KNOW the TRUTH and the TRUTH shall make you FREE.

—●—
The most important thing for all of us to always remember is that the salvation of our Country depends upon getting the TRUTH of the GREAT CONSPIRACY to all of the American people. When—and if—that will be accomplished our nation will again be FREE—and SAFE. Our press won't do it—you know why—so it is up to YOU and me to do it.

A "CASTRO" IN THE WHITE HOUSE?

In our January, 1961, "*Year-End Report*" I stated that Jack Kennedy "*slithered his way into the White House on a raft of brazen falsehoods and false promises.*" In that same "*Report*", I warned that his entire career in the White House would be dominated by two objectives: 1) A grab for personal power such as even Franklin Roosevelt had not dared attempt. 2) A determination to fulfill the objective of his masters (*Council On Foreign Relations*) to transform the United States into a unit of their planned (UN) "*One World Government*".

I will now add that his every act and deed since he stepped into the Presidency starkly indicate that John Kennedy fully intends to make himself the Fidel Castro of the United States **and nothing but IMPEACHMENT will stop him !!!**

Now, some who will read this, particularly the hard-core Kennedy supporters, may challenge me to reconcile my charge that Kennedy is a CFR tool, placed in his high office to further the Great Conspiracy, with my added charge that he is plotting and planning to achieve a Castro-like dictatorship. Well, such a challenge poses no problem at all; to wit:

On the surface, Castro is the all-powerful Dictator of Cuba. But the real control is in the hands of a clique of Communists (the Havana Presidium) who take their orders direct from Moscow. Castro is the "*voice*" of that Presidium — *just as Kennedy is the "voice" of the CFR!* Castro does all the ranting and the raving on orders from the clique — *Kennedy does all of his rantings on orders from the CFR!* Castro seized and expropriated (*stole*) American-owned industries and property in Cuba, with the full approval of his Communist masters in Havana — Kennedy has blackjacked American industry, *notably "Steel"*, with the full approval of his CFR masters . . . he would have emulated Castro's "*expropriations*" had he dared. Castro transformed Cuba into a Communist Police State; he appointed his little brother, Raul, to head his "*Gestapo*," to terrorize the people with middle-of-the-night arrests, with jailings, with beatings and tortures, with firing squads Jack Kennedy appointed his little brother, Bobby, to head his embryonic "*Gestapo*"; he placed the FBI under little brother's control, and, suddenly, this Agency, which through all the years had carefully avoided any semblance of a State Police, has, on direct orders from our juvenile U. S. Attorney General, resorted to the

terrifying middle-of-the-night door poundings — similarly, the Income Tax boys are under instructions to harass and terrorize all who incur Kennedy displeasure; one such victim was a financial columnist who published a critical review of the Kennedy shenanigans; promptly an Income Tax man arrived to “investigate” the columnist’s tax returns — of course, the “investigator” assured the columnist that it was “just routine,” but he sure put him “through the wringer.”

Another stark example was Kennedy’s *ukase* to the Hearst Syndicate to: “STOP WINCHELL OR DROP HIM,” which I fully described in our June “*Special Bulletin*.”

However, it gives me great pleasure to report that both that financial columnist and Winchell have not stopped blasting the “*Damnistration*,” as Winchell has dubbed it.

Anyway, those are just two examples to prove that the Kennedy boys, like the Castros, are employing all possible methods, as far as they dare, to harass and terrorize all critics into silence — and they will continue to use those methods until Kennedy and his CFR masters will have as complete a dictatorship over the United States as Castro and his Communist masters have over Cuba . . . and, I urgently repeat: **nothing but IMPEACHMENT will stop him !!!**

Of course, the “*Liberals*,” the One-Worlders, The ADA and the ICC-CFR will stutter and splutter with indignation and rage at the mere suggestion of impeachment proceedings — ditto those who “*admire*” Kennedy for his “*charm*,” for his so-called (*aping Roosevelt*) “*oratory*,” etc., etc. No doubt, even many naive and more or less neutral men and women will express disapproval of such drastic action as impeachment. But in the following pages I will submit at least three major acts of deliberately contemplated treason, plus numerous minor ones, which call for the most drastic kind of action. I will also establish with *prima facie* evidence that John Kennedy is not a *lawfully* elected President — that he is a rank imposter who slithered into the office not only on rafts of falsehoods and false promises, but by means of brazen theft of votes in many states **that alone is more than enough for IMPEACHMENT !!!**

As a preface to all that, I hardly need stress that this brash young upstart in the White House has already brought the economy of our nation into a dangerous near-panic. Our Stock market is teetering and heading toward another 1929 Crash — *and DEPRESSION* . . . and if that should happen — **and the CFR GANG CAN make it happen** — it will be the first giant step toward hurtling our country into a Communist (UN) One-World Government !!!

THE KENNEDY MORAL FIBER

In our previous "*News-Bulletin*" (No. 90) I explored the Kennedy "*Heritage*" to show what makes John tick the way he does. Now, to remove all doubts about the Evil inherent in that "*Heritage*," I will cite a few, *just a few*, of the Family Traits the younger Kennedys have inherited from their forebears — "*traits*" which still govern them! True, those "*traits*," of themselves, provide no grounds or direct reasons for impeachment proceedings, but they clearly evidence the dire menace to our nation of a Kennedy in the White House — a Kennedy employing an inherent bent for deceit and hypocrisy to transform the Presidency into a Dictatorship.

First, let's see how Joe Kennedy prepared his kids for the high places he planned for them.

From time immemorial it has been the custom of all the nouveau riche to endeavor to pry open the gates to upper society for their offspring. Their first step is to send their youngsters to the highest schools of learning — the idea being that they would thus acquire the "*spit and polish*" that would transform them into "*ladies*" and "*gentlemen*." That works in some cases, but, more often, such acquired polish and counterfeit gentility are never more than skin-deep — the ill-breeding breaks through with the slightest provocation.

Naturally, all the Kennedy kids were provided with all the benefits of such "*spit and polish*" education that money could buy. And when I say "*that money could buy*" I mean just that. Not one of the Kennedy kids ever attended a public school. The boys were sent to parochial and/or private schools, then to Harvard. The girls received their education in Roman Catholic schools. None of them emerged with high scholastic honors. Jack never got an average of more than 55 in Latin — he graduated Number 64 in a class of 112. Nor did he ever get an A, or a B, or even a C, for effort. His teachers generally considered him both a lazy student and (*as one expressed it*) a "*dumb cluck*." All of which hardly places him in the human UNIVAC (*magic brain*) category.

