal of two *unlawful* Constitutional Amendments: 1) The 14th Amendment, which served as a *cover-up* for all of the Warren *unlawful* and pro-Communist Decisions, and continues to

serve as a "cover-up" for all of the so-called "*Civil Rights*" agitations, for all the Negroes' "*non-violent*" riotings, lootings and murders; 2) the 16th Amendment, which transferred our entire Money system into the hands of the "*Masterminds of the Great Conspiracy*," and which serves as a "cover-up" for our present Marxist Income Tax "*Law*."

In that same preceding issue (No. 108), we concisely unmasked the 14th Amendment—and provided the source for complete and crystal-clear documentation of its positive lawlessness. In the same issue we briefly touched on the 16th Amendment—briefly, but sufficiently to establish that that "*Amendment*" was *railroaded* into law by the "*Masterminds of the Great Conspiracy*" to serve as one of their most potent weapons to enslave our nation in their planned One-World Government. However, in a recent address, George B. Fowler, who needs no introduction to our readers, more graphically described the very grave dangers inherent in that 16th Amendment—and clearly announced why it (*and the 14th Amendment*) **MUST** be repealed if we are to preserve the sovereignty of our nation and save the freedom of the American people.

This address was delivered by Mr. Fowler on the evening of September 26th, 1964, at the Regional Northeast Convention of Liberty Amendment Committees at the Ten Eyck Hotel in Albany, New York, called and held at that time (*Sept. 25-26-27*) under the auspices of the Liberty Amendment Committee, Inc., of New York, Arnold Bayley, Chairman, whose personal address is Box J., Sea Spray Inn, East Hampton, N.Y.

## INTRODUCTION By GEO. B. FOWLER

---

•

The title of this address might be called "*Progress Through Perspective*"—a discussion of the Liberty Amendment in the context of the present national emergency. As a kick-off speech for this convention it must be brief, and should be brief, because nothing short of an extended presentation could possibly do justice to this tremendous piece of proposed legislation. If we can come from our meetings over the 3 day interval with better knowledge of and dedication to the Liberty Amendment and the cause of freedom, backed by a better understanding of what we're dealing with, where we're going, and what should be done about it (and what we can do about it), our efforts will have been worth while. In my address there is reference to one subject which due to limitations of continuity cannot be elaborated upon. Accordingly this is handled in a short exhibit, so-called, at the conclusion of the address. Its title is "*Bankruptcy, World Currency, the Tokyo Conference—*

A Summary." The information is so critical, so urgent, so necessary for the taking of position or formulating judgment that I will ask your indulgence in reading the 2½ extra pages which have been prepared.

**EXHIBIT 1**

**National Bankruptcy, World Currency, and the Tokyo Conference,  
September 1964 — A Summary**

---

The consequences of national bankruptcy are commonly not understood. Stability of the currency (and national solvency) are basic necessities for a stable society. Bankruptcy is made to order for chaos and disaster. To internationalists generally, and banking internationalists in particular, an international currency seems an attractive solution. It guarantees their profits. But with it go certain dangers to countries and peoples. One of these involves the elimination of tariffs with the prospect (for the U.S.) of flooding with foreign goods and the destruction of domestic industries, unless American operatives decide to live on a much lower plane of existence (that might be temporarily delayed by Federal subsidies and welfare payments).

But just looking at the financial aspects of a universal currency the effects would be, in the absence of tariffs, to reduce the working classes of all countries to one very low standard of living. The masses of mankind would be engaged in a life and death struggle for the possession of money and the control of foreign markets and the nation which could produce goods at the cheapest rate would become the most successful—in other words, that nation whose operatives could be induced to live at the lowest stage of existence compatible with their ability to produce—No Greater calamity could befall the world's inhabitants than the establishment 'of such a system'.

---

(Ref. British Economist Arthur Kitson in 1932, writing about the League of Nations plan for a world currency—CLOSER-UP, November 22, 1963—(Marah, Inc., Box 2223, Palm Beach, Fla.) discussing the same plan which the United Nations is endeavoring to arrange.)