The same description, more or less, fits little brother Bobby. Although he managed to pass his Bar examinations, his legal knowledge is highly questionable. As a matter of fact he has had practically no legal experience. Traditionally, the Postmaster Generalship, not the Attorney Generalship, is the reward of the political wheel of an Administration. Thus, when big brother Jack handed the At-

torney Generalship to little brother Bobby, the legal fraternity in Boston (*and Washington*) roared with raucous laughter — as one prominent Boston attorney, who knows Bobby's limitations, expressed it: "*Bobby will have to depend upon his office boys for all of his legal decisions.*" Actually, that was how all his work was done for him when he "*functioned*" as "*Counsel*" on the McCarthy and McClellan Committees — his "*efforts*" in those posts were publicized way out of proportion to the results obtained. In addition, all those who know him intimately say he is vindictive, vengeful and highly emotional. Such characteristics, coupled with his lack of legal lore, hardly qualify him as a dispenser of justice.

As for Ted, youngest of the Kennedy Klan, who is now an aspirant to fill Jack's old shoes in the Senate, he can be dismissed entirely — *he was kicked out of Harvard for CHEATING!*

In short, the chief *educational* achievement of the Kennedy boys is a Hah'vahd accent . . . now let's see how much "*polish*" they and their sisters acquired from their colleges and finishing schools:

Like the Greeks, the Irish "*have a word*" for everything — their word for a rowdy, or ruffian, is spalpeen. It is also applicable among the Irish to anybody suspected of dishonesty, or untruthfulness, of any kind of charlatanry and rascality. Of course, that word also can be used in jest — but, the wise Irishman always smiles when he (*supposedly*) uses it in jest.

Throughout his career as swamper — bouncer — bartender — saloon keeper — politician, Pat Kennedy, Jack's grandfather, was commonly referred to as "*The Spalpeen*" — and NOT in jest! However, that soubriquet never ruffled old Pat — with a perverted sense of humor, he always retorted: "*To the Shpalpeens go all the shpoils.*" But the amusing — *and significant* — point is that he always referred to his grandchildren as "*the young shpalpeens.*"

And he was so right! Everybody who ever knew the Joe Kennedy household described it as a bedlam and a never-ending Donnybrook. From the time the Kennedy kids were old enough to swing their fists, and gouge and kick, they fought with their playmates, with their schoolmates, with each other, as savagely as young hoodlums. From one such fight with Joe, Jr., Jack Kennedy emerged with twenty-eight stitches in his head.

Of course, now that Jack is the President of the U. S., he wants the public to "*forget*" that "*wild-Irish*" family trait of the Kennedys. From the moment he stepped into the White House he began to strive to create for himself (*and for the Kennedy family*) an Image of gentility, respectability, *Dignity*. He would like to convince us that

that old song "*Kind hearts and gentle people*" was written to describe the Kennedys — that all the Kennedys faithfully subscribe to the "*soft answer that turneth away wrath*" tenet. But, on the slightest provocation, that "*old debbil*" wild-Irish temper breaks through and smashes that Image, one particular instance being when the Steel industry "*dared*" to challenge his ultimatum and he flared forth with his father's luridly descriptive. "*All businessmen are sons-of-bitches!*"

I can cite an even more positive case that establishes that to this very day all the Kennedys go on the theory that the only way to settle an argument is with a shillelagh or with fists. This case has to do with a recent incident involving Ted Kennedy, the youngest of the Kennedy boys, who is now reaching for a Senatorial toga.

Dave Hackett, a friend of the Kennedys, describes rowing ashore with Teddy in a dinghy at Northeast Harbor, Maine, during a cruise. As they passed a large luxury yacht where a cocktail party was in progress, a man leaned over the rail and suggested he row faster. Teddy referred to the man's birth in his father's language, and told him to mind his own business. The man yelled: "*Come back here and say that again!*" . . . I will now repeat that story in Hackett's words:

"Teddy swung the dinghy around so fast I almost fell out. The next thing I knew, Teddy was on the yacht and the man was being thrown overboard, and all the women were screaming and running below to hide in the cabins. Their husbands were running with them to see that they were safely tucked in, I guess. By this time, I'm on the yacht with Teddy. The men start to come up the deck to deal with us, but it's a narrow hatchway and they have to come up through it one at a time. As each appears, I grab him and spin him to Teddy and Teddy throws him overboard. In no time, all of the men, there were about eight of them, were in the water. I never saw anything like it."

In short, all the Kennedy kids were *born* rowdy wild-Irish. That this is indeed a Kennedy "*family trait*", handed down from one generation to another, was emphasized by no less an authority than Jacqueline Kennedy: in a conversation with a friend she described the "*goings-on*" at the Kennedy family shindigs — "*the five-year olds,*" said Jackie, "*maul the four-year olds, the four-year olds maul the three-year olds and the three-year olds maul the two-year olds.*"

Thus, during their adolescent years all the Kennedy kids were rowdy wild-Irish, virtually young hoodlums. They emerged from their colleges and finishing schools still wild-Irish, still rowdies. Their family gatherings, with their "*touch-football*" games, continue to be Donnybrooks in the full "*wild-Irish*" tradition. All of them are

avid night-clubbers — or were until Jack entered the White House. All of them prefer raffish companionships. As a startling example of that predilection, on the night that Jack achieved his nomination, he, and others of the Kennedy Klan, joined the notorious Hollywood “*Rat Pack*” in what was described as a wild, no-holds-barred “*victory binge*,” wild even for Hollywood. Frank Sinatra is the Chief Rat of the Pack. Peter Lawford, Jack’s brother-in-law is the next most important Rat in the Pack. Among the other Rats at that “*binge*” were Tony Curtis, Dean Martin, Shirley McLaine, the one-eyed Negro, Sammy Davis, Jr., etc., etc. . . . unquestionably, the most raffish of all the Hollywood riff-raff.

Apparently, it was at that “*binge*” that Jack and Bobbie were inducted into their Rat Pack membership, because shortly after the inauguration, at a similar “*celebration binge*” in Florida, Sinatra gloatingly proclaimed: “*I now have a Junior Rat in the White House and another Junior Rat in the Attorney Generalship!*”

Frantic White House efforts kept that uncouth boast out of the press generally, but not before it appeared in some of the Florida (*and other*) gossip columns. Word-of-mouth quickly spread it — particularly in politically-minded circles. To some, especially those who know the real Kennedys, it was highly amusing — to others it was shocking. But Jack saw nothing funny about it — indeed, Sinatra’s boast irked him no end. As I previously stressed, from the moment he stepped into the White House he began to strive to create for himself and for his family an “*image*” of great dignity and high respectability — not a very easy thing to achieve for one with his (*and his family’s*) rowdy and highly dubious background. Sinatra’s boast not only made a laughing stock of him (Jack) on Capitol Hill, it also tarnished and ridiculed that greatly desired “*IMAGE*” *That’s what the antics of the Kennedy boys did to that “Image”.*

Nor have the Kennedy Girls (*and in-laws*) brought lustre to the Kennedy name and “*Image*.” I can cite a number of incidents in which they were involved which would have brought a blush of shame to the collective faces of any self-respecting family, but in the interest of conserving space I will mention just two.