---

Now consider an announcement in the du Berrier Report of September 1964 referring to the monetary conference scheduled for September in Tokyo and preliminary Paris meeting of 'The Big Ten Club,' attended by Henry Lodge, who, with his Atlantic Institute Members, favors 'monetary democracy' so-called—meaning a world currency.

"A majority of the members (U.S., Canada, Great Britain, France, West

Germany, Italy, Belgium, Holland, Japan and Sweden) are clamoring for an international money in which our dollar and their inflation-ridden currencies will become equal. They have the power to enforce this demand . . .

The historical record is as follows.

"1) Before 1914 international payments were made in gold . . . 2) After 1918 the dollar and pound sterling, based on gold, were considered as good as gold . . . 3) After World War II the pound sterling lost its prestige. The dollar and gold remained . . . 4) In 1960 the dollar began to waver—its basis had been thrown away in foreign aid . . . 5) Then came the appeal to foreign governments to save the dollar . . . 6) They pumped loan after loan into the International Monetary Fund . . . 7) We continued to throw money away faster than it came in . . . 8) Their last loan was conditional that the dollar be put 'under their supervision until such time as a new international money can be created'—a stipulation of which the American public was never informed . . . 9) This gave foreign governments the right to look into our books . . . 10) What they see there will be used as an argument for a solution (international money) in which we will have one vote in ten when the internationalists, of which Lodge is an outstanding member, sit down in Tokyo . . . 11) This, in brief, is the unpublicized aspect of the Paris 'Presidential Mission' of Mr. Lodge."\*

I don't believe it is possible to exaggerate the seriousness of this situation. Nor can I think of a better illustration (although there are many others) of a cause for urgency that the American people should take back the control over their government which has been lost. This the Liberty Amendment will accomplish by restoring to full force and effect our charter of freedom—the Constitution of the United States and the Bill of Rights.

Since the foregoing information was received, the Tokyo Conference has met and adjourned under its official title: the annual meeting of governors of the International Monetary Fund (IMF) held in Tokyo. 'To improve international liquidity, badly impaired by U. S. deficits and long-term soft loans, the IMF felt compelled to make an increased levy of 25% on its members. In other words, another round of loans by members of the Big Ten Club to bolster the dollar. This information is well reported in the September 21, 1964 bulletin of the Citizens Foreign Aid Committee. It concludes, "The Tokyo IMF meeting means increased world-wide currency depreciation. Elderly people dependent on pensions, insurance, social security, or other fixed income will suffer most."

"In short, nothing has been solved. The time is not ripe for the drastic imposition of a world currency. The dollar still remains under the supervision of the member nations. Mr. Lodge's mission was a success in gaining further reprieve—however temporary it may be.

"And the massive program of foreign aid rolls along though the United States is the only nation on earth ever to disregard bankruptcy, solvency, security, sovereignty, welfare and freedom of the people, everything to satisfy the determination of a minority of revolutionary fanatics to 'do or die' in the creation of a socialist world.

THE REGISTER is a business and finance publication that is probably better known in California than on the Eastern seaboard. In its issue of June 10th, 1964 the following remarks appear in the column of Sam Campbell, Business Editor:

"This reporter had some direct knowledge both of the grassroots movement that culminated in the recent California presidential primary and the early efforts on behalf of the Liberty Amendment."

After showing the similarity of these movements, he goes on to say:

"The history of the Liberty Amendment in its present form goes back to 1957. Progress has been slow—without heavy financing—but with fervent dedication, a nation-wide organization has been forged. Today Liberty Amendment committees are at work in all of the 50 States—yet, just one year ago, the mere mention of the title 'Liberty Amendment' or the suggestion 'repeal the personal income tax' was met with either shock or indifference by persons who consider themselves responsible. But today outspoken advocates of income tax repeal are high in the political structure, and some candidates are finding it hard to win endorsements unless they too speak up in favor. Still other candidates are giving off-the-record support.—In the judgment of this writer, the movement for the Liberty Amendment is further along in development than was the presidential primary effort one year ago. From this, it can be safely forecast that repeal of the income tax will be a major issue in California in 1966."

At a meeting of the National Conservatives Council in Chicago on July 23rd, 1964 (attended by the representatives of 30 States) a substantial number of delegates mentioned Liberty Amendment as the subject of a major effort in their respective States.

In a communication from The Wiremold Company of Hartford, Conn. on July 7th, 1964, we notice a resolution in the Minutes of the Annual Stockholders Meeting of February 28th, 1964, specifically endorsing the Liberty

Amendment as a necessity "if we are to survive as a free nation."

At the Annual Wiremold Service Awards Meeting of June 11th (attended by more than 500 people) we find that elimination of the personal income tax was the subject of a major and lengthy resolution.

On March 2nd, 1964 Sam Campbell, Business Editor of THE REGISTER, titled his column "Liberty Amendment Is One Defense For Businessmen" and said "one effective measure the businessman can take in his own protection is to restrict the size of the federal purse that is being used against him—that purse is filled primarily from the personal income tax. A well-organized effort—popularly known as the Liberty Amendment—already is under way to repeal that tax—when the politician finds his citadel under heavy fire, he too will slow his plundering."

"Circumstances such as these taken against the background of the Conservative surge in the Goldwater triumph at the Cow Palace Convention provide encouragement (and even inspiration) to an increasing number of Americans who are becoming acutely aware of the incredible centralization of power in Washington, and, in particular, the sinister purpose behind the drive to concentrate this vast power of the American people in the hands of a small group (or a chief executive)—a purpose that has been steadfastly pursued for many years and which now holds the prospect of fulfillment at the expense of American security, American prosperity, American Liberty, American sovereignty, even American survival within the concept of our political, economic, cultural, social, and religious heritage. For power-mad operators in control of our government, and coordinated with fast developing movements at the international level, are 'moving in for the kill' before the American people can take back control over their own destiny within the form of the originally-established Constitutional Republic, which was responsible (as a functioning organization) for achievements that have set an all-time record for the prosperity and general welfare of human beings in a human society.

Various agencies, groups, people, or forces (national and international) have been brought to bear to destroy America as a prerequisite for the creation of a Communist-Socialist world in which all human beings will be expected to live ultimately in an obedient mixed society, under a world economic system, with a world standard of living, a world monetary standard, and even a world religion. This is to be a global ant-hill, as it were, under a cleverly planned 'stick and carrot' world system operated by a world bureaucracy controlled by a relative handful of the elite so-called—the system, in all its parts, being subject to world laws enforced by world police to ensure perpetual world PEACE—to fulfill the Communist dream (theoretical as it may be) of perfect PEACE for a perfected humanity in a finally perfected world. (This tells us why "the real issue (before us) is PEACE".)

Actually, of course, this spells the final triumph of Socialism (to use the

words of Stalin) accomplished, as to its principal instrumentality, by a unified world economic system—the creature of massive and sustained American foreign aid to other nations with no strings attached.

All of these things are behind many of the commentaries of the nationally recognized Dr. Robert Morris, former counsel of the Senate Internal Security Sub-Committee and former President of Dallas University. To lend support, therefore, for the benefit of those who may consider my remarks extreme, I quote from his address titled *The Spirit of Socrates*—the man who distinguished himself by always asking “why” . . .

“Juvenile delinquency is rampant everywhere, crime statistics are soaring, and moral values are declining. Yet in the face of all this, men, some of whom have dedicated themselves to a religious life, are working almost every day to eliminate God from our schools and our public institutions. Our concerned parents are understandably asking ‘Why?’.

“Today Communists are committing acts of terror all over the world—they’re extending their cruel dominion and their cruel bondage. Yet here in the United States, even though legislation has been on the books for 14 years—which does not repress Communists—but simply asks that Communists register so we will know who they are and what they are doing—we’re told that this cannot be done. Understandably, people are saying ‘Why?’