During his brief career as a “*Hollywood Mogul*”, Joe Kennedy acquired a strong dislike (*actually hatred*) for actors. That dislike did not extend to the fair sex. Oh, no! Just the men. Anyway, he frequently said: “*If there’s anything I’d hate as a son-in-law, it’s an actor — and if there is anything I’d hate worse than an actor, it’s an English actor.*”

Apparently Joe’s daughter Patricia (Pat) did not share her father’s

antipathy, for, many years later, she married English actor, Peter Lawford. Of all the English actors who through the years invaded Hollywood, I consider Petah the least admirable. Actually, in his case, "actor" is a misnomer — Hedda Hopper expressed it aptly when she stated "*absolutely non-talented, he can't sing and dances with two left feet. Charm boy? I certainly fail to see how he could be.*" His father was a baronet, Sir Sidney Lawford — his mother is a distinguished and charming Lady, but Petah must be a throwback to one of their less worthy ancestors. To express it mildly, Petah is the kind of an "*English gentleman*" that even a mother can't love. Moreover, Lady Lawford has made no secret of that fact — nor is it a secret that she loathes the Kennedys, Joe in particular.

As previously stated, Petah is the No. 2 Rat in the Pack. Naturally, the Rat Pack automatically became Pat Kennedy Lawford's social circle. One of the most important Rats, the one-eyed Negro Sammy Davis, Jr., is unquestionably the most obnoxious of all the Negroes in show business. Everything about him is instantaneously detestable. As an indication of how he affects people, during one of his performances at the Paladium in London, the audience began to chant: "*Go back to the trees, Sammy, go back to the trees.*" His chief obsession is white women. He finally found a Swedish female, May Britt, willing to marry him. Well, on the day of the wedding, all of his brother and sister Rats, among them Pat (Kennedy) Lawford, assembled on the sidewalk in front of the building where the weird ceremony was taking place. Naturally, the event was being covered by the press. As the Negro and his white wife emerged, Pat, *our President's sister*, screamed: "*Hi, chickie baby*", and dashed into his arms for a hug and a kiss.

That incident hit the Los Angeles press and Radio within an hour. It quickly spread. It shocked and horrified all decent people — it stunned even the Rat Pack. The telephone wires between the White House and the Lawford home *sizzled* — for all the good it did JFK *Pat is a Kennedy, too*, you know.

The second incident occurred during a hilarious swimming-pool party at the swank home of the Bobby Kennedys. Ethel (*Mrs. Bobby*) had balanced a table on a plank over one end of the pool and invited a group of guests, Astronaut Glenn and the newly appointed U. S. Supreme Court Justice Whizzer White among them, to sit at the table with her. Then, after all of them were comfortably seated, Ethel tipped the table and, kerplunk, she, Arthur Schlesinger and a Mrs. Spencer Davis landed in the pool. Shrieking with laughter, Ethel climbed out of the pool, shook herself, and went into a "*Twist*" dance with *Harry Belafonte, the Negro singer!* Oh, it was indeed a

"glamorous" party! But if you think it was an unusual "party," and the dunking just a happenstance, perish the thought. Our "highly dignified" Attorney General and his lively wife just love to stage such parties — *always replete with Harry Belafontes, Sammy Davis, Jr., other Rats of the Pack, etc.* At one such party, Teddy Kennedy, who also fancies himself to be an heir-apparent to the throne in the White House, got dunked in the same pool, then, dripping like a wet collie dog, proceeded to chase all the women to dance with him. Such are the Kennedys — *arbiters of the destiny of our nation!*

THE KENNEDY POLITICAL "INTEGRITY"

The Kennedy boys inherited their political ambitions from their grandfathers, saloon-keeper Pat Kennedy and John ("Honey") Fitzgerald. It is only natural that with those ambitions they also "*inherited*" all of the trickeries, chicaneries and political crookednesses of both men. During his Hollywood days, Joe Kennedy loved to reminisce about his father's political maneuverings. One of his first memories of those maneuverings was of two henchmen coming to the Kennedy home and saying to his father: "*Pat, we voted one hundred and twenty-eight times today.*" Another of his most nostalgic recollections was the trick old Pat employed to block an opponent for a seat in The Massachusetts Legislature: he blocked off and barricaded all the streets leading into his district, so as to prevent his opponent's delegates from arriving in time to vote. In addition, he dispatched gangs of his hoodlum-henchmen to pick fights with the delegates, thus bringing in the police to arrest the fighters and haul all of them off to the hoosegow.

The maternal grandfather of the Kennedys, John ("Honey") Fitzgerald, was even more devious. Twice elected Mayor of Boston, by employing every crooked trick in the political game, he then tried twice for the governorship, also the Senate. Defeated in each attempt, he finally tried for the House of Representatives — and (*supposedly*) won. An official U. S. Government publication, the "*Biographical Directory of the American Congress, 1774-1949,*" states that John F. Fitzgerald "*presented credentials as Democratic member-elect and served from March 4, 1919 until October 23, 1919 when he was succeeded by Peter F. Tague, who contested his election.*"

Mr. Tague submitted overwhelming evidence that Fitzgerald had achieved his "*election*" by large-scale fraud — that his "*political organization*" had manipulated false registrations of thousands of non-resident "*repeat*" voters in many of the precincts — and that

"every permanent resident of every cemetery in the district voted for Fitzgerald again and again and again." Fitzgerald was ousted from his seat — and was never permitted to run for public office again. Indeed, he just barely escaped a term in prison.

Thus, it is obvious that political crookedness is inherent — *and a matter of instinct with the Kennedys*. As a matter of fact, in his very first foray into the political world, Jack Kennedy broke the law, to wit: To enter a candidate for the primary in the state of Massachusetts, it is necessary to certify the names of 250 Party members. On April 2, 1946, when such a list was submitted on Jack's behalf to the Office of the Registrars of Voters and Election Commissioners of the State, it was found that Jack himself was not an enrolled Democrat. As a citizen of Massachusetts, he had cast only absentee ballots from various Navy Posts.

That law was clear, concise and, supposed to be rigid. A serviceman could register as a voter by mail, but he had to appear in person to enroll as a member of the party of his choice. Thus, Jack Kennedy was not only ineligible as a candidate, he could not even vote.