“I would like to offer a solution and I submit that—(it)—is one you will find applicable in every area of international and national policy even down to the domestic scene.

“The reason is that people who are planning our destiny today, the policy planners of the United States Government, notably those in the State Department, have already come to the conclusion that we must merge our way of life with the Soviet way of life under the framework of the United Nations . . . Once you understand they are working for this goal every single thing that takes place will be understandable.”

Now continuing the thought of Dr. Morris in regard to the people who are planning to merge the United States with the Soviet Union, I call your attention to a program called “*Quis Custodiet*.” It has been recommended for implementation to the Arms Control and Disarmament Agency, Washington, D.C. by Arthur I. Waskow—member of a planning commission assigned to this project—and explains in detail a clever “stick and carrot” system for control of the American people (and every other people) by international police in a disarmed world. Copies of this have been available from the U. S. Arms Control & Disarmament Agency through its research

staff. Due to shortage of supply, public demand, or other reason, I now learn they are no longer available, and can be examined only in certain libraries. Apparently I am one of the fortunate few who obtained one. You may rest assured I have it—have read it—and can vouch for the authenticity of the information presented herewith. This is a well thought out detailed plan for control in the type of world system I have referred to. This significant study of control over an entire people is of course only one of a number of studies in related subjects which clearly establish the purposes, objectives, and kind of planning designed to ultimately accomplish a Socialist world system.

One of these is represented by a program of training at the International Police Academy, Washington, D.C.—training for counterinsurgency, so-called, as so well reported in the column of Edith Kermit Roosevelt in THE WANDERER, September 10, 1964. Significantly, some concern is expressed by Miss Roosevelt as to the direction of the entire program. The policy inside the government and to outsiders is described as anti-Communist in intent—but actually official secret policy guidance has been issued to the contrary—i.e., in favor of pro-Communists or Communists taking official control in an emergency. Need anything more be said?

Another plan was reported by Miss Roosevelt in THE WANDERER, August 13, 1964: "Its bizarre nature tends to keep it from common knowledge. This is a government subsidized proposal for dealing with 'peace criminals'. (That word PEACE again—one of the best semantics in the vocabulary of Communists and Socialists). Once more we find the Disarmament Agency busy 'investigating' the specific features of a punitive system that will make all citizens who are unsympathetic toward the political system (to be imposed) subject to observation, arrest, and conviction in a Soviet kind of trial, making use of 'foreign police being trained at the State Department's International Police Academy at 3600 M. St., Northwest, in Washington, D.C.'"

You see, everything spells Socialism, and more Socialism—all the time more transfer of power from the people to the government. Now, however, the planning is taking on a more sinister aspect and we can observe specifically what we should have known all the time—that there is nothing philanthropic or charitable or "humanitarian" about this operation—it is conquest in a cold war so-called—and all the time, lurking in the shadows (and now being prepared to emerge) is the clenched fist of Communism, the mailed fist of tyranny to be used eventually against the most helpless of all people, (under such a system) the individual citizen—which means you.

These are shocking facts—but very necessary to give us perspective—the kind of view we must have if we're going to be realistic about what is facing us today—and if we're going to be realistic about the meaning and importance of the Liberty Amendment. For here is where you come face to face with two great world forces, represented on the one hand by the Constitution of the United States—the most successful social contract in the

history of self-government—the embodiment of The American Dream\*—and its antithesis in the form of tyranny, Communism, Socialism, totalitarianism, you name it. On the one hand we have a declaration that man is endowed by the Creator with certain inalienable rights, among which are life, liberty, and the pursuit of happiness, that the State is servant of the people—deriving its just powers from consent of the governed—on the other is a cancerous, depraved, spreading growth of power (using the title of the State) which, in practice, declares men are not endowed with inalienable rights (or any rights), that they have in fact no rights—either to life, liberty, property or happiness—that they are tools of the State which, in its supremacy, arrogates to itself all powers of society and government. Here you are confronted with forces between which there can be no compromise, with which there can be no peaceful co-existence, for which there can be no mutual survival. One or the other will triumph. The issue is decisive. The arena is global. The settlement is permanent—and you have a part to play that is inescapable. So when it comes to the question of what you are going to do about the Liberty Amendment I must inform you simply and bluntly—you have no choice—you will either support it (and win) or you will perish. For, at this late date, the Liberty Amendment is the only available project for re-establishing (and giving full force and effect to) the American Constitution. In so doing of course there will be, automatically, a reduction in the size, power, and cost of the Federal Government. This is not just another plan to get rid of the Federal personal income tax, or even to restore national solvency.