April 30 was the last filing day for a candidate and the law required a candidate to be a *certified* party member for not less than 30 days prior to that date. Jack's oversight was discovered on April 2. On April 3, twenty-seven days before the election, he slipped into the City Hall and registered as a Democrat. He did this although the law allows no leniency and no exceptions . . . *but he got away with it!*

THE FRAUDULENT 1960 "ELECTION"

I could cite many of JFK's political chicaneries during his 16 years in politics, but I will confine myself to the most heinous one — his "*election*" to the Presidency. That was the most reprehensible act of political crookedness in the entire history of the United States.

As we know, he was "*elected*" by a margin of, in round figures, 112,000 votes. But a proper recount would show that his gang stole perhaps ten times that many votes. They employed all of the John Fitzgerald techniques, plus many others. And, of course, many of the permanent "*residents*" of many of the cemeteries in various parts of the country were among the Kennedy voters — particularly in Illinois, Missouri, So. Carolina and Texas.

In Illinois, where Kennedy "*won*" by 8,000 votes, Mrs. Wayland

C. Brooks, Republican National Committeewoman for Illinois, issued a statement, following a Republican investigation, which claimed: "*We are sure, after five weeks of fighting every step of the way, that we really carried Illinois by more than 50,000 votes.*"

Even more significant is an *official record* that on April 14, 1961, a DEMOCRAT, Morris Wexler, special investigator and prosecutor of vote frauds in Illinois, submitted to County Judge Thaddeus V. Adesko a list of 662 precinct judges and party workers involved in four classes of vote frauds. These were: 1) misconduct in reporting election returns in precincts where voting machines were used; 2) misconduct in precincts where paper ballots were used; 3) charges involving voting by unqualified voters; and 4) charges of exercising improper influence at the polls. All of which more than confirms Mrs. Brooks' claim.

In Texas, Nixon was nearly 80,000 ahead on the final count of the voting machines, but along the border areas, long notorious for unrestricted political shenanigans, and where there were few if any Republican poll watchers, the vote shifted the balance for Kennedy. St. Louis, where the Republicans had no poll watchers in more than 335 precincts, swung Missouri, which, at that, went to Kennedy by less than 10,000 votes.

Quite a number of newspapers, even some of the Left-wing, asserted that the vote stealing was coupled with heavy cash bribes by Joe Kennedy. Arthur F. Hermans of the Gannett News Service reported of the Kennedy pre-convention organization: "*Kennedy's well-oiled political machine had everything except a fundraising section. Not one appeal ever was issued to raise primary money for Kennedy. Yet the report is that multi-millionaire Joseph P. Kennedy spent SEVEN MILLION dollars on this phase of the campaign alone.*"

Even COPE, Labor's press voice, which certainly is in Kennedy's corner, stated that a change of just a few thousand votes in two or three of the above mentioned states would have spelled defeat for him.

Now, all of the above statements are not hearsay, or rumors. They are authenticated facts, all of them supported by OFFICIAL findings. John F. ("Honey") Fitzgerald was thrown out of the House of Representatives because his election opponent fought the vote steal. But, unlike Mr. Tague, in 1919, Dick Nixon, *undoubtedly on orders from CFR*, refused to challenge the election results.

That establishes beyond any doubt that John F. Kennedy is not the lawful President of the United States . . . that he is a brazen

usurper of that office . . . that it is the most brazen theft of high office ever perpetrated in the history of our nation!

That alone demands that Congress haul him up for IMPEACHMENT proceedings — and trial for fraud!

HIS CAMPAIGN SHENANIGANS

Any attempt to chronologically record all of John Kennedy's political shenanigans and his deliberately false promises during his campaign for the Presidency would require several volumes of white space. However, I will cite one outstanding incident to serve as prima facie evidence of his utter disregard of truth, honor and decency.

As we know, in Boston, compared with the Cabots and the Lodges and the Saltonstalls, the Kennedys were considered political, as well as social, riff-raff. Realizing that in order to advance his political ambitions he would have to create an "IMAGE" for himself, Jack Kennedy began to make speeches all over the state of Massachusetts. Ordinary speeches, he felt, would not do much for his desired "IMAGE," so he seized upon every form of sensationalism for his subjects. In 1947 some of the truths about Franklin Roosevelt's political treacheries began to emerge. So, in a speech he delivered in Salem, Massachusetts, during that year, Jack Kennedy really flayed Roosevelt. In so many words, he denounced Roosevelt as a political crook — and particularly assailed his secret dealings (*betrayals*) with Stalin at Yalta. He also stressed that during his last years Roosevelt was a senile old idiot. He topped it off with some slighting remarks about Eleanor.

However, all that boomeranged against him in 1956, when he angled for the Vice Presidential candidacy. It was Eleanor and her gang (ADA) of Left-wing Democrats who balked him. He realized that if he dared hope for the Presidential nomination in 1960 he would have to fix his fences with that gang. He began to pander to Arthur Schlesinger and his faction of so-called intellectuals. They arranged a dinner engagement for Jack and Eleanor. Jack ate plenty of crow that night — and faithfully promised to make amends for his 1947 *faux pas*. So'o'o, during his campaign he constantly eulogized "Saint Franklin", extolled his "virtues", his great "humanitarianism," his great administrative "wisdom," and pledged himself to "take up where (the Pearl Harbor — Yalta) betrayer left off."

With that very pledge, he told the American people that he would carry on the conspiracy to destroy the sovereignty of the nation which he was later to take an oath to preserve!

MORE GROUNDS FOR IMPEACHMENTS

No. 1) Throughout the campaign Kennedy kept charging that during the Eisenhower Administration American prestige throughout the world had plummeted to an all-time low. He cited many specific causes for that deterioration, but stressed Eisenhower's inept bungling of the Cuban situation. The horrifying debacle of the Cuban invasion is still too fresh in our minds to need reviewing in these pages. That debacle was a deliberate betrayal — it anchored a Communist menace right on our doorstep — it was treason in every meaning of that word. To emphasize that charge, I quote the following from *READER'S DIGEST*, issue of March 1962: "*Richard Nixon has said, 'If I had been responsible for failing to make a critical decision on the Cuban business which would have brought victory, I would have been impeached.'*"

Well, why not Kennedy? Why not the traitors in the State Department and in the Pentagon who wittingly and deliberately engineered that debacle? No. 2) Several months after the "*coronation*" of King John (*that is his conception of the inauguration*) our nation was rocked by the stunning revelation that the Kennedy Administration was delivering (*virtually GRATIS*) hundreds of our Jet Bombers to Yugoslavia. Kennedy pooh-poohed that "*tempest in a teapot*" and asserted that those planes were obsolete and we had to get rid of them. To his dismay — *and rage* — a Pentagon official denied it, and stated that all the Bombers delivered to Tito were exactly the same type as those in our own Air Force. Then came the further horrifying revelation that, *on orders from the White House*, our own U. S. Air Force was secretly training Yugoslav (*and other Red nations*) pilots how to operate those Bombers. The entire nation erupted with fury and indignation. It frightened Joe Kennedy's boy. But it also enraged him. He savagely denounced all those who voiced their anger — he branded them as "*dangerous Extremists.*" In so many words ". . . *how did they dare to criticize or question His Majesty's orders?*" . . . and promptly little brother Bobby ordered the Income Tax boys to descend on the most demonstrative objectors and "*examine*" their income-tax Reports.

That entire incident was an act of RANK TREASON, as defined by our Constitution under the "rendering aid and comfort to the Enemy" section — and DEMANDS impeachment proceeding!

No. 3) Under the Eisenhower Administration there was at least a partial ban on admission via our postal service of Communist propo-

ganda published and printed by Moscow, Prague and other Communist nations. Kennedy had hardly been inaugurated, when he ordered the lifting of all such bans and provided *free* delivery of same by our post-offices. As if they were waiting for that signal, Moscow began to pour their publications into our country by the *millions of tons*. That propoganda is deliberately intended to brainwash the American people — *especially our Youth* — into acceptance of Marxism. That is RANK TREASON ! ! ! In addition, it tremendously increased the cost of operating our Post Office Department —and then, to meet that increased cost, Kennedy *brazenly* demanded that Congress increase all of our postal rates! *The taxpayers were to pay the costs of brainwashing our people!* How do you like that?

Now, this issue is devoted entirely to the features that DEMAND the impeachment of John F. Kennedy. There is a great deal to be said about the internal (domestic) havoc he has been creating from the very day he stepped into office. This can be charged to the mismanagement of an utterly ignorant, untrained, immature mind. I will review all of it in a later issue to be titled: "THE STATE DEPARTMENT AND OUR INVISIBLE GOVERNMENT." However, because, at the time of the Steel fiasco, one prominent Senator summed up the entire Kennedy mishmash in one sentence, I believe a repeat of his summation is apropos at this point.

As we all can recall, Kennedy erupted with wild rage at the time — he denounced all businessmen who opposed him as "*Sons of Bitches*". Simultaneously, little brother Bobby ordered the FBI and the Internal Revenue boys to harass and persecute various critics of the Administration. At the same time, the Salingers, Sorensons, Schlesingers, and others of the "*Irish Mafia*," spread the "*warning*" that King John is a very nice, generous and genial "*monarch*," but God help those who oppose or criticize him — and more words to that effect. And they also stressed: "*Look out, Little Bobby is watching you!*" Indeed, with those warnings, Jack acquired a new nickname: "*Tiger Kennedy*," no less. That was when the aforementioned Senator said: "*Our hapless country has fallen into the hands of a couple of ill-mannered, ill-bred, ill-tempered brats, who scream with rage when they can't have their way . . . here is a man (Jack) who never had to meet a payroll, who never had to live within a budget, who never has had to even earn the dollars to pay for his food and for his orgies—yet he insists on running the Economy of our nation—how long, oh, Lord, how long!*"

This is a true and most ironic picture of the assumption of "*royalty*" by the ill-bred Kennedy "*brats*," but it contains a highly tragic consequence for our country and for the American people unless

we quickly take the necessary action to strip them of their usurped powers. With all their arrogance, we know that they are captives of the Masterminds of the Great Conspiracy to transform our nation into a unit of a Communist (UN) One-World Government. For those who still cannot completely accept the Cuban Debacle; the delivery of our Jet Bombers — and secret training of Red Pilots; of the “open door” to Communist propoganda, as grounds for impeachment, I submit the “*Department of State Publication 7277.*” This is a verbatim reprint of a plot to achieve the complete delivery of the U. S. to enslavement to the UN. I urge you to read it slowly — to pierce through the thin and obvious camouflaging of the plot. It is exactly the same plot that was embodied in the brazen “RESOLUTION” of the “*United World Federalists,*” which was fully exposed in 1949 and rescinded in 1950, when it was proclaimed to be “*an outright treason plot*” — and the UWF denounced as “*a cabal of traitors.*”

●

KENNEDY'S “DISARMAMENT” PLOT

●

“*Department of State Publication 7277 . . . Disarmament Series 5. Released September 1961 . . . Office of Public Services . . . BUREAU OF PUBLIC SERVICES.*”

“*Introduction:—*

“*The revolutionary development of modern weapons within a world divided by serious ideological differences has produced a crisis in human history. In order to overcome the danger of nuclear war now confronting mankind, the United States has introduced at the Sixteenth General Assembly of the United Nations a Program for General and Complete Disarmament in a Peaceful World.*

“*This new program provides for the progressive reduction of the war-making capabilities of nations and the simultaneous strengthening of international institutions to settle disputes and maintain the peace. It sets forth a series of comprehensive measures which can and should be taken in order to bring about a world in which there will be freedom from war and security for all states. It is based on three principles deemed essential to the achievement of practical progress in the disarmament field:*

“*First, there must be immediate disarmament action:—*

“*A strenuous and uninterrupted effort must be made toward the goal of general and complete disarmament; at the same time, it is important that specific measures be put into effect as soon as possible.*

"Second, all disarmament obligations must be subject to effective international controls:—

"The control organization must have the manpower, facilities, and effectiveness to assure that limitations or reductions take place as agreed. It must also be able to certify to all states that retained forces and armaments do not exceed those permitted at any stage of the disarmament process.

"Third, adequate peace-keeping machinery must be established:—

"There is an inseparable relationship between the scaling down of national armaments on the one hand and the building up of international peace-keeping machinery and institutions on the other. Nations are unlikely to shed their means of self-protection in the absence of alternative ways to safeguard their legitimate interests. This can only be achieved through the progressive strengthening of international institutions under the United Nations and by creating a United Nations Peace Force to enforce the peace as the disarmament process proceeds.

"There follows a summary of the principal provisions of the United States Program for General and Complete Disarmament in a Peaceful World. The full text of the program is contained in an appendix to this pamphlet."

"FREEDOM FROM WAR

"The United States Program for General and Complete Disarmament in a Peaceful World

"Summary:— Disarmament Goal and Objectives

"The over-all goal of the United States is a free, secure, and peaceful world of independent states adhering to common standards of justice and international conduct and subjecting the use of force to the rule of law; a world which has achieved general and complete disarmament under effective international control; and a world in which adjustment to change takes place in accordance with the principles of the United Nations.