Pay attention to the words “re-establishing the American Constitution” . . . Let’s get away from this situation where, without knowledge of the American people, we find ourselves under the Charter of the United Nations,

(NOTE:—Major Arch E. Roberts of Fort Collins, Colorado, was author of General Edwin Walker’s Pro-Blue troop information program which taught Citizenship in Service to U. S. personnel in Germany. Quoting from an opinion of the Second District Court of Appeals, California, April 24, 1950, he said “The Courts have determined that the judges in every State shall be bound by the United Nations Charter, anything in the Constitution or the Laws of any State to the contrary notwithstanding.”) copied essentially from the Constitution of the Soviet Union. Let’s get away from this situation where home-grown Socialists spew in our faces a revolutionary mess of reactionary, obsolete, historically discredited totalitarianism, while delivering year after year the crises and consequences which follow revolutionary policies with totalitarian objectives. Let’s get away from this “Alice in Wonderland” existence of government by news-manipulation, conspiracy, treason, bankruptcy, and the destruction of all sound, moral, and basic human values. Let’s get back to our original principles of government, the most liberal, progressive,

\*LIFE LINES—September 16, 1964

and advanced ever known to man—the guarantee of individual, national, or even world prosperity, and progress, security, freedom, and self-respect.

But although the elimination of the Federal personal income tax is just ONE of the end results of the Liberty Amendment, it is a very critical result because money is at the root of our trouble—the earnings of the individual citizen—and it's all yours. It's your personal earnings that give power to the juggernaut for destruction of the civilized world (as we have known it). Communist systems will die of their own weight if left to their own devices—they can survive only if subsidized by capitalist nations. We are today, and for some time have been, witnessing such a subsidizing policy intended to keep Communism alive (and ascendant) throughout the world.

There's no feasible, practical way to deal with the life or death problems facing us without dealing with the money question. There is no way of dealing with the prospective debacle of national bankruptcy (though some are now working on the idea of a world system with a world currency) except by dealing with the question of reducing taxes. There is no way of dealing with the question of reducing taxes except by dealing with the question of cutting the costs of government. And the only way the costs of government (and taxes) can be reduced effectively is by the Liberty Amendment. Nothing can be accomplished by working through the machinery of an unparalleled bureaucracy. The Liberty Amendment will be effective because it attacks the area of bureaucratic operation and control which is represented by more than 700 Federal corporate agencies existing, competing with and costing the taxpayers of the United States billions of dollars per year in excess of all money collected by the Federal income tax, or taxes on estates, gifts, or inheritances. The removal of these corporate agencies from federal control and their return to the people to whom they belong, represents a reasonable, practical, fundamental and constructive way of reducing the cost of government. Such an operation if carried out under provisions specified in the Amendment will restore our Constitution to full force and effect. This Amendment will "revitalize the Constitution, restore the valid functions of government thereunder, reaffirm every grant of power and authority given government by the Constitution, and restore to the States and the people those activities which the Federal agencies took by usurpation." (Excerpt from Willis E. Stone article in THE WALL STREET JOURNAL—"Letters to the Editor"—July 27, 1964.) No legitimate or essential function of government, including national defence, will be adversely affected.