"In order to make possible the achievement of that goal, the program sets forth the following specific objectives toward which nations should direct their efforts:

"The disbanding of all national armed forces and the prohibition of their reestablishment in any form whatsoever other than those required to preserve internal order and for contributions to a United Nations Peace Force;

“The elimination from national arsenals of all armaments,, including all weapons of mass destruction and the means for their delivery, other than those required for a United Nations Peace Force and for maintaining internal order;

“The institution of effective means for the enforcement of international agreements, for the settlement of disputes, and for the maintenance of peace in accordance with the principles of the United Nations;

“The establishment and effective operation of an International Disarmament Organization within the framework of the United Nations to insure compliance at all times with all disarmament obligations.

“Task of Negotiating States:—

“The negotiating states are called upon to develop the program into a detailed plan for general and complete disarmament and to continue their efforts without interruption until the whole program has been achieved. To this end, they are to seek the widest possible area of agreement at the earliest possible date. At the same time, and without prejudice to progress on the disarmament program, they are to seek agreement on those immediate measures that would contribute to the common security of nations and that could facilitate and form part of the total program.

Governing Principles:—

“The program sets forth a series of general principles to guide the negotiating states in their work. These make clear that:

“As states relinquish their arms, the United Nations must be progressively strengthened in order to improve its capacity to assure international security and the peaceful settlement of disputes;

“Disarmament must proceed as rapidly as possible, until it is completed, in stages containing balanced, phased, and safeguarded measures;

“Each measure and stage should be carried out in an agreed period of time, with transition from one stage to the next to take place as soon as all measures in the preceding stage have been carried out and verified and as soon as necessary arrangements for verification of the next stage have been made;

“Inspection and verification must establish both that nations carry out scheduled limitations or reductions and that they do not retain armed forces and armaments in excess of those permitted at any stage of the disarmament process; and

“Disarmament must take place in a manner that will not affect adversely the security of any state.

“Disarmament Stages:—

“The program provides for progressive disarmament steps to take place in three stages and for the simultaneous strengthening of international institutions.

“First Stage:—

“The first stage contains measures which would significantly reduce the capabilities of nations to wage aggressive war. Implementation of this stage would mean that:—

“The nuclear threat would be reduced:

“All states would have adhered to a treaty effectively prohibiting the testing of nuclear weapons.

“The production of fissionable materials for use in weapons would be stopped and quantities of such materials from past production would be converted to non-weapons uses.

“States owning nuclear weapons would not relinquish control of such weapons to any nation not owning them and would not transmit to any such nation information or material necessary for their manufacture.

“States not owning nuclear weapons would not manufacture them or attempt to obtain control of such weapons belonging to other states.

“A Commission of Experts would be established to report on the feasibility and means for the verified reduction and eventual elimination of nuclear weapons stockpiles.

“Strategic delivery vehicles would be reduced:—

“Strategic nuclear weapons delivery vehicles of specified categories and weapons designed to counter such vehicles would be reduced to agreed levels by equitable and balanced steps; their production would be discontinued or limited; their testing would be limited or halted.

“Arms and armed forces would be reduced:—

“The armed forces of the United States and the Soviet Union would be limited to 2.1 million men each (with appropriate levels not exceeding that amount for other militarily significant states); levels of armaments would be correspondingly reduced and their production would be limited.

“An Experts Commission would be established to examine and report on the feasibility and means of accomplishing verifiable re-

duction and eventual elimination of all chemical, biological and radiological weapons.

"Peaceful use of outer space would be promoted:—

"The placing in orbit or stationing in outer space of weapons capable of producing mass destruction would be prohibited States would give advance notification of space vehicle and missile launchings.

"U. N. peace-keeping powers would be strengthened:—

"Measures would be taken to develop and strengthen United Nations arrangements for arbitration, for the development of international law, and for the establishment in Stage II of a permanent U.N. Peace Force.

"An International Disarmament Organization would be established for effective verification of the disarmament program:—

"Its functions would be expanded progressively as disarmament proceeds.

"It would certify to all states that agreed reductions have taken place and that retained forces and armaments do not exceed permitted levels.

"It would determine the transition from one stage to the next.

"States would be committed to other measures to reduce international tension and to protect against the chance of war by accident, miscalculation, or surprise attack:

"States would be committed to refrain from the threat or use of any type of armed force contrary to the principles of the U.N. Charter and to refrain from indirect aggression and subversion against any country.

"A U.N. peace observation group would be available to investigate any situation which might constitute a threat to or breach of the peace.

"States would be committed to give advance notice of major military movements which might cause alarm; observation posts would be established to report on concentrations and movements of military forces.

"Second Stage:—

"The second stage contains a series of measures which would bring within sight a world in which there would be freedom from war. Implementation of all measures in the second stage would mean:

"Further substantial reductions in the armed forces, armaments,

and military establishments of states, including strategic nuclear weapons delivery vehicles and countering weapons;

“Further development of methods for the peaceful settlement of disputes under the United Nations;

“Establishment of a permanent international peace force within the United Nations;

“Depending on the findings of an Experts Commission, a halt in the production of chemical, bacteriological, and radiological weapons and a reduction of existing stocks or their conversion to peaceful uses;

“On the basis of the findings of an Experts Commission, a reduction of stocks of nuclear weapons;

“The dismantling or the conversion to peaceful uses of certain military bases and facilities wherever located; and

“The strengthening and enlargement of the International Disarmament Organizations to enable it to verify the steps taken in Stage II and to determine the transition to Stage III.

“Third Stage:

“During the third stage of the program, the states of the world, building on the experience and confidence gained in successfully implementing the measures of the first two stages, would take final steps toward the goal of a world in which:

“States would retain only those forces, non-nuclear armaments, and establishments required for the purpose of maintaining internal order; they would also support and provide agreed manpower for a U.N. Peace Force.

“The U.N. Peace Force, equipped with agreed types and quantities of armaments, would be fully functioning.

“The manufacture of armaments would be prohibited except for those of agreed types and quantities to be used by the U.N. Peace Force and those required to maintain internal order. All other armaments would be destroyed or converted to peaceful purposes.

“The peace-keeping capabilities of the United Nations would be sufficiently strong and the obligations of all states under such arrangements sufficiently far-reaching as to assure peace and the just settlement of differences in a disarmed world.