And it will give you freedom. FREEDOM! Do you really know the meaning of freedom? Must you lose it to understand? By that time it will be too late! Listen to Tom Anderson (Editor of 'Farm & Ranch', Nashville, Tenn.) who is one of our keenest analysts in the cause of freedom: "The great issue of our time is not peace. It is not segregation, fluoridation, mental health, metro, full employment, the Soviets, or old age benefits. It is not economic. The issue is freedom. Not freedom from, but freedom to. Not forced free-

dom, but freedom of choice. Freedom of choice is the dynamic fundamental in the Constitution of the United States and its Bill of Rights that is essential to the preservation of our Republic. Not legislated freedom, but God-given freedom—guaranteed in a great Republic with a government chained by freedom laws." Will we have freedom, or the reverse—which is no freedom, or Socialism, or Communism, or tyranny. In this time—today—you must make a decision. Win all—or lose all. You must be counted. Do you have doubts? They can be resolved. Do you have fears? They can be removed. Are you uninformed? You can learn. Have you questions? They can be answered. Great experience, great research, great talent are available to you now. Take advantage of them. Join the fight—and stay with it, to work and to win in that dedicated and growing army of fellow citizens for the Liberty Amendment to the Constitution of the United States.

---

And now for the record, I give you this Amendment:—

"Section 1. The Government of the United States shall not engage in any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution.

"Section 2. The constitution or laws of any State, or the laws of the United States shall not be subject to the terms of any foreign or domestic agreement which would abrogate this amendment.

"Section 3. The activities of the United States Government which violate the intent and purposes of this amendment shall, within a period of three years from the date of the ratification of this amendment, be liquidated and the properties and facilities affected shall be sold.

"Section 4. Three years after the ratification of this Amendment the sixteenth article of amendments to the Constitution of the United States shall stand repealed and thereafter Congress shall not levy taxes on personal incomes, estates, and/or gifts."

The following is a Supplement—and not part of the speech.

### **"IT COULD HAPPEN HERE!"**

"Society cannot leap into Communism from Capitalism without going through a Socialistic stage of development . . . I am convinced that tomorrow the Red Flag will fly over the U. S. But we will not fly the flag. It will be the American people themselves."

## ADDENDUM, By MYRON C. FAGAN

---

After a studied appraisal, and re-appraisal, of Mr. Fowler's address I feel an urgency to add a few personal observations that will not only support his sage advice, but, I trust, add further impact to it.

The most important feature of the Fowler address is that in so many words it employs the past to serve for us as the light for the future. As 1965 begins, our nation is feverish—and not just as a matter of one political Party or one branch of government. Double talk, double think, duplicity, deceit and duality are employed to brainwash the unthinking and go largely without substantial challenge. Millions of words have been written and millions of words have been spoken and more millions of words will be written and spoken in a determination to “sell” the American people that the Johnson landslide is the signal that the Messiah has arrived, *Johnson a Messiah!!!* — Or (*even more horrifying*) if Johnson should die in office, *which is quite possible*, and the awful Humphrey would come forward as the “Messiah”!!! Reality is completely absent in all those words.

The Constitution of the United States, Section 3, Article Two, clearly defines the executive power of the President, and states the following: “He shall from time to time give to the Congress information of the State of the Union and recommend to their consideration such Measures as he shall judge necessary and expedient . . .” It does NOT say that he shall or may dominate or manipulate the Legislative Branch of the Federal Government.

Until 1932, despite all the deceit, chicaneries and outright treason perpetrated by the Woodrow Wilson Administrations, the above provision of the Constitution was carried out fairly well. But since 1932 we have had an altogether different story. The chief objectives during the succeeding 30-odd years have been the undermining and by-passing of the Constitution—and thus to gradually transfer all power to the Executive (*President*) branch of our Government until he would become to all intents and purposes a DICTATOR. And the chief instrument for that undermining process of our Constitution has been (*and is*) the “*thought-control*” system so fiendishly developed by the “*managed-news*” dished out to us by the 95% controlled Mass Communications Media.

Thus, Johnson's (1965) so-called “*State of the Union*” report was nothing more nor less than what we (*those of us who know the score*)

should have expected. It told us nothing about the *real* "State of the Union"—the whole "report" was nothing but a brazen attempt to rationalize the various aspects of the concentration of (*Executive*) powers and control of our Economy. Of necessity, it had to contain the usual plethora of "pie-in-the-sky" promises, all about as "honest" as the sales gab of his pal Billie Sol Estes.

However, his "Report" clearly revealed one very pertinent feature, and that is that the Federal Government is being used to centralize all powers in the hands of the relative few (CFR) whose position is shored up by various self-interest pressure groups, such as ADA, ADL, NAACP, CORE, Minority Groups, Labor Unions, etc., etc., all of whom have been given unconstitutional subsidies of privilege and (*virtually*) placed beyond the law.

Even more important, the Congress of the United States, which under the Constitution is intended to be independent and equal in status with the Executive Branch and the Supreme Court, has been riddled, undermined, and largely converted into a rubber-stamp and tool of the Executive Branch. It is today more nearly impotent than at any time in the history of our nation. The beginning of the decadence of our Congress came in 1913 when it surrendered control of our Money System to the Masterminds of the Great Conspiracy. Through the years that followed many honest and sincere members of Congress have tried and tried and tried to force that body to review the 16th Amendment and unmask the Federal Reserve System, but were never able to overcome the opposition . . . Time after time after time, they have demanded and demanded *proper financial statements* of all expenditures, only to be ignored. And here is one vital point for every loyal American to bear in mind: Before Congress was railroaded into enacting into Law the "*Federal Reserve Act*" our national debt was virtually nil—anyway, less than one Billion dollars—since then it has soared to more than THREE HUNDRED BILLION, and the end of all the deficit spending is not even in sight.

Also bear in mind that the "Masterminds," via "slips of tongue," have revealed that in order to achieve their "One-World" plot they first must bankrupt our nation!

Now do you know why the "LIBERTY AMENDMENT" is one of our most vital, *if not THE most vital*, instruments for the salvation of our nation?

Having said that, I wish to stress that I do not for one moment advocate letting down in our efforts to FORCE our Congress to fulfill their oaths of office and loyalty to Country. It is true that today

we cannot depend upon our Congress for action—today both Houses are LOADED with LIBERALS, so-called MODERATES, and outright pro-Communists, nevertheless, we, *the people*, have it in our power to clean all of them out of Washington—in *great part, the salvation of our nation depends upon that*—only Congress can defang and declaw the man in the White House. To emphasize my point, I will repeat a statement made on the floor of the Senate, as far back as March 27, 1878, by (*then*) Senator Benjamin H. Hill:

"I have said I do not dread industrial corporations (Free Enterprise) as instruments of power to destroy this country, because there are a thousand agencies which can regulate, restrain and control them—but there is a corporation we may all dread. That corporation is the Federal Government. From the aggressions of this corporation, there can be no safety, if it is allowed to go beyond the well-defined limits of its power. I dread nothing so much as the exercise of ungranted and doubtful powers by this government. It is, in my opinion, the danger of dangers to the future of this country . . . So let us be sure to keep it always within its limits. If this great, ambitious, ever-growing corporation become oppressive, who shall check it? If it become wayward, who shall control it? If it become unjust, who shall trust it?"

"As sentinels on the country's watchtower, Senators, I beseech you, watch and guard with sleepless dread, that corporation which can make all property and rights, all States and people, and all liberty and hope its playthings in an hour, and its victims forever."

---

That's how vital is our Congress! But, I repeat, zealous *groups* of loyal citizens in each of our communities can cure that "*cancer*" by constantly warning their Representatives and Senators that they, *all of us*, are WATCHING them—and that their political careers depend upon HOW they represent us. *That was how we forced the California Legislature (and 24 other Legislatures) to reverse itself and denounce the UWF Resolution as treason—and rescind it!*

---

In conclusion, let me stress again and again and again that our present sure-fire cure is the "LIBERTY AMENDMENT." Money is the ammunition of the Conspirators—take that away from them and our Battle for the salvation of our Country will be won! . . . Remember: God helps only those who help themselves!