●

"Appendix

"DECLARATION ON DISARMAMENT

**"The United States Program for General and Complete
Disarmament in a Peaceful World**

●

"The Nations of the world,

"Conscious of the crisis in human history produced by the revolutionary development of modern weapons within a world divided by serious ideological differences;

"Determined to save present and succeeding generations from the scourge of war and the dangers and burdens of the arms race and to create conditions in which all peoples can strive freely and peacefully to fulfill their basic aspirations;

"Declare their goal to be: A free, secure, and peaceful world of independent states adhering to common standards of justice and international conduct and subjecting the use of force to the rule of law; a world where adjustment to change takes place in accordance with the principles of the United Nations; a world where there shall be a permanent state of general and complete disarmament under effective international control and where the resources of nations shall be devoted to man's material, cultural, and spiritual advance;

"Set forth as the objectives of a program of general and complete disarmament in a peaceful world:

"(a) The disbanding of all national armed forces and the prohibition of their reestablishment in any form whatsoever other than those required to preserve internal order and for contributions to a United Nations Peace Force;

"(b) The elimination from national arsenals of all armaments, including all weapons of mass destruction and the means for their delivery, other than those required for a United Nations Peace Force and for maintaining internal order;

"(c) The establishment and effective operation of an International Disarmament Organization within the framework of the United Nations to ensure compliance at all times with all disarmament obligations;

"(d) The institution of effective means for the enforcement of international agreements, for the settlement of disputes, and for the maintenance of peace in accordance with the principles of the United Nations.

“Call on the negotiating states:— (a) To develop the outline program set forth below into an agreed plan for general and complete disarmament and to continue their efforts without interruption until the whole program has been achieved;

“(b) To this end to seek to attain the widest possible area of agreement at the earliest possible date;

“(c) Also to seek—without prejudice to progress on the disarmament program—agreement on those immediate measures that would contribute to the common security of nations and that could facilitate and form a part of that program.

“Affirm that disarmament negotiations should be guided by the following principles:

“(a) Disarmament shall take place as rapidly as possible until it is completed in stages containing balanced, phased and safeguarded measures, with each measure and stage to be carried out in an agreed period of time.

“(b) Compliance with all disarmament obligations shall be effectively verified from their entry into force. Verification arrangements shall be instituted progressively and in such a manner as to verify not only that agreed limitations or reductions take place but also that retained armed forces and armaments do not exceed agreed levels at any stage.

“(c) Disarmament shall take place in a manner that will not affect adversely the security of any state, whether or not a party to an international agreement or treaty.

“(d) As states relinquish their arms, the United Nations shall be progressively strengthened in order to improve its capacity to assure international security and the peaceful settlement of differences as well as to facilitate the development of international cooperation in common tasks for the benefit of mankind.

“(e) Transition from one stage of disarmament to the next shall take place as soon as all the measures in the preceding stage have been carried out and effective verification is continuing and as soon as the arrangements that have been agreed to be necessary for the next stage have been instituted.

“Agree upon the following outline program for achieving general and complete disarmament:

“Stage I

“A. To Establish an International Disarmament Organization:

“(a) An International Disarmament Organization (IDO) shall be established

within the framework of the United Nations upon entry into force of the agreement. Its functions shall be expanded progressively as required for the effective verification of the disarmament program.

"(b) The IDO shall have: (1) a General Conference of all the parties; (2) a Commission consisting of representatives of all the major powers as permanent members and certain other states on a rotating basis; and (3) an Administrator who will administer the Organization subject to the direction of the Commission and who will have the authority, staff, and finances adequate to assure effective impartial implementation of the functions of the Organization.

"(c) The IDO shall: (1) ensure compliance with the obligations undertaken by verifying the execution of measures agreed upon; (2) assist the states in developing the details of agreed further verification and disarmament measures; (3) provide for the establishment of such bodies as may be necessary for working out the details of further measures provided for in the program and for such other expert study groups as may be required to give continuous study to the problems of disarmament; (4) receive reports on the progress of disarmament and verification arrangements and determine the transition from one stage to the next.

"B. To Reduce Armed Forces and Armaments:

"(a) Force levels shall be limited to 2.1 million each for the U. S. and U.S.S.R. and to appropriate levels not exceeding 2.1 million each for all other militarily significant states. Reductions to the agreed levels will proceed by equitable, proportionate, and verified steps.

"(b) Levels of armaments of prescribed types shall be reduced by equitable and balanced steps. The reductions shall be accomplished by transfers of armaments to depots supervised by the IDO. When, at specific periods during the Stage 1 reduction process, the states party to the agreement have agreed that the armaments and armed forces are at prescribed levels, the armaments in depots shall be destroyed or converted to peaceful uses.

"(c) The production of agreed types of armaments shall be limited.

"(d) A Chemical, Biological, Radiological (CBR) Experts Commission shall be established within the IDO for the purpose of examining and reporting on the feasibility and means for accomplishing the verifiable reduction and eventual elimination of CBR weapons stockpiles and the halting of their production.

"C. To Contain and Reduce the Nuclear Threat:

"(a) States that have not acceded to a treaty effectively prohibiting the testing of nuclear weapons shall do so.

"(b) The production of fissionable materials for use in weapons shall be stopped.

“(c) Upon the cessation of production of fissionable materials for use in weapons, agreed initial quantities of fissionable materials from past production shall be transferred to non-weapons purposes.

“(d) Any fissionable materials transferred between countries for peaceful uses of nuclear energy shall be subject to appropriate safeguards to be developed in agreement with the IAEA.

“(e) States owning nuclear weapons shall not relinquish control of such weapons to any nation not owning them and shall not transmit to any such nation information or material necessary for their manufacture. States not owning nuclear weapons shall not manufacture such weapons, attempt to obtain control of such weapons belonging to other states, or seek or receive information or materials necessary for their manufacture.

“(f) A Nuclear Experts Commission consisting of representatives of the nuclear states shall be established within the IDO for the purpose of examining and reporting on the feasibility and means for accomplishing the verified reduction and eventual elimination of nuclear weapons stockpiles.

“D. To Reduce Strategic Nuclear Weapons Delivery Vehicles:

(a) Strategic nuclear weapons delivery vehicles in specified categories and agreed types of weapons designed to counter such vehicles shall be reduced to agreed levels by equitable and balanced steps. The reduction shall be accomplished in each step by transfers to depots supervised by the IDO of vehicles that are in excess of levels agreed upon for each step. At specified periods during the Stage 1 reduction process, the vehicles that have been placed under supervision of the IDO shall be destroyed or converted to peaceful uses.

“(b) Production of agreed categories of strategic nuclear weapons delivery vehicles and agreed types of weapons designed to counter such vehicles shall be discontinued or limited.

“(c) Testing of agreed categories of strategic nuclear weapons delivery vehicles and agreed types of weapons designed to counter such vehicles shall be limited or halted.

“E. To Promote the Peaceful Use of Outer Space:

“(a) The placing into orbit or stationing in outer space of weapons capable of producing mass destruction shall be prohibited.

“(b) States shall give advance notification to participating states and to the IDO of launchings of space vehicles and missiles, together with the track of the vehicle.

“F. To Reduce the Risks of War by Accident, Miscalculation, and Surprise Attack:

"(a) States shall give advance notification to the participating states and to the IDO of major military movements and maneuvers, on a scale as may be agreed, which might give rise to misinterpretation or cause alarm and induce countermeasures. The notification shall include the geographic areas to be used and the nature, scale and time span of the event.

"(b) There shall be established observation posts at such locations as major ports, railway centers, motor highways, and air bases to report on concentrations and movements of military forces.

"(c) There shall also be established such additional inspection arrangements to reduce the danger of surprise attack as may be agreed.

"(d) An international commission shall be established immediately within the IDO to examine and make recommendations on the possibility of further measures to reduce the risks of nuclear war by accident, miscalculation, or failure of communication.

"G. To Keep the Peace:

"(a) States shall reaffirm their obligations under the U.N. Charter to refrain from the threat or use of any type of armed force—including nuclear, conventional, or CBR—contrary to the principles of the U.N. Charter.

"(b) States shall agree to refrain from indirect aggression and subversion against any country.

"(c) States shall use all appropriate processes for the peaceful settlement of disputes and shall seek within the United Nations further arrangements for the peaceful settlement of international disputes and for the codification and progressive development of international law.

"(d) States shall develop arrangements in Stage I for the establishment in Stage II of a U.N. Peace Force.

"(e) A U.N. peace observation group shall be staffed with a standing cadre of observers who could be despatched to investigate any situation which might constitute a threat to or breach of the peace.

"STAGE II

"A. International Disarmament Organization:

"The powers and responsibilities of the IDO shall be progressively enlarged in order to give it the capabilities to verify the measures undertaken in Stage II.

B. To Further Reduce Armed Forces and Armaments:

"(a) Levels of forces for the U.S., U.S.S.R., and other militarily significant states shall be further reduced by substantial amounts to agreed levels in equitable and balanced steps.

"(b) Levels of armaments of prescribed types shall be further reduced

by equitable and balanced steps. The reduction shall be accomplished by transfers of armaments to depots supervised by the IDO. When, at specified periods during the Stage II reduction process, the parties have agreed that the armaments and armed forces are at prescribed levels, the armaments in depots shall be destroyed or converted to peaceful uses.

"(c) There shall be further agreed restrictions on the production of armaments.

"(d) Agreed military bases and facilities wherever they are located shall be dismantled or converted to peaceful uses.

"(e) Depending upon the findings of the Experts Commission on CBR weapons, the production of CBR weapons shall be halted, existing stocks progressively reduced, and the resulting excess quantities destroyed or converted to peaceful uses.

"C. To Further Reduce the Nuclear Threat:

"Stocks of nuclear weapons shall be progressively reduced to the minimum levels which can be agreed upon as a result of the findings of the Nuclear Experts Commission; the resulting excess of fissionable material shall be transferred to peaceful purposes.

"D. To Further Reduce Strategic Nuclear Weapons Delivery Vehicles:

"Further reductions in the stocks of strategic nuclear weapons delivery vehicles and agreed types of weapons designed to counter such vehicles shall be carried out in accordance with the procedure outlined in Stage I.

"E. To Keep the Peace:

"During Stage II, states shall develop further the peace-keeping processes of the United Nations, to the end that the United Nations can effectively in Stage III deter or suppress any threat or use of force in violation of the purposes and principles of the United Nations:

"(a) States shall agree upon strengthening the structure, authority, and operation of the United Nations so as to assure that the United Nations will be able effectively to protect states against threats to or breaches of the peace.

"(b) The U.N. Peace Force shall be established and progressively strengthened.

"(c) States shall also agree upon further improvements and developments in rules of international conduct and in processes for peaceful settlement of disputes and differences.

STAGE III

"By the time Stage II has been completed, the confidence produced through a verified disarmament program, the acceptance of rules of peaceful international behavior, and the development of strengthened international peace-keeping processes within the framework of the U.N. should

have reached a point where the states of the world can move forward to Stage III. In Stage III progressive controlled disarmament and continuously developing principles and procedures of international law would proceed to a point where no state would have the military power to challenge the progressively strengthened U.N. Peace Force and all international disputes would be settled according to the agreed principles of international conduct.

"The progressive steps to be taken during the final phase of the disarmament program would be directed toward the attainment of a world in which:

"(a) States would retain only those forces, non-nuclear armaments, and establishments required for the purpose of maintaining internal order; they would also support and provide agreed man-power for a U.N. Peace Force.

"(b) The U.N. Peace Force, equipped with agreed types and quantities of armaments, would be fully functioning.

"(c) The manufacture of armaments would be prohibited except for those of agreed types and quantities to be used by the U.N. Peace Force and those required to maintain internal order. All other armaments would be destroyed or converted to peaceful purposes.

"(d) The peace-keeping capabilities of the United Nations would be sufficiently strong and the obligations of all states under such arrangements sufficiently far-reaching as to assure peace and the just settlement of differences in a disarmed world."

And the U. S. A. would no longer be a sovereign state, but a unit in the Communist UN One-World Government !!!

IMPORTANT ADDENDUMS.

Our "Tract No. 8" contains a report of the UN "*invasion*" and "*capture*" of a number of small cities in California, Texas and New York. Limitation of space prevented naming the cities. In response to many requests, following are some of the names: Compton, South Gate, Anaheim, Inglewood, Santa Ana, Downey, Paramount, all in California; Manassus, Texas; Watertown, New York. The uproar caused by those "*invasions*" forced the UN to hastily abandon plans for similar "*invasions*" of other communities.

—●—
HELP GET U. S. OUT OF UN !!!
—●—

One of our most important objectives since 1946 has been to get the U. S. out of the UN — and the UN out of the U. S. To achieve that objective all we really need is an exhaustive Congressional investigation of the UN. Such an investigation will unmask the entire Internationalists' Conspiracy to transform that monstrosity (UN) into a Communist One-World Government in which our nation would be engulfed and transformed into an enslaved unit — exactly as Hungary is an enslaved Satellite of Moscow.

Well, at long last we have a CHAMPION in the House of Representatives who has dedicated himself to accomplish that objective. His name is Hon. James B. Utt (Cal.), Old House Office Building, Washington D. C. He is endeavoring to line up the necessary additional Representatives to get the movement under way. Every loyal American must go all-out to help him! You can do it by sending signed copies of our UN Tract No. 1, or UN Tract No. 2, or any of our Tracts bearing on the UN, to your Representative and Senators, together with a personal letter. At the same time, be sure to send signed Tracts to Mr. Utt and assure him of your support.

If James B. Utt will never do anything else but accomplish a full Congressional investigation of the UN he will go down in our history as the savior of our Country . . . because such an investigation will do a repeat of what happened in 1949-50 when the California Legislature reviewed the UWF traitorous "RESOLUTION" — and rescinded it!
